## Forever As One Jackie Ivie

WE KILL FOR PROFIT

WE NEVER MISS

THE VIKING

Terminally young, gorgeous, and ripped, Dane Morgan hides out tending bar at the SEX AND SUNBURN club. He's almost forgotten his Viking past. If only he didn't attract so much attention. Then one day, when he least expects it, his mate walks in. And his berserker comes to life.

THE BUSINESSWOMAN

Evangeline Harper's a complete introvert. College educated, she works hard to appear cool, poised, and all business. Negotiation is just part of her resume; her job is acquiring beachfront property. This Dane Morgan looks easy. He's young, rich, gorgeous, and drops everything the moment he spies her. Easy money. Easy deal.

THE ATTRACTION OF OPPOSITES

She's out of her element the moment she hits the sand. Sticks out like a penguin in a flock of pink flamingoes. Nobody wears business attire to a beachfront club. Despite their differences, everything clicks. That is...until he spots her wedding ring.

#### Forever as one

### Peggy Baxter says

#### Good short story

All of this series is good. I just wish the stories were longer! More depth and for it to take a little longer for the women to fall in love!

### Tracy says

This is the best book so far!! I absolutely love the chemistry between the characters. Dane sounds utterly delish and Ms. Vangie is a girl right up my alley. It's always interesting to see who Ms. Ivie puts together as mates. This combination was so right on that I can see myself re-reading this book. This series is so funny and light hearted that is a welcome break from some of the darker stories I enjoy reading. I sure hope Akron finds his mate before this series ends!! ;)

Thank you Ms. Ivie for another great read!! ;)

### Kirsten Lenius says

Another decent short story, this could have been improved by a longer treatment. It is not bad.

"Forever As One" by Jackie Ivie. Book 7 in the Vampire Assassin League series.

Another really good novella in this ongoing series. This story focuses on Dane and Evangeline. Excellent chemistry between the main characters. Very fast paced and to the point. Great story if you're looking for a fast romance read and like stories about vampires.

I really enjoyed this one.

## **Lorraine Lesar says**

This book is a very short story hence no depth to the storyline and not many questions answered, hence the three stars. Dane Morgan, ex Viking, now owner of a bar and a Vampire! life changes when his "mate" walks into the bar. If you want to see what happens and have about 40 minutes to spare, read the book. I have read other Jackie Ivie books and I have to say that it was OK but not one of my favourites.

### **The assassin and the Target**

Dane was working at the bar when he comes across his lifemate. When he sees a wedding ring on Evangelines' finger he flips out (have no fear people, she's a widow). Dane can't resist the attraction that he feels for her and takes her to his yacht (more like kidnapped).

Evangeline is working two jobs to pay off her dead husbands funeral and other expenses. Her new boss (a shady character) sends her to Danes bar with orders to buy it. Simple enough right? NOT!! The owner is drop dead gorgeous and making it hard to concentrate on job.

Dane is over the moon now that he's found his mate. Then it starts crashing down around him. He just got his next assignment. To kill Evangeline, his newly found mate. Dane doesn't know what to do. If he refuses the assignment they'll be hell to pay. If he kills his mate then he'll be in torment forever. There is only one lifemate in the world for them. If that mate is killed then they'll die as well.

## **Sandra R says**

Pretty short as I expected - lots of vampire action (eg killing the bad guys) Fast and steamy romance. I'm enjoying this series. On to the next book...!!

I love these books. Can't get enough! Dane finds his one true love when she comes to buy the club he owns in Florida. He has his hands full, because of a wedding ring that she still wears. Dane finds out from Akron that she is a widow, and that her husband is dead. Akron then gives him an assignment. Read this book to find out more

EXCERPT

"We have to talk."?

Vangie jerked, dropped the picture, and then tried to spin. The carpet height combined with her new heels tripped her. She'd have fallen if Dane hadn't reached out and pulled her right to him, breast to abdomen, hard arms about her back, his mouth just above her forehead.

"I see you found my Byron sketch."?

The words rumbled through where she was pressed to him. Byron sketch?

"I thought I'd lost it."?

"What?"?

Her mind wasn't working. It had something to do with how he'd lifted her without a bit of argument on her part, fitting her breasts right against some very hard pecs, while his mouth hovered somewhere at her temple, touching and then sending a riot of goose bumps with every pulse beat against his lips.

"My sketch. Forget it. It doesn't matter, anyway."?

"It was in the...book."?

"Oh."?

"How can you own...something so rare?"?

His lips slid, trailing what felt like a kiss to the side of an eye...to her ear. Vangie might as well be melting. Nothing on her was giving him the slightest fight.

"Don't ask me. I can't answer that yet."?

"You need...to put me down."?

"What? Why?"?

He moved his head, matched his forehead to hers and locked gazes. She'd heard of this kind of contact, seen it in movies, but never experienced it. Her heart almost hurt as it lurched, feeling like it closed off her throat.

"Dane...I - "?

He grinned, putting little lines about his eyes. She gulped.

"You just called me Dane."?

"You...really need to put me down."?

"Why?"?

"Because...uh. Oh! We're playing chess. And this is against the rules."?
