Samantha Glasser says

I always used to try to copy the things I read in these books, and maybe that's why I was so bossy and selfish as a kid. Still, I found them fun to emulate and I definitely did so with this one, starting my own classroom and reading to my sister who hated to be read to. Sorry Sabrina!

M.M. Strawberry Reviews says

This is one of these books where Karen is so much of a brat that it unintentionally comes off as hilarious to the reader.

Jay says

Karen starts her own school! Oh, shit! Karen immediately judges her student teacher! Fuck you, Karen! As a former student teacher, I hated kids like you.

And stop bossing around your friends.

Douchebag.
