Blood of the Alphas

Shannon West

Blood of the Alphas Shannon West

While working on Cade and Jax's new lodge, their beta, Rayce, notices someone watching them from the hillside. Taking the man captive, Rayce is shocked to find his own blood mate. The new man, Tyler Adams, is a good looking actor, and surprisingly, his father was a Werekin. He says he's only there to see the wolves in action, but no one believes him. The alphas believe the Hunters have returned. Rayce is torn between protecting his mate and discovering his secrets. Meanwhile, Jax and Cade are having problems with their new bloodlust connection and Nicky is about to start on a journey of discovery, not only about himself, but about his place in the wolf hierarchy.

Lizzie says

Hmm. These are starting to read like soap operas. Three couples all with something tragic happening. Rayce and Tyler just came off as part of a group instead of the main focus. Maybe just a little to much is going on in this one.

Tara Mcmillan says

A major improvement from the last book. Can't wait for the next one!

Caroline Brand says

Cute little shifter series.

León says

3.5 estrellas. Comparado con otros series del mismo genero, esta serie es de las mejorcitas. La autora balancea muy bien el contenido de sus libros: nuevas historias con nuevos personajes y nuevas historias con antiguos personajes. Y lo mejor de todo es que no hay sexo en exceso como me ha tocado en muchos otros libros y es lo que me mantiene regresando a estos libros con mucho gusto :) Y Como siempre, me encanta saber de Nicky, es un gran personaje!!

Lorraine Lesar says

How refreshing to have a author who is not afraid to "mix up the pot" with something a little different in a well established series. This author did it with a flamboyant style and succeeded beyond expectations, where as other authors who have tried this - failed miserably. So what did this author do differently? This latest offering had basically three stories running parallel with each other, inter-linking at crucial times, with each couple having their own problems and decisions to make, which ultimately affects everyone within the various packs. We have a new couple, Rayce and Tyler. Is Tyler really what he says he is? or does he have his own agenda? As far as Rayce is concerned, Tyler is his and he will defend him, even if it means leaving the pack! As the story unravels, Cade and Jax troubles start to unfold. Jax still refuses to let his "wolf" come out. Cade cannot let the "love of his life" continue along the path he is choosing - it's time for Cade to show Jax who is the "Alpha" in their relationship. And, if that is not enough, we have the undisputed "bratty" but "I love him" Nicky and his ever loving Alpha, Marco. For me, Marco and Nicky are the "cement that holds the bricks" in this series. I would be so disappointed if they didn't appear in a storyline. Nicky, is of course Nicky! and oh boy! does he give Marco a run for his money - as always! The author teases and titivates, answering some questions and bringing forth new ones, which i hope will be answered in the next book and I cannot wait for it to be released. I loved this book and I love the series!

Serena Yates says

This tenth volume of the series is not just Rayce and Tyler's story of dealing with dark secrets and the continued wolf stance that "pets" (those werekin who do not turn into wolves) and human mates are somehow weaker. Tyler is angry about that for many reasons, but so are Jax, from the previous book, and Nicky, Alpha Marco's mate. All three of the "weaker" men have something to prove to themselves as well as their mates and it made for a very exciting installment in this continuing saga of the Dark Hollows wolf pack.

Tyler is the son of a natural pet who escaped living in the pack, but all he has heard from his father is how awful the wolves are, and how they abused him. So when Tyler finds out about Jeremy Tate (bad guy extraordinaire from a few books back) and contacts him, he falls for his line about needing to "exterminate" the wolves hook, line, and sinker. The only problem is that, once he meets Rayce and is "assimilated" into the pack, he finds out not all is as it seems. The blood match he has with Rayce makes things easier, but the battle is long from over.

Rayce is a god beta until he needs to stand up for his mate. As is always the case, Tyler quickly becomes the most important person in Rayce's life, and he will protect him at all costs. Rayce's internal battle between loyalty to his alpha and pack on one side, and his mate on the other was fascinating to watch. But, different from Jax, Rayce will always put the pack's interests above his own; not that he will betray Tyler, but he will not go against pack interests either. He would leave before doing that.

In an interesting addition to this book, Jax and Cade from the previous book are back. Jax is clearly becoming an alpha as well, thanks to the bloodlust between Cade and him, but that brings its own challenges. Legend says that in cases like theirs both alphas will rule together, but he has no idea how that is supposed to work. Cade is not giving him the respect he deserves as a partner, or so Jax thinks, and the fights that ensue are serious and, in addition to all the machinations from Jeremy Tate, had me on the edge of my seat.

If you like stories about men who learn everything they have believed to be right was incorrect or an illusion, if you enjoy reading about a man who has been taught wolfshifters are bad become a member of the pack, and if you're a fan of the 'Dark Hollow Wolf Pack' series, then you will probably like this tenth novella in the series.

NOTE: This book was provided by Secret Cravings Publishing for the purpose of a review on Rainbow Book Reviews.

Minerva says

I just really like this series. Nicky is freaking hilarious! I love how Ms. West has an overall storyline running through the books as well as individual love stories.

Moonlite_Reader says

I didn't care much for the main couple but I loved seeing Jax much more alpha with all the changes he's gone through after his mating.

And Nicky being attacked at the end was a surprise. I couldn't fckin believe it!!! OMG the way it ended, I couldn't take it. But I was way way way fckin happy with the end results! Finally Nicky, motherfckin FINALLY!!!

Timeforme says

Main Characters:

Rayce - Beta for Cade and Jax's pack

Tyler Adams - A Werekin who has never lived with the pack

Synopsis:

Rayce is helping build the new lodge for Cade and Jax when he captures Tyler as he is spying on the pack. Tyler is Rayce's mate and is also a plant for the Hunters (the group that is out to destroy the wolves). The story revolves around Rayce and Tyler mating and working out their relationship while dealing with the Hunter threat.

My Thoughts:

Such a good addition to the Dark Hollow series. This one has a twist that brings Nicky and Marcos back into the middle of things. Can't wait to see what happens in the next book (please don't make me wait too long!).

Donna says

I believe that I have mentioned before how much I hate cliffhangers... just sayin'! :(

As for the story itself... there was a lot going on, involving a lot of people... although, very little of it actually seemed to involve Rayce and Tyler! As a matter of fact, approximately the last 20% was all Nicky and Marco (which I love dearly) and I don't recall even a mention of Rayce and Tyler! Strangely enough, the book ended with Nicky and Marco's cliffhanger...

Don't get me wrong... the story was great and I am sure that I am not the only one after Jeremy Tate's blood... that man will get his due... EVENTUALLY!!! :(

I always enjoy the various ways that Ms. West keeps us bouncing from couple to couple, letting us see how their lives are changing and growing... but, perhaps next time we can actually spend some time with the MCs a bit more and get to know them as a couple! ;p

Tammy says

One of my favorite series!!! Can't wait for the next one! :-)

Kathy says

I loved this but now we have to wait on Shannon for "Heartsblood" and Nicky's continuing story. The continued story of Jax and Cade was excellent, too. This series is my favourite; I just wish Shannon would write more quickly and do more.
