Fire Me Up

Kimberly Kincaid

Fire Me Up Kimberly Kincaid

“Kimberly Kincaid knows how to whip up a delicious love story.” —Susan Donovan

If You Can't Stand The Heat...

Teagan O'Malley can handle a crisis. She's a paramedic, it's her job. But she never expected to land in the kitchen of her father's pub, with no notice, no cash, and no room for error. The kitchen is not her favorite place. Lucky for her, she just scraped a bad-boy chef off the pavement after a motorcycle accident—and something about him says he can turn up the heat in more ways than one.

Adrian Holt has had a rough few years, and he's not eager to get tangled up in anything more complicated than a good risotto. But with a broken arm and a head full of bad memories, he needs a challenge to keep him sane. Teagan's dare-me attitude and smoldering mess of a bar are just what the doctor ordered. And the two of them together might cook up some even better medicine...

Praise for Kimberly Kincaid

“An author on the rise.” —*RT Book Reviews*

“A sweet and sexy treat!” —Bella Andre

“Smart, fun, and heartwarming.”
—Jill Shalvis

FIRED UP AND SERVED HOT!!

Another fantastic addition to the Pine Mountain Series by Kimberly Kincaid. I love me some grizzly bear motorcycle ridin' tattooed yumminess and that is Adrian. And the chemistry between him and Teagan is explosive from the first meeting...Oil and Vinegar...but quite delicious when you mix together!

Adrian can't relax while on a forced leave of absence, and Teagan is trying to keep her father's pub afloat, while just finding out how things have fallen apart worse than she thought. Adrian play a little "White-Knight" and the sexy-foreplay kitchen games commence...and if anyone can write a sexy as all get out scene in the kitchen....its Kimberly Kincaid!

We get to see old friends from the past three Pine Mountain stories, and it's always fun to get a chance to see what is new with characters we have grown to love! And we get some new characters, like Brennan...who I think could have a romance in the future??? Maybe? Say yes!

Always fun...Always Sexy...Kimberly Kincaid Never Disappoints with a romance that will keep you up late into the night!! And a Hero who has you dreaming of sizzling pans and smoldering kisses!!

Tammy says

Adrian.... So glad he finally got his book and man was it a good one.

I was so excited to finally get ahold of Adrian and of course I didn't want to let him go.

We see him face the aftermath of the accident, see Carly force him out of her kitchen, and see him realize that he is not living life to the fullest like he promised his Nonna he would. He thinks that the kitchen balances him and that it is HIS life – until he meets Teagan O'Malley.

Teagan don't want to be in a kitchen, but she has to help her dad during a health crisis and has no choice but to be in the kitchen. Teagan helps Adrian after the accident, so he says that he will help her with the kitchen BUT that he can't work for her because of this parole. He also lets her know from the very beginning that it is only temporary and that he will be leaving as soon as his arm is healed and he can return to his job at the resort.

Things go south when the loan is paid off and Teagan is in danger. It hits him then that he is living life all wrong and that Teagan is his life now and not the kitchen.

Adrian does return to the kitchen BUT which one does he choose? Read Fire Me Up to find out. YOU WILL NOT BE DISAPPOINTED.

ARC provided by Kimberly Kincaid and NetGalley for an honest review

Renee says

One of the first books I've read written by Kimberly Kincaid, I absolutely loved Fire Me Up and will definitely be going back & reading the earlier books in the series!

Adrian's goal is to keep his nose clean & finish out his parole without incident, while doing what he loves in the kitchen. Teagan, a paramedic (& workaholic) will do whatever it takes to stay out of the kitchen. However, fate & a minivan have other plans for both of them.

Both must face their pasts after Adrian agrees to help Teagan do whatever is needed to save her father's bar & grill.

This may have been my first Kimberly Kincaid book, but it definitely won't be my last!!

I was gifted an ARC by the author in exchange for an honest review.

Anna says

As a paramedic, Teagan can handle anything. But when faced with her dad's illness and floundering business, she finds that she is in way over her head. With no cook and even less employees than needed, she must face her demons and enter the kitchen to save her dad's bar.

Sexy sous chef Adrian has been going for weeks, running on fumes. When he is in an accident on his motorcycle that could have been so much worse than a broken arm, his life changes irrevocably. Six weeks off with idle time doesn't set well with him. Walking into the Double Shot Bar and Grill, he finds new meaning to living his life with no regrets.

When Teagan and Adrian stop fighting their intense attraction and finally give in, they are combustible. But when a new threat enters the picture and threatens Teagan, Adrian will do whatever it takes to keep her safe. Even if it means losing her.

I loved these two. Their sexual tension is off the charts, and the playfulness they bring to each other is refreshing. Love, love, love this series and this book!!

Connie says

Received an ARC copy from Netgalley for a honest review. First book for me by this author and I really enjoyed. Storyline was well written, entertaining, with humor and steamy romance. Loved the characters and their interaction. You can feel the sexual tension between Adrian and Teagan as he teaches her how to cook. This is one of those books that has you smiling thru-out the majority of it. Would recommend.

Carole (Carole's Random Life in Books) says

This review can also be found at Carole's Random Life.

4 Stars!

Wow! I really liked this book a lot. This is the fourth book in the Pine Mountain series but it can be read as a stand alone without any problems. I did read and enjoy the first book in the series, Turn Up the Heat, and enjoyed seeing some familiar characters but they played a very small role in this book.

This book is really all about Adrian and Teagan. I found both of the characters to be very likeable. Teagan is tough and very dedicated to her job as a paramedic. She also spends a lot of her time working at her dad's pub where she is never afraid to jump into any situations where things are getting out of hand. She is determined to take care of her father even if it means she has to spend time in the kitchen.

Adrian is a chef. He belongs in the kitchen and spends almost all of his waking hours at the restaurant at the resort. Unfortunately, he suffers an injury on his way home from work which pushes him out of the kitchen. Adrian is nearing the end of his parole and wants nothing more than to stay out of trouble and be able to move on with his life. He feels lost and doesn't know what to do with himself without being able to go to work. Fate steps in and Adrian finds himself helping the paramedic who treated him learn how to cook in her father's kitchen.

The chemistry between this pair was amazing. It really felt like they belonged together and I liked that it didn't take them the whole book to figure that out. I really liked how food and cooking took such an important role in this book. The parts of the book where they cooked together were really some of my favorite and the recipes at the end of the book were a fun surprise. Who knew that cooking could be so sexy?

I really enjoyed how this story was told and I thought that the writing was very well done. The story did a really nice job of staying focused and giving us information at just the right moment. There were a few things that seemed a bit predictable and a little far fetched but I expect that in any work of fiction.

I would highly recommend this book to any fans of contemporary romance. This is the second book by Kimberly Kincaid that I have had a chance to read and I definitely plan to read more in the near future. I really need to go back and read the other books in this wonderful series as soon as I get a chance.

I received an advance reader edition of this book from Kensington Books via Net Galley for the purpose of providing an honest review.

Staci says

I love Pine Mountain. I have been looking forward to Adrian's book since he first showed up several books ago. Teagan was the perfect match for him. I loved their story, along with all of the twists and turns along the way to their happily ever after. I also love all of the glimpses of the couples from the other books. It really does show what a fantastic small town Pine Mountain is. I look forward to many more books in this series.

Sonya says

I loved this book! Teagan and Adrian have such chemistry together. T is a tough caring daughter, EMT and fixer of her Dad and Adrian. She's trying so hard to run her Dad's bar and get it back in the black but she doesn't cook. Adrian is a chef with no kitchen since he got kicked out of his own due to an injury. He offers his help but he's hiding secrets. When things go south at the bar will those secrets destroy the bond between

them or just Adrian?

You have to read to find out.

Jennifer Schultheis says

I'm always excited when I read a new book by Kimberly Kincaid, because I know it's going to be a great read and it will provide me with mouth watering recipes to try. Fire Me Up is book 4 in the Pine Mountain Series and for me, it's the best book in the series.....so far! As usual I absolutely adored Kimberly Kincaid's characters, but I gotta be honest, I flipping LOVED Adrian. A hero who is sexy as heck, rides a motorcycle, and excels in the cooking department.....sigh! He's definitely going right to the top of my book boyfriend list. Now, Teagan, she was perfect Adrian. I loved all the sexual tension between them. She's such a strong and loyal character that you can't help but love. A major plus for me with Teagan, was that she wasn't jealous of Carly. It's always a pleasure reading about a female character who isn't jealous or insecure, and Teagan was neither of those things. This is one story you don't want to miss out on. Fire Me Up is a must read!!

Michelle Formica Holden says

THIS being the first K.K book I have read, I was completely wow'ed by the story! The story started off as unexpected love story, my mind was thinking ok he will be taken to hospital and fall for the nurse story! so wrong I was, and what an unexpected great start.

This is a touchy feely great love story of two people Adrian and Teagan, who find each knowing they are broken in their own way, they find a way around it.

I absolutely loved the back story of Newna (sp) and though she was not a main character she played a huge role in the love story,

The story ran so smooth I did not want to finish the book, knowing it would come to an end. from the start till the end it proved to not be the average love story line, K.K gave us twist and turns, the only thing that was given was the love that would grow,

SPOILER:

what a great back history on Adrian, having a felony because of beating a cops, what a great way to give him a reason to be on parol and such for protecting what he believed and showing how he assumed full responsibility. and Teagan's hurtfulness she carried with her Mother (I might have wished there was more story of her Mom,)

The Audio captured all emotions wonderful, one of the best ive heard.

i highly recommend this romance book, I was given a copy of the Audio in exchange of my honest review of the book.

which I will say all i said did not do book justice, its def a book which will stay on my kindle for a re read! well down K.K, I so look forward to more of your books!!!!

thank you for sharing your gift of taking us into a happy place, life is rough for some of us and book of such make the daily pains of a disease subside in that moment, so thank you !

Michelle

Tricia says

Teagan is a force to be reckoned with and Adrian is just the man for the job. This 4th installment of the Pine Mountain Series was spectacular. Loved Teagan's wit and take no shit attitude. And Adrian is nothing but sexy personified and just a little bit broken. Put the two of them together and it's hot enough to start a fire. Action, humor, off the charts sexual tension, and good cooking make this a must read.

Sonja says

Amazing. Just an absolutely wonderful book! They get better and better, and the first one was no slouch. When a book makes me laugh and cry, it's a winner. And then I read the preview for the next one, All Wrapped Up, and I am pushing the boundaries of patience!

Jane says

Kimberly Kincaid never fails to delight, and in the latest book in her Pine Mountain series, she presents us with another love story that's as sweet and as hot as La Dolce Vida's cuisine. We've met Adrien, the book's hero, in previous Pine Mountain stories. Carly's sous-chef was the tough guy who clocked Jackson in Gimme Some Sugar when he thought he'd intentionally hurt Carly during an argument in the restaurant parking lot. He also provided a bit of sage advice to Gavin when the later struggled with his attraction for Sloane. In Fire Me Up, he takes centre stage when a broken arm gained in a motorcycle accident earns him several weeks of unwanted leave from his chef's job. Without the job he loves, he is completely at loose ends when he stumbles into the Double Shot looking for a bite to eat and comes face to face with Tegan OMalley, the pretty, red headed paramedic who treated him after his accident. During her off hours, Tegan helps her father run the bar, but at the moment she's short of staff and desperate for cash to pay off a loan shark who holds the marker on an unwise loan her father took out to help pay for his medical needs. Even though his damaged arm makes it impossible for Adrian to actually cook, he definitely knows his way around a kitchen, and helping Tegan with her staffing problem seems like the perfect way to show his gratitude for her medical aid. Of course, nothing in book land is quite that simple and before we reach the surprises in the last few pages, Fire Me Up has seen a lot of romance, some very spicy love scenes, a little mystery, some cops and robbers and some even some dynamite recipes you can cook at home. Fire Me Up is a perfect read for a cold winter weekend, or a deck chair in the hot sun on that much needed tropical vacation.

REVIEW:

I loved it! It had just the right amount of tension to keep me glued to the pages and just enough heat to make me swoon. I love Adrian and was so happy that he found his perfect match in Teagan. I related to her right off the bat and relished their journey together. As I said, the drama in this story kept me tense and a few times I was caught trying to caution Adrian out loud. All in all a fantastic read! Now I need to go to the store and buy the ingredients to make that gnocchi.

Jessica Alcazar says

Another fantastic addition to the Pine Mountain Series by Kimberly Kincaid. I really liked this book a lot. This is the story of Adrian and Teagan. Teagan is a paramedic and Adrian is a chef at Teagan's father's pub. As fate would have it, Adrian becomes injured and can't work at the pub so Teagan has to jump in and help out. What she finds is one big hot mess. Things at the pub are not well AT ALL. Adrian, who can't stand just sitting around doing nothing decides to jump in and help Teagan in the kitchen as best he can. LET THE SPARKS FLY !!!!

The chemistry between this pair was amazing. It really felt like they belonged together and I liked that it didn't take them the whole book to figure that out. They were so sexy together! And FUN! This book is a one-sit kind of book. You won't put it down! And I really liked how past characters from the series were incorporated into the story!

HIGHLY recommend this sizzling, fun sexy read :)
