My Review:

What better way to teach your children more about the than through Bible based activities. The Beginner's Bible has come up with several different activity books to do just that. And each one is centered around different Bible stories. Each book contains over 50 stickers, age appropriate puzzles, activity pages. Every book contains The Beginner's Bible illustrations, as well.

This particular addition contains all things about creation even some pages discussing Adam&Eve. Filled with coloring pages and activity pages to place your stickers in, this 16 page book is geared toward the 4-8 age group. Perfect for traveling to keep little hands and minds occupied.

****Disclosure**** This book was sent to me free of charge for my honest review through my participation on the Z Blog Squad.
