## Consume Me Ryan Michele

Prospect Andrew “Tug” Tugger wants two things.

One, to become a member of the Ravage Motorcycle Club, and two, Blaze, the sexy brunette whose eyes set him on fire.

Only one of those things is under his control, and he is done waiting.

It’s time to take what he wants.

Blaze has been running from her tragic past for over four years. She is finally feeling settled, after stripping her way through school and building a life in Sumner, her first safe haven. She keeps everyone at arm’s length, afraid to let anyone discover the secrets she holds within.

Tug sets out to make Blaze his, but will someone get burned in the process?

Will Blaze run again when her new world is threatened?

Or will she allow Tug to consume her?

## From Reader Review Consume Me for online ebook

### Philomena Callan Cheekypee says

After reading the first two books in this series I was really looking forward to reading this. The author didn't disappoint me as I loved every word of it.

I was really happy to read Tugs story. It's not often we get to read a story about a prospect. After Blazes mum dies she's alone and broken. She's strong enough though to make a fresh start. Although she's vowed to stay away from men Tug breaks down her walls. Can Tug protect her when her past comes back to haunt her?

I absolutely love this series. This author rocks:)

### Lustful Literature says

#### **\*\*SHANYN'S REVIEW\*\***

Ryan Michele did not let me down with this second book in the series! I LOVE MC books, and I could not put this book down. The fire and chemistry between Blaze and Tug is amazing, and Tug's alpha-male attitude is sexy as hell!!

Blaze ran from home years ago, and ended up at "X", the strip club owned by the Ravage MC. She lives her life not getting close to anyone, because she might have to leave at anytime. If her stepfather and stepbrother find her, she will have to run. She can never forget the things they did to her, and will make sure she is never found by them again!

Tug is an MC prospect. He saw Blaze a year ago, when he first started prospecting, and he has thought about her since that day. Even though, she won't give him any of her time, he hasn't given up. He plans to make her his one day, and the Ravage MC men always get what they want.

***"Blaze and I have been playing this cat and mouse game for the past few months. Her taunting me from on stage, her beckoning eyes, everything calling to me, drawing me in. One time, she came out on the floor of X and talked to me briefly. Her hulk of a guard, Cali, stayed glued to her side the entire time. She was short and to the point with me, not giving me a fucking inch, and damn did it turn me on."***

Blaze is attracted to Tug, but she knows she can't get close to anyone. There is no point in getting attached to someone, when you are going to have to leave them one day. She has me feeling horrible for her. Living a life alone, and trying not to get attached to anyone. Ryan Michele had me completely understanding Blaze's situation, and living in her head.

***"God, that man is gorgeous, like he should be modeling in some biker magazine for the world to see, gorgeous. His shoulder-length dark hair and smoldering chocolate eyes lure me in every time. Damn man. It's getting harder and harder to escape the fog that seems to envelop me each time he's around."***

Blaze finally gives in to the chemistry she feels for Tug, and they are HOT together!!! The sex scenes are so alpha-male!

*“Honey, I’m not throwing you up against the wall and fucking your brains out until you beg for it.”*

*“Before you start thinking, this was something. It means something to me and you are not just another fuck. Get it through your head now.”*

When Blaze is finally found, she wants to run, but Tug and the MC won’t let her. They make her stay, and promise to protect her. She learns that she does have a “family” in the MC.

*“God dammit, Blaze. Tell me what the fuck has you running. And running from me? I won’t let you leave. I don’t give a shit if I have to lock you up at the club. I’ll do it. You are not fucking leaving.....Tell me now!”*

Things get angsty when her stepfather and stepbrother finally come for her.

I was so enthralled in this book, just like all the others in this series. I didn’t put the kindle down, I kept saying “just one more page.....just one more page....” I loved it! Blaze and Tug were amazing together, and this book is a definite must read!

## Clare says

*There will be no spoilers in this review*

Having really enjoyed the first two installments of the Ravage MC books I hate to have to have a complaint when I’ve come to the end of Consume Me.

Liv from book 1 suddenly became Liz in book 3. This completely threw me off to the point where I wondered if I could of been wrong, so I dredged back through book 1 to find Liz was in fact Liv. Sigh.

That a side, I did enjoy the story of Blaze and Tug. I was sucked in from the off to find out what Blaze's secret was and how it would all pan out but I felt a bit like the *'showdown'* was built and built up over time and then **bam** was over in the blink of an eye.

I'm sadly giving this a 3. Because I did enjoy it as far as the series of books goes, it was good to hear from the other characters and meet new ones, but my niggles let it down a bit. Sorry.

## Rosa Sharon (iScream Books Blog) says

Nothing worse than a d!@k pinch...

#Bada\$\$BikerAlert! I FLOVE this series! Ryan Michele is on my 'auto-click' list, I won't have to even read a synopsis to know it will be good, she's a gifted storyteller. I'm totally crushing on ALL the brothers in the Ravage MC, they are amazing. I look forward to learning more about each of the members and their women in future books. I really enjoyed reading Tug & Blaze's story and agree with his assessment that, "The sexual tension is so thick a chainsaw couldn't cut through it." They are very HOT together as he puts her into a

'Tug-fog' and gives her the 'Tug's Scrambled Brain Effect'. It was really cool that the author shared with her readers the secret past that Blaze was running from. We know what she's hiding, but nobody else does. Through flash-backs we get glimpses into her past and the events that sent her into hiding. It wasn't just coincidence that she ends up in Ravage territory applying for a job to strip at X. No chance of her being able to get past the bull-sh!t-meter of Princess who is running the strip club. She recognizes the fear in her eyes and chooses to hire her anyway and keep her suspicions to herself. So, Blaze was created as her stage name and it stuck. She was very popular and was able to pay her way through college with the tips. She was very popular with Tug as well. He found himself at X most nights with his eyes glued to her and his d!@k pinched. He's as determined to make her his, as she is to avoid any connections. She is determined to be unencumbered and 'ready-to-run' at a moments notice, always expecting her past to catch up with her. She tries to keep her distance, she avoids him, she denies him, she craves him... Get ready for an exciting read full of lust, fear, drama, suspense, death, dirty-talkin', laughter, danger, wall-bangin', and pole-dancin'. While it doesn't end in a cliffy, because the relationship between the main characters is resolved, there is still a tease at the end to keep us hungry for more. No need to worry about my continued support, I'm most definitely a fan and will be in front of the line for the next book in the Ravage MC series.

## Sammy ?? says

3.5 stars

Consume Me is the third book in the Ravage MC series, following the story of Tug and Blaze.

Blaze, a stripper working for the clubs 'Titty Bar' Club X has been on the run for the last 4 years, with a past she'd rather forget, she keeps herself locked tight. She's not interested in relationships. She knows one day her Demons will catch up with her, coursing her to run again.

Andrew 'Tug' Tugger has been a prospect for the Ravage MC for almost a year. After his family cut him loose, he longs to be accepted and to have people around him that care. What better than a brotherhood of men who would do anything to protect their own.

Tug has been after Blaze for a while and he's ready to make her his, but she's constantly throwing up her walls. Tug never taking no for an answer is a determined man on a mission. But Blaze is no push over she's dealt with enough pain and heartache at the hands of others to last her a lifetime.

The main reason this has a lower rating is because I did have an issue with how the build up to them finally getting together played out. I've read enough MC books to know they aren't all hearts and flowers and these men live by their own rules, but there was a part that had me pissed. I won't go into detail because this is a spoiler free review, but I will say it took a while for Tug to get back into my good books. With that being said the story was completely action packed from start to finish keeping my attention enough to want to know how things played out, even after calling the Hero a few choice words.

ARC received from the author in exchange for an honest review

## Becky says

Holy shit these books get better and better, how is that possible?! This is Tug and Blaze' s story and what a hot , heart breaking story. You get all the other characters in this book plus some new. Mystery, drama, romance hot sexy bikers with a brilliant story!! For all the K.A. fans think of Rock Chick series with bikers, hot sex and on steroids!!! Recommend reading!!!! 4.5 biker stars!!!

---

## Leona (readingwithleona) says

I received as an ARC courtesy of the author in exchange for an honest review

This book was phenomenal! I have been waiting for the next story or adventure in the Ravage MC Series, so I am extremely glad that Ryan Michele found the inspiration to continue.

Gah! This book was good, everything, everything, everything, everything about this book was good. I would not change anything about this book.

It seriously took me a minute to figure out who the heck Tug and Blaze was, but as situations kept arising my memory was refreshed. I guess the reason I couldn't remember who Tug was was because he wasn't a brother, sadly I only pay attention to the top dogs in any story I read, so this was a first for me, and it was also educational. A lot of MC books I've read (and that's a lot) hardly talk about the prospects other than saying 'they do whatever is asked of them and they are wanting to become members of the club,' so since Ryan Michele based this book off of Tug who is a prospect we are able to gain his perspective on how a prospect lives and what they actually do.

This book starts off, after we are introduced to how Blaze came to be around the Ravage MC, with Tugs attraction to Blaze. Right off the bat I fall in love with Tug's character. Maybe it was his inner dialogue with himself or maybe it was the way he carried himself in his interactions with Blaze and anyone else he encountered. I thought Cruz was my favorite out of the Ravage MC men but I think he's been knocked off that pedestal and Tug has taken his place.

Blaze was s surprise. I guess I was looking forward, or expecting, a character that had qualities from both Harlow and Casey, but instead I received a woman the exact opposite. She didn't have the familial cushion that Harlow has, and she wasn't out to find her own way in the world like Casey was, she just went through life trying to survive the best way she knows how. I guess that seems fitting seeing as Tug doesn't quite fit the mold of the rest of the men in the Ravage MC.

Blaze's back story pretty much broke my heart. After everything that happened in Seduce Me I didn't think things could get any sadder.

Now lets talk about that ending!

This is my state of mind after reading Consume Me's ending. This has to win all awards for the best cliff hanger. I need book 4, or the next novella right now! I'm getting ready to throw a five year old temper tantrum!

---

### ?\*? Alicia ?\*? says

Well I don't know how she does it but this book was just as awesome as the first two but yet totally different. There was a lot of drama, a lot of hot bikers and less sex which usually would of course be a bad thing but in this story it wasn't. I can not wait to stop typing this so I can start the next one :)

---

### Emma Allsop - Perusing Princesses says

4 Crowns

Book 3 in the Ravage MC series. In my opinion this could be read as a standalone as each book is about different couple with separate threats and drama.

Andrew "Tug" Tugger is nearing the end of his year as a prospect and hopes to finally become a full member of the Ravage MC. Having left the Army, the transition back into civilian life was a hard one. The camaraderie and brotherhood the club provides is something he needs in his life. He has enjoyed club life to the full; including the women and the free sex available. That is until he met Blaze. He feels a strong pull towards the stripping Goddess and now no other woman can live up to the fantasies he has of her. Now he needs to make her his, even if it means going against the warnings from his club that she is off limits. Convincing her that they could be good for each other has become his top priority.

Blaze is on the run. Having left behind her old life 4 years ago, she found herself in Sumner and specifically in the office of Princess at X; the Ravage MC's strip club. When she arrived asking for help, Princess without asking questions helped her create a new persona, providing her with new I.D, social security number and a job. Since then she has become the star attraction at X, whilst keeping as low a profile as possible. She keeps herself to herself and the only friendships she has really made have been with Princess and particularly Casey. Men are totally off the menu. Too complicated and unwilling to understand her desire for emotional detachment. That is until a certain HOT biker refuses to take no for an answer.

Will Tug break down Blaze's walls? Will Blaze accept Tug's advances as genuine? Will they share with each other the ghosts of the past? and when the past catches up with them, will they be strong enough to fight it together?

Another good instalment in a very good MC series. This series has a really good balance between love and club politics and this story continues on that same tried and tested pathway. I like the fact that each book is a fresh start with a new couple and new threats, even though those of the past still linger in the background. The sex is hot and the violence and gritty element is balanced and doesn't feel forced.

I loved Tug. I had enjoyed his character in the previous book and I looked forward to finding out more about him; Ryan Michele didn't let me down. He is everything that you want in a biker. Alpha, hot, bossy, protective and with a super soft centre. He fights his own past by providing strength for those around him, in particular Blaze. I will be honest, I didn't quite connect as much with Blaze as I did with Casey in the last book. I appreciate that she was super damaged by her past and for that reason she struggled to form any

emotional connections. However I did find the push and pull with Tug a little tiresome and I just wanted her to either go for it or walk away. She did however come into herself in the latter part of the book; I kind of think Ryan may have intentionally written her character this way though.

Ryan Michele's writing has a really easy style to it. It's clear, concise and very understandable. The amount of characters are just enough and the storyline's aren't so twisted and complicated that you become lost in the drama. I didn't like this book quite as much as Casey and GT's but that was always going to be a hard book to follow. However it was still a great read and as always she has set up the next book whilst leaving us guessing as to who the story will be about... how clever is that?

If you like me enjoy MC romance then you will love this series and the characters that Ryan has created. I now look forward to seeing who we get to read about next. Although to be honest I'm not fussy, they are all super hot!

### **Judy says**

Re-Read October 2016 - Still enjoyed the book as much as the first time around.

First read: February 2015

I really enjoyed reading Tug and Blaze's story. No insta-love/lust here. Tug has to work on it and he does it without being an ass. He's been obsessed with Blaze for a while. She is on the run and has erected thick walls to guard from forming any attachments to people, especially romantically. She tries to resist Tug's constant attention but finally gives in. Tug is definitely an alpha but he's a sweet alpha who knows how to be patient. No cheating and a HEA. I'm really looking forward to the next in this series. Can't wait for Rhy's story.

---

### **Heather andrews says**

Tug is one considerate man when it comes to his woman's house, "don't wanna get your floor muddy." Damn considerate man." He's a demanding man, "tonight, I make you mine." He crashes his lips to mine." He sometimes doesn't his woman speak which can be funny at times. "I'll see ya tonight. Yeah?" he asks and I don't answer fast enough so he answers for me. "Yeah. I'll be here tonight." I loved Tug he was a man that went after what he wanted and he could have patience.

---

### **Jackie Kiwibooknerd says**

I enjoyed Tug and Blaze's story but I did not wholeheartedly love it the way I did the 2 previous books.

The build up was really long, I mean 55% into is when they heat up as a couple. I don't like insta love books at all, but this just took way to long for me....

Also what kind of a ass thinks of a women as his, and knows he is gonna get her in the end, then goes and lets another club momma suck his dick because she got him all worked up and he needs the relief....I mean hello...not cool dude!!!!

Also the whole drama that Blaze had going on and what led to her being on the run was handled so quick at the end, it was almost anti climatic for me.... The previous books had more back story and intrigue with regards to the heroines "troubles"

Still I love this series and the ending has left me desperately wanting more and counting down till the next book....

---

### **Lisa Filipe says**

The Ravage MC by Ryan Michele is a definite must read for any reader who loves an MC Romance that isn't always pretty but is sexy as all get out, and CONSUME ME just continues on the tradition!

Tug...I don't know if it's cause his name rhymes with HUG, but I stinkin wanted to hug him so bad...he was adorable...sex on a stick...but adorable. I loved his dedication to Blaze, even though she wasn't his and really didn't want anything to do with him (her own personal reasons), he was still there, in her face, in her business, inserting himself into her space at any available moment...he proved himself loyal and kind...and I loved him.

Blaze...oh my poor Blaze...what a life she'd been forced to live for years until she finally escaped, but still living in fear...it was so sad. The more she let herself fall for Tug, and let him love her...I loved the change we see in her...goes to show sometimes all it takes is that one person to love you...can make everything better. She was living a lonely life until Tug showed up...like the sun rising on a rainy day...I loved it...left my heart feeling happy!

Yeah...of course we get the drama towards the end, which is a bit rushed, but I didn't care too much about that cause I was so in love with Tug and Blaze, that I enjoyed every word!

Excited to see what Ryan has up next!

---

### **Jos says**

5 Stars Great

Boy, oh boy, this series just gets better and better!!!! I have enjoyed everyone's story to date and I look forward to reading much more about this great group of characters:)

Blaze and Tug were as hot as I thought they would be and loved reading about Princess and Cruz and of course, Casey and GT.... Gosh I LOVE this group!!!!

Another home run for me from the talented Ryan Michele.... Can't wait for more!!!!

---
