Life is good for Jesse "The Lord" Ward. Perfect, actually. He still has the charm, he's in great shape, and he still reduces his wife, Ava, to a pool of desire with a mere look. He's in full control, just how he likes it.

But Jesse's perfect world falls apart when a terrible accident lands Ava in the hospital with a life-threatening head injury. Devastated and angry, he feels like his entire existence hangs in the balance. He cannot survive without this woman's love. So when she finally comes around, his shaking world begins to level out. But his nightmare doesn't end there. It's only just begun. Because his wife can't remember the last sixteen years of her life. That's all of him. All of their time together. He is a stranger to her.

Now Jesse must do whatever it takes to find her memories . . . and help her fall madly, passionately in love with him all over again.

OMGGGGGGG, MORE JESSE & AVA? I CAN'T WAIT, I'M SO EXCITED!!!

Diana says

With This Man is book 4 in the *This Man* series, and is a must read if you have read the previous books. Jesse and Ava are better than ever and we get to see a softer side to the “Lord of the Manor”.

It has been 12 years since Jesse and Ava were married, and life has sure changed for Jesse. He is a father of twins and his love for Ava is as strong as ever. When Ava wakes up after an accident, she thinks she is 28 and has no recollection of Jesse or their children. Jesse is devastated that Ava can't remember their special bond and all their memories, or the children. He is determined to help her remember, because without Ava, he is nothing.

“I’m with you all the way, baby. Highs and lows, good and bad. I’m here by your side. To help you, to wipe your tears, to love you~Jesse

Ava is just as devastated, but it doesn't take too long for her to figure out how she feels about Jesse and their magnetic pull. She does struggle with his over protectiveness, but she realizes it is just how he is.

”We make new memories if we can't find the old ones.~Ava

There are also few surprises in the book, both good and bad, that I certainly did not expect. After if finished the sweet epilogue. I really want to go back and read this series all over again!

I Love Jesse Ward.....End Of!!!

For lovers of the *This Man* series, being back with Jesse and Ava is wonderful. The circumstances are a bit daunting. Ava losing 16 years in her mind. Can Jesse bring the memories back, can he make her love him again, will she remember the children?? Their love is unconventional and off the charts crazy at times but it's them and if she can't remember then can he make her love him all over again? Ava is his world and without

her, there is no world for Jesse Ward.

She reigns supreme. She is my world. My life. My day, my night, my air, water, and fire. Fuck, what would I ever do without her? I'd die of a broken heart, I just know it. Turn to dust. Fade to nothing.

I LOVED every minute of being in #CentralJesseCloudNine. This story takes Jesse on an emotional rollercoaster. He's still the demanding, passionate, devoted, obsessed, fanatical, sexy, crazy man who loves his wife Ava with all his soul. It's his fierce love for Ava that keeps him going. And while Ava can't remember, she feels and knows in her soul that Jesse is her life as well as the kids. Their journey from forgetting to remembering is filled with the telling of past memories, being with their friends, being with their twins and a lot of "making friends". And the twist that comes to the Ward family - Perfect!!!!

If you love Jesse and Ava, this story is a must read. This series is one of my all time favorites and to get a Book #4 from the author was fanfreakingstatic!!!!

BR with Sharon

-“When I met my wife, it was like an atomic bomb went off in my chest.”

-“It was like a part of my soul fused with a part of hers, and there was nothing I could do to stop it.”

-She is my world. My life. My day, my night, my air, water, and fire.

Jesse & Ava Ward live a fabulous life in London. They own a health club, and have eleven year old twins they adore. After twelve years of marriage they still can't get enough of each other. Jesse is still a demanding, intense, controlling man who loves his lady with his entire heart and soul. He can't exist without her, and she's his everything. When an accident leaves Ava without the memories of the last sixteen years, Jesse's world is shattered. She doesn't know who he is, but he's determined to help her remember their story and make her fall in love with him all over again.

Ava feels overwhelmed & lost, but Jesse is her rock. He's the only thing that calms her. This strong, complicated, unreasonable man is suddenly vulnerable, gentle and patient. He's incomplete without Ava, and is relentless in his quest to show her their bond is unbreakable, and make her feel their connection.

This book exceeded ALL my expectations! It was beautiful, funny, emotional, devastating, passionate, and

full of so much love. This man's devotion to his wife is unwavering. His family is everything to him, and he refuses to give up. He completely cherishes Ava, but is still his complex, possessive, trampling self. I loved he's still Jesse, and still such an original, lol. ;)) He still "makes friends", does his countdowns, and is "the lord" that is sinfully sexy, and delicious!

-He looks at me like I'm his savior and his downfall.

-I look at him and feel electric inside. He touches me, and my veins charge with heat. In his arms I feel at home. Like nothing can hurt me.

-My body responds to him instinctively. My need for him is unrelenting.

-Whenever you hold me, it feels perfectly right. Whenever I look at you, I know you are mine.

*****SPOILERS FOR PREVIOUS BOOKS*****

My dear sweet Lord, I'm on central Jesse Cloud Nine!

With This Man is bloody BRILLIANT! My favorite book of the year!!! ??

Jodi / With This Man

Seriously EFFING PERFECT!

In book 3, I finally came to truly understand Jesse and Ava's unbelievable chemistry and OTT antics. It was my absolute favorite. I loved it immensely and wasn't sure how JEM would top the pregnancy and subsequent delivery of the twins. If you've followed my reviews for any length of time, you know I love me some babies! But I needn't have worried, With This Man is on a whole other level of brilliance.

Shockingly, the author is able to pay homage to the love story we've all come to love while simultaneously allowing us to relive it and fall in love with this couple in a completely different light. It's sheer and unadulterated BRILLIANCE! I CANNOT STRESS enough how much I love this book! It's every single little thing I wanted and more.

Jesse finds himself in a situation he feared, but never really expected. The love of his life doesn't know him. His heart broke. My heart broke. Man oh man, I think I cried throughout. It was just so beautiful! The drama is bigger than ever and so is the LOVE!

Stop reading this rambling review and go READ THE BOOK!

It's a **TOP FAVORITE** and I give it my **HIGHEST RECOMMENDATION!**

THE LORD IS BACK!

You may scream. There is no shame.

Jodi had a very witty idea and had created an attention-grabbing game with the series' fans. She made Ava forget.

Ava has a horrible accident and she forgets the last 12-13 years of her life. The most important years of her life. She forgets about Jesse and about their children.

So, while Ava tries to remember and Jesse tries to help her, we basically revisit all the important moments of their life together. All the heart-breakings and the making up.

The book has mainly Jesse's POV. So in this way, we can actually see how he was feeling during the first three books of the series as well:

-how he felt, when he met Ava,

-how he was feeling when he was pursuing her and she was running away,

-how much broken he was when he was rejected and almost destroyed himself,

-how important it is for him to maintain control of Ava and their family in general so that he will not be lost and desperate, so that he will have a purpose.

If you loved Jesse in the first three books, you will **adore Jesse** in this book. You will fall in love with him the same way Ava will fall in love with him. All over again!

Jesse's shocking realization that he turned 50 will be added to his wounded pride when Ava more or less calls him old asking him if he is older than her mother. But then, they will start one of their favorite games 'How old is Jesse?' This time the game starts from 20-one years old.

Obviously this is not a standalone. There are many inside jokes that I suppose only if you are series hardcore fan you will realize.

I was so happy that this is one of the rare romance books with older main characters. I love books with mature characters in their forties and fifties who fall in love like they are in their twenties.

Jesse is middle-aged and he is sexier than ever. Ava is approaching 40 and Jesse does not allow her to feel insecure at all. He basically just forbids her to do any plastic surgery.

They are both crazy for each other,
they fight like teenagers,
they are jealous and possessive,
they care deeply and
they love without limits.

A peek:

I pluck the calla from the middle of the vase and turn, handing it to Ava. She's unsure as she reaches for it, eyes flicking from me to the flower. "It's beautiful."
I smile mildly and pull her on. "Understated elegance," I say over my shoulder, relishing the beam she gives me in return. "They're your favorite flowers."
"Since when?"
"Since the day you met me," I tell her as we approach my old office, thinking I was quite romantic back then after all. I look up at the solid wooden door, my mind bombarded with so many memories, the most poignant and important being the first time that Ava O'Shea wandered in.

"That smell ... It's my favorite smell."

For us Jesse fans, there was no better news than hearing there was going to be *another* Jesse book. To be honest with you, it could be all about Jesse eating his peanut butter and I would lap that puppy up!

Seriously though, what a great concept for another book. The only thing better would have been Jesse losing his memories...OMG, could you imagine all the angst? Be still my heart since that ain't happenin'!

So, as the blurb states, Ava's in an accident and it's pretty heart breaking to read about Jesse seeing her. I was a bit shocked at seeing so much of Jesse's vulnerable side...*I wasn't prepared!* But don't worry...there **plenty** of Jesse's intense side to get you through.

And she's lost a lot of years and memories that they hope she will get back. In the meantime, Jesse has to get her to be okay with his domineering, intense ways again...and to win her love...again.

I loved that we got that "new" Ava again..the one we came to know and love. She doesn't let Jesse get away with things (for the most part) and I loved how she listened to her heart as far as he was concerned.

One of my favorite parts was Jesse taking Ava through their memories, from their first meet to some of the sadder situations these two crazy people went through. It was awesome that he didn't hold back...for the most part!

“With no you, there is no me.”

The *hardest* parts for me was her dealing with their kids, Jacob and Maddie. They are eleven and very much their own persons and very much on the cusp of being teenagers and all that entails. It was pretty amazing how supportive they were of their Mom...and Dad. (Poor Jesse)

You would think that just dealing with Ava's amnesia and by the way, Jesse turning fifty (and yes, he has a hard time with it...lol), would be enough drama but oh no. Jodi Ellen Malpas hits us with some more...*HARD*...I definitely wasn't prepared for that! Don't get me wrong, you can figure out some of the things that are coming but just get ready for all the *feels*. :(

And it's a given, but I'll just add...there's plenty of sexy times, ya know, making friends, sleepy sex, redemption f*cks, sense f*cks, well, they're all there, of course!

The epilogue was sooo amazing, I loved every minute of that. "Gosh"! It was sooo good.

BR w/Melissa...we had a great time catching up w/Jesse & Ava!

It's been 13 years since Jesse 'stalked' his way into Ava's life and heart. And he's just as crazy mad as he's always been! ?

The Wards live a very happy life. Instead of a sex club they now run an elite gym!
Their twins Maddie and Jacob are twelve already!
Everything is perfect. Even though Jesse is a bit sad at the moment, because he's turning 50!!!

Then ... Ava has a serious car accident. She wakes up from her coma after a few days, but she's forgotten the last 16 years of her life. Jesse, the kids, everything.

She thinks she's a 22 year old single girl.

Poor Jesse. He's so sad and heartbroken. But he's not giving up. He needs to make Ava remember him and the kids.

Challenge accepted. He'll make her fall in love with him again - he did it once - he'll be able to do it again!

AWWWWWW!

It's been such a long time since those first three books!
And now Jesse is back!

And I just loved this book. Even more than the first ones I think. It somehow has a completely different feel to it. As if it was written by someone else. Or there was an amazing editor involved ;)

The beginning of the book is so very Jesse. Fun and crazy mad and peanut butter and adorable and sexy.

And then the accident happens and it just breaks our hearts!
Poor Jesse.

But he's not giving up. He'll fight until his last breath to make sure that Ava remembers their life.

I just loved every minute of this story - even though I cried a LOT!?

AMAZINGLY BEAUTIFUL 4th book in this great series!

WITH THIS MAN was such a heartbreaking & adorable & sexy & funny romance! Run to your nearest amazon for your own perfect addition to the THIS MAN series! But hurry, or Jesse will eat all the peanut butter by himself! ?

5 BILLION ‘ Ain’t no man on this planet like Jesse Ward’ Stars

Talk about the mother of ALL Jesse’s tramples! The EPIC, unforgettable kind that is!

‘With This Man’ is an heart-wrenching, soul touching, mind-blowingly beautiful, deep and unparalleled emotional rollercoaster that took Jesse and Ava’s already epic love story to a whole new, and unthinkable height of brilliance.

What am I going to do? How do I fix this? The only thing in this world that keeps my heart beating

doesn't know who I am.

There's only one way to approach this. Gently. Patiently. Sensitively. Softly-softly. I blow out a breath, laughing at myself. Good God, this is going to be a battle like no other.

It's going to be so incredible hard to review without giving away too much, but even though I'll keep this spoiler free, I will give plenty of quotes to show you just how perfect This Man was, and even though were nearly impossible to narrow down, every single thought of word from him was pure romance gold! Even his own description of himself was spot on!

I'm your husband. You call me the Lord. I'm a crazy, challenging, unreasonable pain in your arse; I'm possessive, I trample all over the place—your words, not mine—but by some fucking miracle, you love me nonetheless.

So here we are, thirteen years after the events that took place on the last book of this MUST READ trilogy, This Man Confessed, and Jesse and Ava were blissfully living their happy ever after, with their twins, Maddy and Jacob. But in an expected and horrifying turn of events, Ava suffers a life threatening accident, that almost destroyed their world. Jodi Ellen Malpas described Jesse's despair to such a splendid degree that she had me crying my heart out, and praying for Ava's life right along with Jesse's begging for it. Ava truly is his everything.

My defiant little temptress. My angel. My Ava.

She has her usual effect on me. This woman makes my veins burn. Makes my eyes sting just looking at her. Makes my heart surge with adoration.

She is, quite simply, the most enthralling person I've ever encountered. And she's mine. Beautiful and elegant, with a sprinkling of sass.

And what happens when your everything can't remember you and the beautiful life you built together?! That's exactly how Jesse felt just when he thought the battle for Ava's life was won. A whole new, and even more personally challenging battle had arise, and now Jesse finds himself with the mission of helping Ava recover those precious memories, and in the meanwhile, making her, his soulmate, fall in love with him all over again. Sounds easy enough, no?! Oh, poor Jesse... <3

“You feel that?” I whisper, starting to fiddle with her ring myself. Her slight nod forces me to swallow down my relief before it chokes me. “That's just the very beginning, Ava. That's just the spark that set our worlds alight.” Determination is now running rampant through my veins, that small reaction driving it. “This head of yours.” I gently stroke down her cheek, relishing her slight nuzzle into my palm. “It's been consumed by me for thirteen years, lady. I'm not about to let you forget our story. I will make you remember. It's my mission objective. I'll do anything.”

How much I hurt for Jesse, specially with every step back, every road block, every failed hope and chance. Ms. Malpas really did a brilliant describing all his raw emotion, his male perspective so realistic and heart touching, I fell even more desperately in love with this man. Ava couldn't resist him the first time, now with the clarity of his feelings, and unmeasurable love and devotion to her, she didn't stand a chance. He was just as imprinted in her, and she was in him.

“You and those kids are his world, but you know that already. Ain't no man on this planet like Jesse Ward.”

And I scold myself because though my memories are a little lost, my instinct isn't. To Jesse Ward, I am life.

“You are the most passionate man I've ever met, and you keep it all for me and the children. I can see that. Everything you do, you do it with such intensity. Whether you're mad. Or if you're playing. Or making love to me. Or simply loving me. It's all so passionate, and I love it. I love that the children and I are the center of your world. That you love us with a power that's sometimes a little overwhelming. What woman wouldn't want to be loved with that much intensity?”

Of course Ava doesn't take it lightly – she wouldn't be the woman Jesse loved, if she did, lol -, and where was the 'fun' in that. Her body and heart recognize him as her other half, now her mind just needs to catch up and remember. Let Jesse help her remember all they were and still are. Deep down, she knows she's living a once in a lifetime kind of love. How could she not, with how much Jesse fights for her, and even with her, to show her, make a feel. ALL THE FEELS that Jodi Ellen Malpas make us experience in this unforgettable journey, and get to know and love Jesse and his cell deep devotion to his wife and his babies. It's impossible to describe, really. You need to embark in this EPIC, emotional and oh so HOT story, and laugh, cry, smile, sob and cheer right along with them. Reading it it's the only true way to know, and fall in love WITH THIS MAN. <3

“We must love each other an awful lot.”

“It's pure bliss, baby,” I begin quietly. “Total gratification.” I lower my lips cautiously and peck her wet cheek lightly. “Absolute, complete, earth-shifting—”

“Universe-shaking love.”

It was one of my most Anticipated books of the year, and it still blindsided and forever branded me with the raw emotion that was Jesse's POV. THIS MAN truly is a GOD! No words will ever be enough to express all that entails The Lord... I'm totally on Central Jesse Cloud Nine right now, and it's guaranteed to be a book hungover like no other! <3 <3 <3 <3 <3

Signed,
Forever 'Jesse's Girl'

I smile the smile only he can draw from me. It's one filled with love of the perfect kind. Because he's mine. I'll always be with this man.

?????????!! With This Man, book 4 of 4. Jesse Ward is back with count-downs & punitive fucks, but also a mature, vulnerable & compromising Jesse!

“Your Punishment Fuck is cancelled.”

Books in This Man series should be read in order:

Book 1: This Man

Book 2: Beneath This Man

Book 3: This Man Confessed

Book 4: With This Man

*This Man Trilogy is the intense, epic saga about private sex club owner **Jesse Ward aka The Lord, Mr. Sexy, Bossy, Compulsive and Secretive Extraordinaire**, in his relentless pursuit and seduction of interior designer, **Ava O'Shea**. Their story was filled with covert pasts and hidden agendas! A wild, bumpy and emotional journey loaded with intrigue, shockers, undiluted lust and mind-bending sex plus their **compulsive and intense love**.*

*It introduced us to **all that is sex/fucking with Jesse:***

Reminder fucks, Sleepy sex, Make friends sex, Shower fucks, Hangover sex, Catching up sex, Sense fucks, Seeing stars fucks, Apology fucks, Possessive fucks, Retribution fucks, Sleepy celebration sex, Alfresco fucks, Proposal fucks, Truth fucks, Compromise fucks, Quiet fucks, Sleepy twilight sex, Romantic fucks and Punishment fucks.

With This Man, book 4 opens up to life for Mr. and Mrs. Ward and their family. It's been **over a decade** since we last saw them and aside from Jesse being slightly traumatized by his impending big five-o, their life is its own kind of well-balanced and harmonious normal. Until tragedy strikes. This is the story of their **long road back**.

Brilliantly, sexily and humorously told in **flashbacks and unfolding current events**. Jesse is still over-the-top bossy, dirty-talking, possessive, needy, inflexible larger-than life with count-downs and corrective fucks. But there is also the protective father, at times, compromising husband and the vulnerable, entertaining somewhat self-reflecting and humble man...

After all these years I find I'm still on "Central Jesse Cloud Nine". Eight words to describe **Jesse Ward aka The Lord**: Intense, bossy, compulsive, enigmatic, possessive, impatient, dirty-talker and reflective.

Eight words to describe **Ava (O'Shea) Ward**: Easy-going, strong, focused, stubborn, trusting, resilient, patient and meek.

With This Man, told from dual POVs, is a long-ish extended epilogue with just the **perfect blend** of intrigue, steam, romance, surprises, angst and suspense. Going in I had no idea what to expect given how book 3 left Jesse and Ava, but I am happy to report Ms. Malpas did a phenomenal job of evolving their story and **pulling us into current events while keeping it true to the characters we love**. There are count-downs & theme fucks courtesy Jesse who's his usual bossy and possessive self, but we also see the man he must become to protect his family and his love for his Ava.

Captivating! Intense! Epic. Three. Two. ONE. ZEROOO! I say **6-ish stars!**

I finally put on my big girl panties and read this one. I have been wanting to read it since it came out but I got scared....

After all... Jesse and Ava are one of my favorite mf couples and I didn't want their HEA to be fucked with...

I should have had more faith though. That doesn't mean that the author doesn't put them through the wringer...but I should have had more faith in Jesse. He wouldn't ever let anything fuck up his HEA with Ava !!

I laughed, I cried and I definitely swooned !!! I didn't know it was possible to fall even more in love with Jesse, but I did !!! And I am pretty sure Ava did as well ;)

I highly recommend this series....it's one of my favs ;)

Back on Central Jesse Cloud Nine!!! ?

Oh.My.Goodness! This book was pure bliss!

This Man Trilogy in one of my favorite series of all time and this last installment was one of my most anticipated book this year. And let me tell you that author JEM did not disappoint. She delivered the perfect ending to this fan-freaking-tastic epic series. It was a wonderful experience to rediscover one of the most powerful and beautiful love story that I had the joy of reading and featuring two of the most endearing characters, ever. I fell in love with Ava and Jesse all over again, if not even more.

This book takes place 12 years into their marriage. They are happily married with their beloved 11-years-old twins, Jacob and Maddie. The chemistry between these two is still electrifying and their love for each other still passionate, intense, all-consuming, and stronger than ever. Their life is nothing short of perfection until Ava has a terrible accident causing her to lose the memory of the last 16 years of her life. Ava can't remember anything about her husband and her kids and for Jesse this cold and hard reality is just pure agony. She thinks she's twenty-two, single and just starting out in her career. Jesse is determined to move mountains to make sure she finds him and the twins amid that chaos in her poor head. There's no way he's going to allow their history to slip away like it never happened. Once again Jesse will have to trample anything in his sight to get what he wants. And he wants his wife back desperately. The woman he can't live without, the woman who holds his life in her hands.

'This head of yours.' I gently stroke down her cheek, relishing her slight nuzzle into my palm. 'It's been consumed by me for twelve years, lady. I'm not about to let you forget our story. I will make you remember. It's my mission objective. I'll do anything.'

It was wonderful to be inside Jesse's head. He is one of my favorite book boyfriends, and I frankly love the way his mind works. Mr. Dominate Controlling Obsessive and Hotter than hell Lord of The Manor is back in all his glory. All over again I was completely enthralled with Ava and Jesse's story. The story line is addictive and captivating and the sex between these two is always hot and explosive. I adored their kids too. They rounded out the story line and added a lot to my reading happiness. And let's not forget all the other amazing supporting characters, old friends Kate, Sam, Drew, Raya and John who complement this story wonderfully by giving it even more value, depth and emotion.

I think this ending was beautiful and so perfect for this explosive, passionate and intense couple. This book showcased wonderfully the strength of Ava and Jesse's love, their deep-soul-love connection and I loved every word of it. Brilliant!
