### **Addie LeMaster says**

Ooh I want to see what trouble Rick is going to cause now.

---

### **Michelle says**

This one was meh but may be setting the stage for something big. We shall see.

---

### **Spencer says**

An enjoyable issue, not much happens but there is a sense that the story is building up to something.

---

### **Aron says**

3.9 Stars. Solid, as always.

---

### **Nicole Magolan says**

The Walking Dead comics still out here delivering the Carl Grimes content we deserve!!!

---

### **Babs says**

These past few issues seem to be simmering with tension....just waiting for it all to kick off!

---

### **Anthony Wilson says**

I hope it's building up to something major as it's very boring at the moment. Not alot happening at all.

---

### **Dimitris says**

Previously on Image's The Walking Dead:

There were some talking. Some more talking. Some walking. Some more walking. And then some talking.

---

Then some more talking. Then some horse-riding. Then some talking while horse-riding. Then some walking talking and some horse-riding.

The fucking TREES (fuck ents) on LotR did LESS talking and LESS walking throughout the EXTENDED versions of the films than what Rick and a bunch of boring-ass characters did in here.

Fuck. That. Shit.

I still pay as you can see. And I still read because I have a problem. I like being treated like shit as you can clearly see.

YUP!

AND NOW In this issue there's RICK again.. (yay) and guess what? That new Governor is with him just like the last issue.. and yeah, I'll let you guess what they're doing throughout 25 pages that's a waste of paper... YEAP.. You got it you wonderful you. THEY TALK. They WALK. They horse-ride, and then they talk some more.

SPOILER ALERT: Someone talks to someone for as long as this series' been publishing issues.

Peace out!

PS1. Oh of course artwork is amazing but it didn't save this one either.

PS2. If you rate this shit 3+ stars you either love Soap Operas, or someone is actually paying/threatening you to do this. No other explanation.

PS3. Unless you're a zombie. Fuck you then for supporting this piece of shit. You brainless fuck.

Ps4. Me? I said that I HAVE to buy this because of Sienkiewicz's beautiful variant covers. So I kinda have to read them too.

XBOX1. Come to realize, you DO actually have one and only ONE reason to read this without being stupid, doing it because of the same reason I'm doing it. So yeah.. I can accept that. Other than that, go read some My Little Pony, I bet there's more action over there, and much more interesting plot.

### **Joshua says**

A lot like #181 without the action. More sizing each other up. I feel this is building to a conflict though instead of a happily ever after.

---

### **Justin Chiang says**

The walking dead has become the walking around

## Dan says

[there might be some chemistry between the two of them (hide spoiler)]
