Mated to the Capo

Georgette St. Clair

Mated to the Capo Georgette St. Clair

After an epically bad blind date, and far too much tequila, waitress/bike messenger Zoey Eastgate swore off men forever and got a tattoo that says 'love bites'. Maybe she shouldn't have tempted fate. Because now love, in the form of a very powerful Mafia wolf, has bitten her right on the ass, on a full moon. And according to the Blood Oath Pack, the "moon-bite" means she is now the mate of Dominic Lombardi. Now her new "husband" is appearing everywhere – no matter how far she runs and no matter how well she hides. He's crowding her world, refusing to take no for an answer, letting her know that on the next full moon, she'll be his bride. If only her body didn't respond so strongly to the Capo of the most corrupt mob pack on the west coast. If only he didn't threaten her family and her livelihood one minute – and then serenade her with sexy Italian love songs which she can't understand a single word of, the next. If only new dangers weren't rearing their ugly head and threatening not just Zoey, but all of Encantado, the supernatural sin city she calls home. When dark magic comes too close to home, will she stop running long enough for her wiseguy werewolf to claim his bride – or will she find herself fitted with a cement overcoat, sleeping with the fishes?

Natalia says

Great book, Funny, amazing alpha guy!

This book has mafia capos, shifters, Mages, Witches!

No OW drama or cheating!

*One thing that i really don't get was the need to make the h curvy or chubby just to be "different"! Her "life" doesn't fit her profile! The girl runs a bike 5 days a week for 5/6hours! how can she be chubby!?! She needs to eat her body weight in food at every meal!!

Ivy Deluca says

I tried. I like Ms. St. Clair's plots more than the actual execution, so I check in every once in a while to see if things have changed. Unfortunately, this one fell short as well. I really love the idea of this 'verse, but it's clunky in the way it parses out the information necessary to believe in it, and the romance, what draws me to this in the first place, is weak at best.

It's a pass for me, but I'm ever hopeful because Ms. St. Clair does have a gift for coming up with some really interesting takes on shifter mythology.

L M says

3.5 stars. Mafia is not a genre I enjoy but due to being magically based it worked well.

Whilst I liked this story very much, it didn't make me go wow, I want more. It was too easy to know who was behind things and fairly obvious as to why.

Saying this, I will read any more books in this series that are written as I did like the characters.

The banter between Zoey and Dominic was fun.

Zoey, for being such a nice person and for how positive she was in everything she was trying to do to keep the street kids safe and her neighbourhood going, I found a bit judgmental, even if it seemed she had the right to be.

Her powers were different and as she said, a bit boring but the mapping came in handy.

Dominic was such a stubborn idiot, closed off emotionally and couldn't figure out why Zoey kept hiding from him.

Love Romano and also hope he gets a story too.

Better than I expected as I don't like Mafia based stories but due to being magically based it worked well.

The explanation for why the mafia took protection money (protection from ghouls, vampires, hexes etc) made sense even if I didn't like it happening.

What happened to Carlos at the end was wonderful, hope he gets his story one day.

I have to take away a star for the amount of errors that should not have gotten though.

I was offered this book by the author but choose to read it through KU.

This is my honest review of this book.

Lory says

A very enjoyable and entertaining read. I really like the idea of mafia shifter. Definitely not your typical PNR!!! Which made me enjoyed it so much more add in some action, suspense, and of course steamy romance and you have a great start for a new series so looking forward to seeing what else is in store for this series. I voluntarily read and review this ARC no monetary compensation was received the opinions I have expressed are my own.

Sydney M Neblett says

I couldn't put it down!

This book is the perfect beginning to a brand new series. Zoey and Dominic check all the must have boxes as they head towards their HEA. Action, suspense, heroes and villains, love and jealousy, romance and regret, and so many wonderfully unexpected twists and turns that I just had to keep reading until the end. Oh and did I mention wolf shifters galore? More than one pack even, with so many more magical creatures that you never know what is on the next page. I loved this book and can't wait to see what happens next.

D.E. says

The story was good but the novel needs editing. Sentences stopped abruptly. Switched to first person and back to third person within a single paragraph. Repeated words.

Ilene G says

The first in a series.

Zoe is a witch and is bitten by a wolf shifter with a mate bite. He is a capo for a shifter mob. She tries to avoid him. A rival shifter mob is trying to take over her town. This story is filled with steamy scenes, and action and violence. The city is filled with supernatural creatures, because the government segregates them from humans. I like the variety of creatures.

Shelley says

Mafia shifters.....very different but in a good way♥️?

Well, this was a deliciously new and delightful paranormal romance story! Zoey is an Earth witch and one night while working for a catering business, she gets moon-bitten by the Blood Oath Pack's Capo, Dominic. A string of unfortunate events keep occurring and the Pack races to try and figure out what's happening and in the meantime, Zoey tries to avoid Dominic and being his "mate".

I have to admit the book took me a little bit to get into only because of the unfamiliarity with the characters and also the different paranormal beings, but once I had that under bonnet I was racing to the finish! Loved the story and the ending and will certainly be keen to buy more books in this series?

Dezi says

Only 3 stars for me. First the book definitely needed some proof reading there were the smallest errors ??????. And for me the plot was left to be desired and I didn't feel anything from any of the characters it was all over so quickly. For my first read from this author not sure if I'll continue with more.

Aleia L says

?

I thought the story was good, it had good characters and I liked the mafia werewolf angle. I wasn't so fond of Zoey just avoiding Dominic for every little argument. Dominic was kind of closed off but he got better towards the end. They had good chemistry but the back and forth with Zoey avoiding him and wanting nothing to do with him got old for me fast.

Monica says

It's an interesting take on mafia romance. I would have liked more on the mafia part. Zoey was never ok with Dominic's life in that regard and he couldn't understand her point of view on it. He was really closed off most of the book. Really cocky a little too much for my taste. However, he was a gentleman and did treat her well for the most part. I think the mate/moon thing was a tad confusing especially in the end when we find out it wasn't what Zoey thought or the reader. Not only made her question things but me as well. There were some parts that bothered me. A lot of her characters seem to run off like brats when things don't go their way. Seems a juvenile kind of thing to do and to write characters in that way. She's done some of those characteristics before in other books and it's irritating and takes away from the story. This was an ok book but not superbly written. More details on some things. Just didn't flow for me.

Eve Recinella (Between The Bookends) says

This one wasn't too bad. The heroine was a bit on the annoying side, and there seemed to be A LOT going on plot-wise, so the main couple didn't spend a whole lot of time together. Still, I enjoyed it well enough...

Emily says

Zoey Eastgate knows she is in trouble when her latest gig at work ended up with her butt bit by a Shifter Capo from the Blood Oath Pack. The moon-bite has Dominic Lombardi waiting to claim Zoey as his mate. The only problem is that Zoey is not interested in being his mate. Dominic is not put off though as he has a plan to woo his mate. Problem is someone is causing problems in the pack and it might put Zoey in danger.

This was a lot of fun. Completely different then other shifter books. I thought Dominic was suave and Zoey is a complete nut. Wonderful read, refreshing.

Cassandra Springs says

Also. Hm. Es war ein gutes Buch. Vor allem wenn man es gegenüber all die anderen Shifter-Bücher / Novellen sieht, die einfach nur over the top sind. Die in denen das alpha Männchen sagt „DIE DA GEHÖRT MIR!“, er mit ihr schläft und damit die Geschichte wieder beendet ist. Und davon gibt es wirklich viele.

Diese hier ist da etwas anders. Ausführlicher. Mehr Background. Viel mehr Plot. Ein Plot den ich sogar sehr spannend fand. Ich mochte auch den Charakterbogen, den Dominic vollzogen hat.

Klar, muss man den Trope schon mögen - Alpha Gestaltwandler beißt seine vorherbestimmte Partnerin und ist sofort auf sie eingestellt. Aber ich mag es ab und an doch ganz gerne. Wenn auch nicht in „größeren“ Fantasy Romanen oder in Romance Novels, die nicht dieses Klischee behandeln.

Hier ist es ganz gut gemacht. Selbst wenn das Tier im Manne sich sein Weibchen sucht (um es mal ganz platt auszudrücken) und der Mann sich komplett auf die Frau einstellt, ist die Frau meist doch eher überfordert. Das war auch hier der Fall, aber anders als bei anderen Shifter-Stories hatte sie hier Zeit ihn etwas kennen zu lernen, hinter seine Facade zu schauen und sich in ihn zu verlieben.

Das ging dann doch noch immer recht schnell, vor allem für alle die Slow burn romances mögen, aber hey. What do you do?

Was ich nicht verstehe ist, dass die Heldin hier als Chubby / Curvy / Fat dargestellt wird - was eigentlich super ist! - aber sie ist Fahrrad Kurier. Sie radelt beruflich durch die Stadt. Wie kann sie da Chubby sein? Dann müsste sie sich ja echt mies ernähren, um das dann zu halten, oder?

Davon abgesehen muss ich aber auch anmerken, dass viele Plotpunkte einfach sehr schnell aufgehoben wurden.

??

(view spoiler)

Ich hätte mir einfach mehr gewünscht. Auch von der Welt.

Die Welt in der die Protas leben, ist fantastisch und faszinierend und so anders als die anderen Magie-Systeme von denen ich bisher gelesen habe. Magie Zonen und diverse Levels von magischen Fähigkeiten. Die diversen Arten von Magie und dass die Muggel unter den Magischen Wesen von Ihnen wissen. Klasse! Ich hätte nur gerne sooo viel mehr Zeit dort verbracht. Wie ist das Verhältnis zwischen den nicht magischen und den magischen Wesen. Wie sehen kräftige Magier aus. Ich bin wirklich angetan vom Worldbuilding und will mehr wissen.

Alles in allem denke ich, dass das Buch zu kurz war. Ich hätte mir mehr von allem gewünscht.

Amy Ariyoshi says

For a light read with limited expectations

I got this in KU because the summary was a little unique and it had some good reviews.

Well, there were definitely some really good things about it. I liked Zoey, although honestly I liked Romano and Danielle (the main characters respective best friends) better. There were some really different and entertaining aspects to the new world the writer built. The ending was good with a surprise twist I didn't anticipate.

But.....the editing errors distracted more than I'd have liked and the flip side to this new world is that it was overly confusing and complicated and I don't think it needed to be for the story. It dragged a little for me in spots and was a little hard to keep going but I generally really want to finish and here it ended up being worth it. As usual Dominic was a bossy alpha who slept around while Zoey was a positive and snarky woman who didn't. That part of this writer's book always rubs me the wrong way but she still tells a pretty good story.
