An anthology of sensory delights, packed full of BDSM stories - one story for each of the senses: sight, smell, taste, touch, hearing, and (of course!) extra-sensory. *Voyeur* by Sierra Cartwright Marnie Branning lives out her fantasies in a safe way, attending a bondage night at an elegant country estate strictly as a voyeur. But one man, strong, sexy, dominating Zachary Denning sees what she tries to keep hidden, that she's secretly a submissive, in need of a strong, firm hand...his hand. Under his unyielding tutelage, Marnie learns about herself, about what it means to be submissive. And now, instead of being a voyeur, she'll learn what it's like to be watched, as her Dom becomes the voyeur... *Carnal Caresses* by Desiree Holt When Bree Sullivan bid on one night at the House of Five Senses, little did she know that touching could be so erotic and carnal - not only what she touched, but the things that touched her. Bree Sullivan bid on one night at the infamous House of Five Senses on a dares. Not that Bree didn't enjoy an erotic lifestyle, but the things that went on between the members of this exclusive club were beyond carnal. Approaching her experience with a mixture of trepidation and anticipation, before the night was out she learned exactly how stimulating the sense of touch is - and how many things could touch you and take you to a new world of carnal pleasures. *Welcome to Paradise* by Ashley Ladd Determined to live life by her own rules, Jordan's more than ready to devour two yummy men, what her religious father thinks, be damned. Eager to escape the bitter cold of the frigid Northwest and especially her strict, overzealous religious father, Jordan seeks a new life in sunny Florida at a resort called Paradise. When she meets the proprietors, Evan and Chris, she's ready to try new, titillating things with the yummy pair, even blindfolded BDSM and especially menage a trois. She reasons that if the men in her father's religion can have more than one wife, she certainly can have more than one husband. *Spiced Vanilla* by Victoria Blisse Chocolate, cakes and domination, what more could a girl want? Emma hadn't stepped out of her flat in six months. When she did it was the smell of a local patisserie that lured her down the street. Every day she walked to Jacques to admire the cakes and enjoy their scent, then she discovered Jack. Jack, the patisserie owner and baker is just the dominant, commanding man she wants, but can she learn to accept her submissive nature? Will she indulge her appetite for sexual spice and ignore her good girl guilt or will she resist the temptation and regret it forever? *Sweet Urges* by Jessica Jarman After lusting after her friend, Jace, for years, Carly summons up the nerve to seduce him. But what if the experience isn't what she imagined? Can she hang on to their friendship after a night in his arms? Carly has a mission - seduce her friend Jace Thomas. For years, she has wanted him. His dominating ways in the bedroom don't deter her in any way. In fact, she craves discipline and punishment at his hands. While attracted to Carly, Jace has vowed never to act on that attraction, certain she would want nothing to do with his preferences in the bedroom. When Carly sets out to seduce him, he gives in to temptation, but holds back. He is shocked when Carly is furious with him afterwards. Unsure how to act after their night together, the two friends avoid each other. Can they repair their friendship and go back to the way things were? Will that be enough for Jace and Carly? *Whispers* by Kim Dare Charlotte is more than happy to offer her master her body, her blood and her submission. But her mind is her own, if he really is listening in on her thoughts, he has to stop - Right now! As soon as Zachariah feeds from Charlotte's blood, he begins to hear her thoughts whispering into his mind. A rare blood bond forms between them and Zachariah is thrilled. He's sure the bond and his new insights into Charlotte's mind will solve all their problems. Charlotte was ready for her master's bite to hurt - she was looking forward it. She thought she was ready for anything else too, but she wasn't ready to let her master into her mind. The bond isn't the solution to anything. The bond is the problem. Zachariah has to solve a whole new set of problems if he's going to prove he's the master Charlotte's always wanted, and Charlotte has to learn to do something she's never done before - trust a master with her mind."
