Last-Minute Optics: A Concise Review of Optics, Refraction, and Contact Lenses David G. Hunter , Constance E. West

The popular optics review manual, *Last-Minute Optics: A Concise Review of Optics, Refraction, and Contact Lenses* , has been revised and updated into a Second Edition. This unique resource boils down the overwhelming subject matter of clinical optics and refraction, helping the ophthalmologist cover the essentials in a single review manual. The content is based upon the practical experience of two clinically active experts who lecture on ophthalmic optics around the world.

This updated *Second Edition* by Drs. David G. Hunter and Constance E. West includes new questions added to selected chapters and a new chapter covering refractive surgery, as well as a key chapter that helps you evaluate patients with symptoms related directly to optical or refractive concerns. The complex concepts of optics are revealed in easy-to-understand explanations enhanced by simple illustrations.

Last-Minute Optics, Second Edition allows you to test your knowledge while increasing your understanding of optics. Designed in a clear, concise, question-and-answer format, this book allows for self-assessment and a chance to test your understanding before you read the answer.

Features of the Second Edition:

- Written in a light and approachable style to make optics accessible and understandable
- Unique question-and-answer format allows for self-assessment while studying to identify areas where more work is needed
- Perfect for limited study time
- Includes real-life examples that are clinically relevant
- Numerous practical tips to help enhance clinical practice
- Includes 223 questions and answers

Whether you're an ophthalmologist, ophthalmic technician, resident or student, reviewing the optics facts and concepts is easier with *Last-Minute Optics: A Concise Review of Optics, Refraction, and Contact Lenses, Second Edition* .
