Tanach: The Stone, Student Size Black Nosson Scherman

All 24 books of the Torah, Prophets, and Writings are now at your fingertips in one magnificent volume, as interpreted by the classic sages of Talmudic and Rabbinic literature. This is a remarkable achievement. It enables everyone to obtain a basic knowledge of the entire Tanach from "In the beginning" to the return to Eretz Yisrael. For home, for office, for synagogue, for gifts this is an indispensable Book for the People of the Book. Edited by Rabbi Nosson Scherman in collaboration with an international team of scholars.

Newly set, accurate, carefully researched Hebrew text

Crisp, clear introductions

New English translation, based on the research of an international team of Torah scholars

Illuminating notes and comments

All Haftarahs clearly indicated

Explanatory charts, illustrations and maps

Full index of topics

Stunningly beautiful page layout

Specially-milled bible paper

Reinforced binding; ribbon place-markers

Lance says

The Old Testament in Hebrew, or The Hebrew Bible. A nice edition with Hebrew text on the right page and a new English translation on the left page. The Hebrew chapter and verse numbers (letters) are written unobtrusively in the right margin. Below the Hebrew text are annotations taken from Rabbinic sources, often with alternative, sometimes conflicting notes from different scholars. I like the fact that the Artscroll editors were objective and included differing viewpoints in the annotations. There are also extensive appendices covering everything from maps to charts of the ancient temple offerings. I recommend this to anyone who has the time and inclination to learn Biblical Hebrew. This one will always be on my "currently-reading" shelf.

Joseph T Farkasdi says

Of course, I've read this. In both languages! And, I love the fascinating mystery it still generates as a piece of writing. It is the sacred text with the most commentary about it from several religions. It is also the most misunderstood writing, despite all the study it has received. Good Torah, meaning teaching, has it's own message for each reader. The key to receiving the message it has is to be completely open to it, without reaction, without preconceived ideas about it, and without judgement. What you are meant to receive and learn from it, Torah will reveal to you. It will challenge you to really look at you and how you view the world and it will draw you to finding the sacredness in all aspects of life, to seeking justice, and to realizing our equal importance as humans in the spiraling progress of life. Let it challenge you!

Joshua Stevens says

This is the best English translation of the Bible.

Thom says

An essential for a Jewish bookshelf, the Stone Tanach contains both Hebrew and English script and footnotes of commentary from various sources.

It's read traditionally, which is right-to-left, like in Hebrew. In the back (for English speakers, the front) there are appendices with a wealth of information: lineages, diagrams and pictures of things like the Ark of the Covenant. There's also a family history for you to write in, if you want to consider it a family bible.

Alexis says

Tanach: The Stone Edition/Black : The Torah/Prophets/Writings : The Twenty-Four Books of the Bible

Newly Translated and Annotated (The Artscroll Ser.) by Nosson Scherman (1996)

Chaim Levi says

Five + stars. Read daily.
