### Ridley says

This is one hell of an emotional roller coaster, and I say this as someone who *hates* secret baby plots. Ms. Crews actually manages a believable and sympathetic basis for it, and it's just heartbreaking to see both characters come to terms with it.

This is what I read Presents for - angst, heartbreak, drama. Only wish it wasn't a sheik story. Made-up kingdoms are right up there with secret babies on my avoid list. Worth it in the end, though.

### Lynn Raye Harris says

Caitlin Crews is one of the amazing new authors on the Presents scene! I love dark, emotional romances -- and Caitlin delivers! I really enjoy her books. They are full of delicious angst and fabulous characters who you want to have their happy ending.

### Donnie says

**Intense and moving romance! *I loved it!***

### Amber says

I will say a book made me cry if there were tears in my eyes, because usually that is all a book can accomplish for me. For this one, I had tracks of tears running down my cheeks, holy crap.

### Mary says

A very emotional roller coaster! I know some people hate the fact that Jessa gave her own son up for adoption but I think that given what she was going through, she made the best decision she could. What I objected to was how willing she was to go to bed with him despite how he treated her & is still treating him. I liked that she turned it around so it *\*was\** her decision to continue, but there was so much angst! I had borrowed this from my library system, but there were so many passages I wanted to highlight that I bought the Kindle version & immediately re-read it.

Question: There were some implications that Jeremy's birth might have caused disabilities-

*"Tariq's heart stopped as the little boy moved toward him in his lurching, jerky dance of a walk..."*

*"Then he tilted back his face, lit from within the purest, most uncomplicated love that Tariq had ever seen."*

Am I reading too much into these passages? If this was true, that would have added to Jessa's decision- that single, unemployed, clinically depressed, she wasn't able to give Jeremy what he needed & would need for the rest of his life.

Cried like a baby .....

This is an intense second chance at love,intense emotional tear jerker.Sheikh Tariq bin Khalid Al-Nur he belongs to a royal family but he lied about his identity to Jessa and hid many things from her,Tariq and Jessa were in a fling,Jessa loved him and Tariq knew that Jessa has fallen for him but he was not in love with her but he just could'nt let her go.Jessa came to know that she is pregnant and is in a mess as to what to do,Jessa knows Tariq will react badly about the news or just run away when he comes to know and she goes to a friend's house mean while Tariq is shocked as where Jessa disappeared but then comes the news of his uncle's death along with his wife and children he leaves and now he is the King and Jessa comes to know about it and is shocked hurt and angry

She tries to contact him but is unable to do so,she is sacked from her job and everyone looked at her with disgust,she gives birth to her son but she is in a worse state of mind and jobless so she does the hardest thing in her life gives away the baby cause his happiness was the most important for her

Its been 5 years Tariq has once again came back and wants one night with Jessa,cause he feels that now that he has to marry and do his duty for the last time he wants to remove Jessa from his system so searches for her and put the proposition in front of Jessa,first Jessa completely says no but then for the last time sake and say goodbye she agrees

From there on how their life's changes the past secrets comes out Tariq is angry but then realises and accepts his mistakes and regrets for what Jessa suffered.Both talk it out and agree that whatever happened it is the result of their mistakes,both made some mistakes and how it brought about so many pain hurt and heart break,

Overall this was a very very good read,the start i was not that glued but from the time Tariq comes to know about the baby its hard to put the book down

Overall a very good read  
Recommend it

### Jacqueline says

sorry, had to stop as soon as I realized she gave her baby up for adoption. I just can't read that story line

---

### Christina says

Glad she wasn't selfish enough to deny her son the happiness and love she might not have been unable to provide.

Love in its purest form sometimes means wanting to give that person the absolute best, while knowing it might not entail yourself. Alike that biblical Judgement of King Solomon story ... would rather give her baby away then kill her baby.

God it's awful

### ♠ Becca & Cerys ♠ | Spitfire Reviews says

Uhm no.

So you know how it is when a guy leaves you behind for 5 years without a word and you find out he lied about *everything* you're pregnant and give the baby up for adoption 'cause you can't cope then the guy waltz's back into your life and you fall right back into bed with him.... Yeah? No. Not a hope in hell that I'd enjoy that kind of bullshitery. There's really nothing more to say. Just no.

### StMargarets says

Not much to this secret baby story. Heir of a desert kingdom runs out on the English heroine five years before. Now he's back to "get her out of his system" before he finds his queen. Heroine is stupid enough to fall into his bed.

The twist to the secret baby is that baby has been adopted by her sister and hero can't get him back.

The whole story was flimsy - I didn't care about the hero or the heroine and skimmed the never-ending sex scenes. About the only other action was the heroine getting wet in the rain in Paris and the hero not blurting out his baby daddy status to a five year-old. Yay?

Be warned: there are many thinky thoughts. As well as a heroine who is easy. And a hero who suddenly decides the h is marriage-worthy. Not romantic in my book.

---

However, the adopted son will make a great second generation hero after he discovers he has royal siblings. Bitterness and resentments ahead!

**Fanniny Moreno Zavaleta says**

She gave her baby up for adoption... NOT FOR ME

---

**Meljean Brook says**

Yeah, I'm pretty much a Caitlin Crews fangirl now. This one has a shattering, bittersweet feel to the end, and I love (and was surprised) by how a certain issue was resolved, even though -- see: shattering/bittersweet.
