Bea says

Nothing I didn't already know at this point, but still, I can't fault the authors for going into more detail than what is usually given in the typical documentaries on television.

Heidi says

Help full reference tool.

Jerin Tahapary says

Greatest true crime-er tributary, who creams crime history to eternity, redeems -

Tom Wescott says

One of only handful of Ripper books that can be called truly indispensable.

Suzanne Hess says

What a frightening read. There was so much evidence, and yet they still do not know for certain who he was.

Fishface says

Massive encyclopedia-format collection of everything written about JTR (the purportedly factual material at least), every suspect, every theory, and apparently anyone who was ever mentioned in the case files for any reason. AND their relatives. A tremendous resource.
