I liked this book a lot. It was about Mary-Kate and Ashley on a wild Hawaiian challenge, Unfortunately Ashley gets kicked out right on day one! Sad and sulking in the hotel Ashley longs for a friend to play with, finally her wish comes alive, but instead of one of her friends coming her annoying, greedy cousin Jeremy Burke gets kicked out! Fancy playing with Jeremy Ugh! Will it ever be boring enough??

Okay now onto Mary-Kate.

Mary-Kate is enjoying the wild Hawaiian challenge but is missing her twin-sister Ashley, but she doesn't have time worry about Ashley she's got problems of her own, according to the guide she has upset the Hawaiian goddess of fire because she took a rock from the volcano of the goddess's and now she's having bad luck, can she fix it??

This was my first ever Mk&A book. And I loved it because of that.

I was a huge fan of Mary-Kate and Ashley Olsen and was on an endeavour to collect all their movies and books.

Two of a Kind was a cute little series that offered interesting storylines.

I first read this when I was younger. It was a great story with an interesting plot and realistic characters.

Mary Kate and Ashley are in Hawaii and Ashley being Ashley gets kicked out on the first day. Weird things start happening and all sorts of wacky stuff occurs throughout the time they spend camping.

I could read this over and over again.
