Keeley says

My book is from '62.

Noninuna says

Yes, we do love you, Snoopy!

Mike says

I liked it because Snoopy, Charlie Brown's dog, was flying around using his ears as propellers. It was silly.

Kerri says

Cute, simple, a collection of comics focusing on Snoopy with no other tie-ins or actual story lines.

TK421 says

Profound insights from a Beagle. So many truths can be gleaned from these simple cartoons. O how I miss the simpler times...

It made me smile to myself a few times. It isn't story enough for me to keep it in my collection. I prefer a solid character development to truly enjoy a book. This is hard to do with the Peanuts gang, as my generation knows them already.

Sally says

Most vivid memory, Snoopy and the EVIL BIRDS PLOTTING THEIR EVIL BUSINESS! I love how they just "spoke" in exclamation marks. :D

!!!!!!!!!!!!!!!

Fox says

Will anything ever be as funny as the whirlydog comics?

Valerie says

Selected from Snoopy Come Home (where are all these original collections?)

Snoopy has a lot of trouble with his neighbors in this book, including some birds holding meetings. Snoopy considers warning others about their diabolical plans--then concludes that eventually we'll find out anyway.

This book contains one of my favorite strips, in which Linus says stiffly to Lucy "I think if I had MEANT 'whirlybird' I would have SAID 'whirlybird'". I used this as my tagline one year.

These cartoons are from ~1955-1962--in other words, mostly pretty early. It's one of several that I bought used for face value.
