related resource to the books showing the specific characteristics of characters and fairies with in the stories

Cheryl says

This follows the movie to a T. If you didn't see the movie you will feel like you did after this book.

Tcj112 says

This story is about a family that moves into a house that is mysterious .Lots of mysteries go on in this book and the main people in this book is to twins ,mother,and sister of the twins .One twin is smart and sometime can be annoying ,the other one is lets just say the opposite.Which the mother has to struggle with .Last but not least the big sister she is something I can not describe.They do not get along very well but as the story goes on they find. Mysterious creatures that is looking for a book not just any book but an .Book that tells you about creatures but which this one book who would think it. Will cause so much things happening one twin will try to keep the book safe.

Squagabug says

They didn't do a real good job of it...It sort of stank.

Shelly Koressel says

This book is just like the movie. I loved the movie and this book has pictures of several things that happen in the movie. If you haven't seen the movie this is a good book to give a good look at it. Great for 3rd or 4th graders that like a good adventure with goblins and creatures.

Bubba says

One million stars.
