A Heart's Deceit Cege Smith

In the stunning conclusion of the Bloodtruth series, rules have been broken. Queen Angeline Robart must face the consequences of her actions if she ever hopes to keep the Alteran throne.

As Angeline's abilities grow stronger, it quickly becomes apparent that uncovering the lineage of her wraith is the key to everything. To secure her throne and banish her enemies forever, Angeline must become a master manipulator to find the answers she needs to save herself and her people. But her past doesn't intend to let her go that easily.

In order to escape a death sentence, Connor Radwin gave into his basest instincts. Now that the time has arrived to return to his former self, he finds it more of a struggle than he ever anticipated. But he is unwilling to leave Angeline's side; despite the fact that he knows she has to marry someone else.

With old foes emerging at every turn, Angeline's time is running out. She is about to find out how far she will go to save her people. In this high-stakes game of deceit, the loser pays in blood.

It took me a couple of chapters to get all of the key players sorted out in my head and to get back on track with the story. But once I was caught up, I ripped through this book. Awesome ending to the series! Angelina finally comes in to her own and takes her place as queen. And the very end has a killer twist that I absolutely loved!

Once again Ms. Smith has brought a fun and entertaining read to your fingertips. I have truly enjoyed this series from start to end. I am sad to have to say goodbye to characters that have become a huge part of my reading repertoire. I feel Ms. Smith has completed this series so wonderfully, leaving me feeling only the loss of never reading about these characters again. Thank you for all the wonderful hours of reading and entertainment you have provided with this series.

In this final installment you might just be a little on the edge of your seat, you might just shed a tear or more, you might just rejoice and clap your hands like a giddy little girl.... I know I did!! If you have been keeping up with this series you will love this final book, it has a twist I wasn't expecting but loved nonetheless. If you're looking for a fun YA vampire series that will grab you and keep you wanting more I recommend reading this series.

Awesome

This series was interesting and every changing with different plot twists I thoroughly enjoyed each book and the ending was great!

As always, I really enjoyed the universe that Cege Smith created with this series of books. I liked that the characters seemed to both change to stronger versions of themselves and yet maintained a lot of their original selves so the growth was measurable. I am happy with the ending after all the cliffhangers that the previous books left the readers with. I do have one comment that could be considered a complaint. The fourth installment was so short it could've easily been written into the third book or expanded to show some of the after effects of when Angeline resumes being the Queen.

It was sad to see that this series ended though. I've thoroughly enjoyed it and recommend it to those lovers of both fantasy and vampires (that don't sparkle). Even if the 'hero' is a bit out of the norm in the book's definition, he still IS a vampire. Well done, Ms. Smith.

Really good book! Not 100% happy with the ending I think that was the last one although I hope it isn't!

Original Review at: <http://readtomyhearts.blogspot.com/20...>

I did receive this ebook in exchange for my honest opinion of it.

My Thoughts:

Is this really the last book? We have been on such a tremendous journey with Connor and Angeline that I find myself not really wanting it to end. But alas...all good things do come to end. Right?

I know I enjoyed watching both of these characters to grow and emerge as stronger, more complex characters than they started out as before. Angeline has been through hell and yet she still did everything as regal and lady like as she could; even when she had to kick ass and take names! She is definitely what it means to be a Queen as she puts the people she loves before her desires and truly learns the meaning of sacrifice.

I love that she learns to embrace her supernatural self and also learn to hold her own against those older and more "wiser".

And then there is Connor. I love that name so much (probably because one of my twins is named that too)! Connor was the complement to Angeline's powerful self. I enjoyed it immensely when these two worked together because they were that good together. Their interactions were written superbly and made you love these characters even more.

The plot of the series has always been an interesting one involving vampires and magic and I love that we get many secrets revealed in the last book, A Heart's Deceit. I may have suspected some of these secrets; but it was still nice to see them come alive in the book.

We also have a lot of characters that seem to lose their heads....literally. In some cases, I was sad because I would have liked to see them in a more positive way. But it was a good way to tie up some loose ends. But again, I would have liked to see more story lines with some of these characters.

Overall though, I think this was an exceptional ending to a amazing series that kept me reading into the wee

morning hours. I know that if you like fantasy with vampires and magic mixed in , then you would really like the Bloodtruth Series. You should definitely give it a try!
