Jack Parker

Confidential Jack Parker

Heidi Van Dauson had led a normal, quiet, spoiled life until she found herself as the only living witness able to make a case around three of the most wanted criminals in North America. After being forced into hiding until the trial, Heidi finds Camdon, someone who changes her :

Making her new life more than bearable, he makes it perfect.

Now she has to decide if it's worth giving up the perfect life she has to testify, if it's worth it to go back to the old life she had before, and if she can keep lying to the only person that she's ever loved.

Aleta says

Lots of grammar, spelling and vocabulary errors. It could use a good editor that's for sure, as these errors take away from the overall impact of the story. I found myself going back several times to re-read a passage because I had to figure out who was saying what to whom and wow, sometimes the scene changed without any warning and there were completely different people talking!

Generally, the plot line is pretty good and there is some good character development. There are some really far-fetched plot development situations and it is difficult to suspend disbelief for some of them, however, for the most part the basic storyline and characters are good.

Just find a good editor!

Mistie says

Story seems like it could be good, but life is too short to read all these books with spelling and grammatical errors. If you're going to write a book have an English teacher read it first! Didn't even bother after the first few pages. Ally and alley are two different things!

Nick says

A very light read. Finished it in a couple of hours. Grammar and spelling woeful! Would not recommend.

Cindy says

Good story with well-developed cast, lots of editing errors, some do not show up when TTS is enabled. I like Parker, who can be winding & long-winded but is usually based well with good characterizations & interesting plot.

Kim says

Omg. The grammar mistakes. The absurdity. Thank god it was a free ebook. 1/2 star. Why did I keep reading it????

judy koepsell says

Not wonderful

I liked this story very much but disappointed that so much obscene language was included. A really good author can express with words that don't curl the reader's ears.

Deborah says

A greatly enjoyabke storywith great story and intresting characters and twists. the author expresses the characters feelings very clearly well worth a read.
