Maggie says

My granddaughter loved this book. We had fun reading it together.

The Best Teacher Ever takes a common problem of finding just the right present for a teacher. I have been on both sides of this problem as a parent helping my children and as a teacher receiving presents, so a book where the child ends up feeling good is a good one to share with children and parents too.

I hope one day I can be as good of a teacher as Miss Kitty! This book is great for younger children when they begin school. It tells about all the fun and exciting things Miss Kitty does with her class! When all of Little Critter's present ideas go wrong for teacher appreciation day, he makes the most special gift for his teacher- a self drawn picture of Miss Kitty! She loves it so much that she even hangs it right by her desk for all to see.

My Review: This was a cute book and a great reminder coming up to Teacher Appreciation Day. I love how Little Critter tries coming up with ideas and then learns that sometimes the most simple gift from the heart can be the best. It definitely got Munchkin talking about his teacher and how much he likes her.

Part of Little Critter Bedtime Stories boxed set.

We own a Chick-fil-a copy of this one, but later got a bigger version from an 8x8 box set.

Teacher's Appreciate is another day that for some has morphed into a commercial money maker. This is a quaint story that shows true heart of a teacher and student relationship. Very cute.

This is another Mercer Mayer story that I will add to my collection of good books. In the story a boy wants to take his teacher Ms. Kitty a present because she is such a wonderful teacher. He decides to bake her a cake but when he comes downstairs in the morning he see that the dog has eaten most of it. His mother cuts flowers to give Ms. Kitty and then he leaves them on the bus. In the end he... you will have to read to find out.

I would recommend students to give this book to their favorite teacher. It would be a nice way to say, "You're the Best Teacher Ever". I liked the characters. I chose this book to give to my pen pal (Maybe, she'll give it back to me one day!).

Carman says

Little Critter wants to show his appreciation for his favorite teacher, but his attempts are foiled. Little Critter tries one more time to come up with a gift for Miss Kitty and he succeeds! A fun book for K-2nd that would fit well in a class library.

Sarah says

A decent Little Critter book for an aspiring teacher to own.

Makkena says

Could be a book a teacher revives from a child based on how that child feels about their teacher!

Rosa Cline says

Little Critter really likes his teacher. She makes things fun and helps the students find learning interesting. He wants to give her something very special for Teacher Appreciation day. And the various things he comes up with something happens and ruins them he's very discouraged. But he comes up with something from his heart and it's very special to her.

Little Critter: The Best Teacher Ever is an adorable book that shows just how important and how much of an impact a good teacher has on her students. I compare this book to another book I have previously read "Miss Nelson is Missing" I compare the two because they both show me how different teaching styles can impact a child. Critter loved his favorite teacher and wanted to show her just how special she was. While on the other hand Miss Nelsons class didn't appreciate her until it was almost too late! I hope to have an impact on my students like Critters' teacher had on him!

This is a great book about little Critter who wants to do something very nice for his teacher, Miss Kitty. It is teacher appreciation day and he makes her a cake, but his dog eats it. He then is going to give her flowers, but forgets them on the bus. As a result, he ends up drawing her a picture. Little Critter is upset about this, but it ends up working out in the end. I think kids can learn from this book on how to handle emotions when things don't go your way. I rated it 5 stars because I really enjoyed the book and think it has a great meaning.
