## From Reader Review Therapy Ever After for online ebook

### Durga says

Cute and quick. The ending was wayyyy into the future but good to know how it ends. Still wished we got an answer for Vivvie. 3 stars.

If I could have a do-over, I would read Therapy again before I read Ever After.

I remembered the bones of it, but 2 years on probably not enough of the feeling and emotion that I felt when I read Therapy for me to be moved by Ever After.

The writing was still great, but because the plot/story was all in Therapy I felt it lacked in Ever After. Totally my fault, read as a whole I can totally see that Ever After would have cured me of the sads I felt 2 years ago.

"It means never giving up. It means I screwed up, again, and it probably won't be the last time. It means enough to make this work because I know there's not an amount of times in this world I wouldn't give you another chance if I were in your shoes. I'm not perfect and will never be. We aren't perfect together. We're just wrong apart."

"I believe him. I believe him as deeply as I believe the sun will rise each morning."

"Life rarely follows rules. So many times it throws you a damn curve ball and you have to catch it or get knocked the hell down. Figuring out what to do once you have the ball in your hand or your ass on the ground is the hard part."

"Life is a series of chapters in a huge book we call life. I'm just happy she's part of mine, even if it's only for a few chapters."

Heed the warning read Therapy first and this novella will hit every spot.

### Sarah says

What a lovely novella to read continuing about Jess and Jace! Really enjoyed this short book about them and their future. Really glad they found their happy after everything they went through!

### **Christine says**

Beautifully written novella where we catch up with Jess and Jace, their second chance relationship and how it develops. Loved Jace and Jess characters.

Glad I did a quick read of the last couple of chapters of Therapy before I started this just to refresh myself. It all came flooding back.

Wasn't expecting that ending, you got me well and truly Kathryn Perez.

*"Life is a series of chapters in a huge book we call life."*

This is closure, if you haven't read Therapy, go do that right now.

A beautifully written, full circle. I needed this part, I feel completed. Kathryn Perez gives us the HEA we so desperately needed. I loved every word. I had tears running down my face throughout the entire book.

HAPPY tears, sad tears, tear of joy. These characters have been engraved in my heart, every single line written was a gift.

### **Crimelpoint says**

Jest to zakończony księgi "Terapia", jednak nie mogę powiedzieć, by mnie usatysfakcjonowała. Byłoby trochę nijakie. Tak naprawdę takie zakończenie pasowałoby do każdej księgi. Spodziewałam się chyba czegoś innego, jednak nie zmienia to faktu, że fajnie, i że w ogóle powstała ta nowelka.

I was lucky enough to grab this one early on. Supposedly this addition to Therapy has disappeared from Amazon with no date as to when it may be re-released. There was a lot packed into a short novella that I

---

would certainly have been disappointed not to have been able to read. Part of one of my favorites thus far this year.

### **Kim Markett says**

Beautiful. That is all.

### **Talon says**

When I think about this book I think about closure. Kathryn ends us in a good place in Therapy but we get even more with Therapy Ever After.

It's not a spoiler to know that this is a HEA. Because if you have read Therapy you know what happens.

Kathryn's writing is no shock with this one, she creates a novella that transports us all back to a time when we read and devoured Therapy. Plus you get a little more with this book \*evil smirk\*

### **Lori Wills says**

**Beautiful.**

Once again, I'm at a loss. The tears are still falling as I try to review this book. My heart hurts, yet feels whole at the same time. Thank you for writing this beautiful story Kathryn Perez.

### **Kerry Melton says**

Amazing It was the perfect ending to Jess and Jace story it was just BEAUTIFUL it was more than than I expected

---

### **Paige says**

This follow up to Therapy was short but packed a lot into the short story. While I don't think you have to read this, it's always nice to back to a couple you enjoy. Jess and Jace had a lot to overcome and this little bit showed how they did that.
