Brothers

K.C. Falls

Brothers K.C. Falls

Brothers. Souls. Boys. Men.

Two families meet and collide in the heat of Carolina Low Country in this steamy beginning to the Brotherhood of Souls Series. Brothers introduces you to their world.

Beauville is a town that's late to the 21st century. The Covingtons don't color out of the lines. The Souls don't have any lines.

Darren and his brothers are fixtures in the lives of Sarah Covington. From the day he rode up her driveway when she was just a girl to the horrible day he left her at eighteen, Darren's marks on Sarah's life fill her coming of age with passion, desire and the frustration that comes from wanting someone you cannot have.

The quartet of wild boys each have their own set of devils to conquer. In Brothers, you are introduced to the world of the Souls and the women who will be tangled up in the saga of rebellion and adventure as their lives unfold.

Meant for adult readers, this steamy coming of age novel is five flames in heat and raw language.

The Brotherhood of Souls Series:

This series is composed of six interconnected stand-alone novels that tell the stories of Grayson, Wyatt, Darren and Noah Soul as well as their cousins Harlan and Holly . Brothers is the introduction to their world. Darren, Grayson, Wyatt, Noah, and Holly are available now, and Harlan, the final in this series, will release soon.

Miahnstef says

Omg this book is hot

I can't wait to hear what Daren and Sarah are up to next. Somehow I think I know what she never told him and secretly hope I do. But this book is a great start to many go follow I assume. On to read the next book now

Cynthia says

Great Story

This was a great beginning to this series. Sarah has had a crush on Darren for years. Her father helps him get into college and he doing great. So now his brother Noah working there.

Phoenix says

This book flew by as I read it. I finished it in one sitting. I liked the book but it really is a set-up book for the others in the series. I loved all the characters and all their personalities. The book leaves a trail of hints about future books leaving me wanting to know more. I, too, am a SC girl from birth until now and although not as genteel as Sarah, I can easily identify with the expectations and assumptions of being a born and bred Carolina Girl. Even better...my name is Sarah, too. So, I easily connected with her on many levels. Falls does a great job capturing the low country of SC. I love how I can hear the southern twang in my head as I hear her talking. Good read!

Kay says

Sarah comes from a well off Southern family in small town Beauville. Darren Soul and his brothers are the town bad boys. Sarah has been in love with Darren since she was 12 years old. This story starts with a young couple discovering who they are. Darren moves away and goes to college leaving Sarah at home to grow up. When Darren comes home for a break he and Sarah have one night of HOT sex and then he leaves. To see if they get their Happily Ever After you have to read the next book in the series. This is told from Sarah's view and does not give a background or view from Darren.

Diana Reeves says

The first crush is the hardest

Darren Soul, the small town hired farm hand and one of the towns best looking guys, is working for the towns wealthy "Covington's". Sarah Covington has known Darren most of her life and lusted for him since a very young age. Darren has never given Sarah must notice until she turns 18 and is about to go away to college. Sarah has only ever wanted Darren but he sees her as the "rich, snobby, bitch, above everyone else, including him. Sarah wants to change his mind. This was a quick read and spun a little too fast towards the end of the book, in preparation for book 2. Good story but seems to sped you up and drop you.

Joootje says

Lekker!

Lucinda says

So not standalone

Seriously wait until the series is complete and buy as a box set. I was so freaking waiting for something to happen to make it a story AND NOTHING DID!

Joan Neal says

Good.....but

I was not warned that this was a prequel. It's basically the setup of the whole series, and it's the beginning of Darren and Sarah. It's a great start, but know to find out what happens next you have to buy the next book.

Ms Lady Jones says

I liked the story a lot but was upset the story was no t finished.

Savannah S says

Happy I got this book

Wasn't disappointed, a couple grammatical errors but over all a great read! Can't wait to read the next one! !

Debra Johnson says

Not K.C. Falls best work. Was like reading a little girls diary for the most part. Kinda 'Meh'

Amanda says

Seriously?!?! First off, I'm from SC and we don't talk like this! Second....is this really what teens are like now or do I just not remember it right?

Lauren says

Such promise

This is the intro book to Darren's book. This is the story of Sarah and Darren in their young and high school years. You knew from reading this their lives would be intertwined and complicated. Two people from different worlds that try to make it work.

Cee Cee Houston says

I really, really loved this book. I felt all the emotions Sarah went through with her obsession with Darren. He was a boy from the wrong side of the tracks but Sarah was drawn to him from the first moment she saw him roar up her parents driveway on his noisy bike. Over the year's she fantasized about him. He was her first love, her first kiss and the man to make her a woman. But she made mistakes and Darren left her thinking she was a stuck up snotty nosed brat. K.C Falls write beautifully and emotively. I was desperate to find out what happened next and the second book, Darren did just that.

Teon says

Man, I liked this book.

I enjoyed this book so much I have already bought the next one and will probably start on it immediately. I am thrilled to find a new to me author. There are other series I'll have to dive into.

Sarah comes from a wealthy family in a small town in SC. She has a serious crush on the bad boy from down the road who works on the family's plantation. I would say that this ended as a cliffhanger. It didn't stop in the middle of an action but in a weak transition from one stage of life to another.
