Tequila & Lace Kimberly Knight

Army Strong and dripping with sin ...

Paul Jackson had his dreams mapped out. He'd graduate from high school, attend college, go pro for football, marry his high school sweetheart and live happily ever after. Until his high school sweetheart threw away everything he never knew he wanted. Throwing caution to the wind, he put his country's dreams before his own.

The Army was a perfect distraction from *her*. It helped him become a man. To serve, to protect, to fight, to become *strong*. But when Paul returns home after three tours, he knows there's nothing better than sexy woman, a shot of tequila and a pocket full of cash.

But he still thinks about *her* ...

Joselyn Marquez's life changed the night of her seventeenth birthday. A forty-eight hour roller coaster trip sent her running for her life. She was homeless, and her family had disappeared. All odds were against her.

But sometimes the odds work out.

Years later, she's an FBI agent serving as an undercover escort to investigate sex trafficking in Las Vegas. When the investigation connects her past, will she be able to do the right thing or will she still keep running from the night of her seventeenth birthday?

Tensions will rise.

Sparks will fly.

Passions will soar.

And the past will come knocking ...

Brandi Flanagan says

Let me start by saying I LOVE LOVE LOVED this book!! It was hot hot hot!! I usually get chapters and snippets here and there while Kimberly is writing.. This time NOTHING!! She wouldn't even talk about it. Talk about killing me slowly! Once I got my little hands on this baby I couldn't put it down!! I stayed up until the wee hours of the morning reading about Paul and Joss. This book pulled my heart in every direction.. Broken and full all at the same time. Their story is devastatingly beautiful, gorgeous and sexy. Tequila & Lace is one of my favorite books by Kimberly. Pre order or grab it on release day. You will not be disappointed!!

Clare Allen says

hot as hell a d drip drip drip. Paul believes that he has lost his one chance at love and then someone falls right into his line of vision and he falls hard. joss has one thing she has to do but didn't think that fallen in love was it. two people that help each other and do what they can for each other to. love catching up with Gabe and autumn to.

Danielle says

3.5

Finally we get Paul's story and I have to say I think I enjoyed this book a little better then the first book in the series.

Paul was in love when he was in high school and he got his girlfriend pregnant. She ended up getting an abortion and he broke up with her and went in the army. Now years later he's an escort and still hasn't had a serious relationship. Well that is until "Andi" shows up on his doorstep as his new roommate.

Joselyn's mother sold her virginity when she was just 17 years old. After that horrible night she ran away and left Miami behind. She ends up in DC and gets in touch with her longtime best friend Scott. Joss find out her mother and little brother left shortly after she disappeared. Now she is in the FBI and its time to go undercover but when she meets Paul she never thought he would become the one.

This story, like the first story brought up something that happens in life. I liked Joss and loved how she became a strong woman despite her past. She grew up to become a FBI agent to help others which was all kinds of awesome.

I liked Paul and his easy nature. Right away when he meets Joss aka Andi, he starts to play around with her but you can tell he is into her and wants to get to know her on another level.

I don't want to say these two characters are badly broken but it was nice to see how well they got along and started a relationship despite what they both have dealt with.

The one thing I had an issue with was the ending. I felt the book left in a cliffhanger. Joss gets the middle

man and Seth is sent to Vegas to help bring down the main guy of the operation. I guess I was just hoping this story would have been wrapped up so when Seth gets his book we have a new storyline.

This is only my second book that I have read from night but I am enjoying her writing style. I love the way we get a chance to get into both characters heads. I am really looking forward to reading about Seth and excited to see who he ends up with.

Keri Anderson (Gilson) says

I think this is by far my favorite book by Kimberly. Once I started I couldn't put the book down. Paul and Joss' story is hot, sweet and sexy. Definitely pick this one up on release day you won't be disappointed.

Terri ♥ (aka Mrs. Christian Grey) says

Quick review:

Cover: Sexy

Rating: NC-17

Thumbs Up: 4.5

Overall: It took me to an unexpected place

Characters: Well Written

Plot: A dark past with a bright future

Page Turner: Yes

Series Cont.? Yes

Recommend: Yes

Book Boyfriend: Paul

SUMMARY (50 words or less)

I love the set up for the book isn't your typical romance. I also really enjoy the mystery/crime aspects the author injects into this series. It adds more to the story than just falling in love.

For a full review and yummy pic, see my blog post at:

Jessica Griffith says

I got the opportunity to beta read this book and I am so happy I did! This was a great follow up to Angels and Whiskey, I loved Paul and Joss's story :) This book feels a little shorter than typical and it reads fast. For me this was due to the fact that the story never lagged and it was driven by the characters and the conflict. The characters are developed well as individuals and then again as they come together. You got their back stories, you got their current circumstances and then you felt their relationship start to develop. That to me is one of the best parts of the book; watching their relationship form. Paul and Joss have these funny, flirty convos and banter throughout, which I love. Even though Joss is hiding some pretty big info and Paul is still a bit burnt from a previous relationship they come together and it's really sweet to see them grow from individuals to a couple.

Another really awesome part of this book are the conflicts. I'm not going to go too in depth on these because of spoilers but the conflicts that each of them face individually and then the ones that they eventually face together are huge driving factor in the book and is the main reason why the story moved quickly and kept me hooked.

So to sum up, if you liked Angels and Whiskey you will definitely love this. Even if you were ambivalent or haven't had a chance to read it (which you should cause it was awesome too) you should absolutely read this. I don't think you'll be disappointed :)

Stacy says

I LOVE PAUL!!!! He is a sweet and sexy man that I fell in love with in the first book. Then this one comes along and just makes me fall harder for him. I loved this book and am honored once again that I was able to beta read and then get the whole story early. I couldn't wait to be able to read it all in one setting and I pretty much did that when it was finished. The characters were great and the story flowed and pulled you in wanting to know what was coming next. Can't wait for the next book. You are going to want to get this one as SOON AS it releases!

Sarah Larson says

Tequila and Lace is the second book in Kimberly Knight's Saddles and Racks series. I haven't read the first book in the series but fortunately this one can be read as a standalone.

Paul thought he had everything figured out his senior year in high school. He was dating the love of his life, was getting ready to go pro in football, but then his girlfriend ends up pregnant and his life starts to spin out of control. Vanessa decides she isn't ready to be a mom so she tells Paul she is going to get an abortion. They go their separate ways and in a spur of the moment decision Paul joins the Army. After he finishes three tours he moves to Vegas and becomes an escort. He still hasn't been able to let go of his feelings for Vanessa but is happy to please women in any way he can. Will he ever be able to move on and find a HEA with someone else?

Joselyn's life was changed forever on her seventeenth birthday. She was tired of being treated like crap by her mom so she decides to run away from home. She moves in with her best friend Seth and decides to become an FBI agent. She is sent to Vegas as an undercover escort to try take down a sex trafficking ring. She hasn't been in a relationship for years because of the trauma she experienced as a teen. She ends up moving in with Paul and is immediately attracted to him. Will she be able to let go of her past issues with men and let Paul show her how a woman deserves to be treated? What will happen when Joselyn's past collides with her future?

I really liked the connection between Paul and Joselyn. Destiny brings Paul and Joselyn together and teaches them that everyone deserves to find happiness. The secondary characters added lots of depth to the storyline. I was a little disappointed with the way the story ended. There was so much going on at the end and we never get closure on a few of the issues.

Jan says

Exciting!

Joselyn Marquez's virginity was sold at the age of 17 by her own mother, all dressed up and excited to be given a ride in a limo for her birthday except it was a ride she wasn't expecting. Joselyn ran away that night and now years later is going undercover as an FBI agent to put the men behind bars that sell women's virginity and take young girls.

Undercover as an escort in Vegas Joselyn changing her name to Andi is placed in an apartment sharing with another member of staff from the agency.

Paul Jackson ex armed forces and an escort was not expecting the new house mate Andi to be a woman, a beautiful woman and one he falls instantly for with her smart and sassy mouth.

I loved it, Tequila and lace was fast paced and Joselyn and Paul quickly fell into a relationship but Joselyn hadn't had sex since the night of her 17th birthday so many years ago and Paul who is used to having sex regularly wants nothing more than to wait as he knows Andi is special but she has secrets he has yet to discover.

This is a two part story and as Joselyn gets closer to putting men behind bars and cracking her case her relationship with Paul is also heating up.

I'm Looking forward to the next book and seeing where the plot will go.

Told in dual first persons pov

Jenny Rapp says

Courage, Hope, Love

This book was truly amazing and I am so honored to have been given the chance to read an Advanced Copy.

Let me just say first that this book blew me away!!! You know you are reading a good book when you feel the emotions of the characters inside yourself. There were times that I found myself holding my breath because of the events that were happening. The emotional roller coaster I was on lasted from the beginning to the end, but I wouldn't have wanted it any other way.

Both Paul Jackson and Joselyn Marquez endured traumatic events in their teens and neither felt that they could ever get close to someone or love again. Paul turned to the Army to forget about his past, leaving his football scholarship behind as well as the girl who tore his heart out. Joslyn ran to the only "family" she had left after the horrific events on her seventeenth birthday, then joined the FBI to help get her life back together. They both end up working for Saddles & Racks, but for two totally different reasons – Paul to forget and make some serious cash, and Joselyn to go undercover to investigate sex trafficking. Both

characters were so patient and understanding, that is was hard to not fall in love with them.

Once again Ms. Knight approached two very sensitive subjects with discretion and class.

This is a stand-alone, and you don't have to read Angels & Whiskey first, but I highly recommend it because Gabe and Autumn's story is just as amazing as this one.

I cannot wait for Seth's story, I am sure that it will be just as fantastic as the other two books in the Saddles & Racks series.

Marisa says

##This was given to me in exchange for an honest review##

It just keeps getting better! I thought Angels and Whiskey was an awesome story, but this was so, so good. Paul is broken from a relationship in high school relationship vowing to never love again. Joss is sold by her prostitute mom on her 17th birthday. Years later Joss has become FBI while Paul is an escort. They meet when she's assigned as his roommate as she's undercover. He falls for her but she pushes away because of her past. This story has surprises that kept me turning the pages! Wonderfully written, suspenseful and then....the cliff hanger. Can't wait for the next one!

Bobbie says

Kimberly Kincaid's books always surprise me. The way this book started out I thought it was going to be cute, a little fluffy and a quick read. Well, it was a quick read all right, but the last thing this book was, was cute and fluffy! If you read the first book in this series, then you had already met Paul. Paul works as an escort for a service in Las Vegas and when his roommate moves out with his fiancé, Paul gets a new roommate who happens to be the heroine of the book. Her name is Jocelyn and we get to know her background in the first couple of chapters. When she meets Paul as her new roommate, she is working for the FBI and is undercover. This leads to the plot of the book which is a romance, but with a serious plot about sexual trafficking in Las Vegas.

I thought this was actually a very serious topic but one that I was intrigued by and could not put down. I finished it in one seating! I am really enjoying the journey this series is traveling and look forward to Seth's book next. Although this book is part of a series, it definitely can be read as a stand alone.

Thanks to Kimberly Kincaid for letting me read this ARC for an honest review.

Chrys says

RECEIVED AN ARC FOR HONEST REVIEW

Firstly let me say thank you Kimberly for bestowing me with the privilege of receiving an early copy and allowing me to review. I am humbled.

Let me say I loved Paul Jackson from Whiskey and Angels so when I knew his story was next it was a no brainer to want to read about him and who would capture his attentions. None other than Josie Marquez, an undercover FBI agent.

6% in and I'm swallowing thickly saying OH NO!

8% in snickering at Paul and laughing then another Oh no not long after that.

The roller coaster of emotions that went through me whilst reading these first scenes is a testament to Kimberly

Knights excellence in writing and her ability to make the reader be there with the characters.

Despite the serious topic of the book Paul and Joss' scenes keep a permanent smile on my face. I love the fast pace nature of the story and way Paul and Josses relationship develops. For they have both been through traumatic experiences in their lives making them wary of giving themselves to others, but how fitting that they find one another and repair each other.

Now I need more

Jos says

4.5 Emotional and Very Sexy Stars

I was very graciously gifted an ARC copy of this book and so I immediately dove in! I have to say, wow, I really liked the first book in this series a lot but I have to say that Paul's story moved up a notch and in a very good way:)

Paul's back story was so heartbreaking but yet, oh what a beautiful insight as to Paul's character. He was gorgeous, athletic, smart and my gosh did he know how to love and with such passion:) He had so much going for him in high school, a beautiful girlfriend whom he loved with all of his heart and a promising football career ahead of him and then, BAM, yep, a heartbreaking event caused him to turn his back on all of his dreams and start a new life. His new life of course led him to his best friend Gabe and his future wife Autumn (their story is in the first book of this series) and of course working for S & R, lol, I STILL can't get over the career paths these 2 took, lolololololol, I say this because when I read the first book I hadn't read any reviews so I had no idea what I was in store for, heheheh, but when I started this book I was so glad that I was "prepared" for it this time around, lol!!!!

Joselyn (which is my name btw and so funny to see it in a book and with the exact spelling too, spelled with an S and not the typical C) had the most heartbreaking back story, I am not kidding when I say I was in tears for her at the start of this book! She honest to goodness was so damn broken but yet as much as she had gone through she still held out hope to be loved and cherished as she often thought about as a teenager. What happened to her was horrific and it broke my heart into pieces. She definitely made a move to turn her life around and pay it back and I couldn't help but applaud her for that:)

When these 2 meet, it is the funniest of circumstances, wink, wink, and there is an instant spark between the both of them. I absolutely loved the slow burn between them and when they finally gave in to their desires, wow, it was amazing, beautiful, heartwarming and oh yeah, very sexy too:) Their story was fast paced, the writing flowed perfectly and what I really loved was that the story unfolded straight to the point. I love when a story between characters can play out without all the unnecessary drama and the high level of angst along with it and this story was refreshing. Now don't get me wrong, I do at times love the drama and the angst but sometimes I just want to read a really great sexy romance and yes, this story was it!!!! Once I started, I literally didn't put it down, except for about 5 minutes, lol and I loved that it kept my interest peaked at all

times!!

OK, so now you may wonder why not 5 stars and only 4.5 stars, well, it was the ending. Don't get me wrong, I loved the ending but I also was a tad bit frustrated that we are left with a very tiny cliffy. Yes, I say a very tiny cliffy because I was left feeling 99.9 percent satisfied but there is an issue that remains and I wish that it had just got wrapped up in this book. I assume there is a method to Author Kimberly Knight's madness, lol, and I am also assuming it was done with the best intentions and so with that being said, I guess thinking about it, it just may add some added excitement to Seth's story. So I do understand in a way although I don't have to like it, lol. All I know is that I am loving this series and can't wait for the next book:)

Congrats to Author Kimberly Knight, this was a great addition to a promising series and I can't wait for more:)

Wendy says

First, I want to thank author Kimberly Knight, for allowing me to be a member of the T&L beta reading crew. It was fabulous to not only get that opportunity from someone that was already on your list of favorite authors, but it was awesome to chat and break down parts of the book with the other group members as we started to read.

Now...I can't see how someone would NOT dig a KK book, but bias feelings aside, this hottie of a book was spot on for me. I loved the tale of two broken people, finding each other, getting strength to heal and move on from each other. Insta-lust is never a negative for me when it's written well, and I can always count on that being the case with Kimberly's books. Throw in some suspense, blush worthy smutty goodness, and a nearly wrapped up ending, and its my kind of book for sure. I'm thankful her series isn't following a bit of trend as of late, where at times a story that could be knocked out beautifully in one book, is dragged out into 3 with too much time in between. I appreciate authors that have a story in mind, get it on paper, and don't make a dramatic telling into multiple books over time.

Jump on this book, pre-order or release day! (9/28/15) You don't HAVE to have read Angels & Whiskey first, but I'd recommend it...because, well, its another hot story and we get to visit with Gabe and Autumn in T&L, seeing how love is treating them. Thanks again KK for allowing me to get my greedy little hands on this book and being a teeny tiny part of your process! <3
