It's Not Just About the Money

True wealth is not about buckets of cash. True wealth is not about designer clothes. It is not about a new Mercedes. It is not about living in a palatial estate. True wealth, asserts David Gikandi, is about discovering value within yourself and value within other people. It is about a kind of conscious living that incorporates gratitude, a belief in abundance, and the experience of joy.

Based on the recent discoveries of theoretical physics and a close reading of inspirational classics of the last century, Gikandi creates a new model for the creation of personal wealth; a new model that shows readers how to create abundance by saving, giving, offering charity, and building happy relationships.

Learn to use an internal mantra to build wealth consciousness. Practice conscious and deliberate thoughts and intentions. Decide, define, and set goals you can believe in. Practice gratitude, giving, and faith, and experience abundance and joy in your life.

Includes a 16-page study guide--for individuals and group use.

#### **Just okay...**

I loved the affirmations “I am wealth. I am abundance. I am joy.”

The rest of the book is a repetition of all the emotional denial books out there. ie, “Turn your cheek away from any emotion except joyful ones”. Like those more difficult emotions magically evaporate into thin air and bring wealth.

Spiritual bypass, such as this, sell. It’s time we wake up, folks, to our true emotions and give them real life. If we create a safe space to let these emotions move, that’s where true wealth lies.
