Tasha says

Okay this is book #13 and its about Kennedy. Now how was I supposed to know it's really a girl. Surprise!!! According to Gerard they all know she is a girl and have been knowing her secret but what they don't know is how she like Rabby ended up on their field. Kennedy doesn't actually want to leave Culloden because she doesn't want to go to the other side nor does she want to meet up with Prince Charlie. She just wants to try and keep her brother from coming here in the first place. She gets her chance and Wickham helps her. But what do she really discover? Oh I'm sooooo not telling that one. You'll just have to see for yourself.

Linda says

past is done

you cant change the past but maybe you can alter it a bit and leave a bit of love ror the future

Kathy says

A fascinating tale full of lots of surprises.

Tiff's*Addictiontobooks says

Can't wait for the next book. Love that they are available with KU.

Stephanie L says

This is book 13 in the series. You will want to read the first short story, The Gathering, for the background of the Muir witch before you start the rest of the series. After that, each one can be read as a standalone .

I love ? this series! I will not say much about this story so I don't give anyway any spoilers. It's worth the read.

Mary says

Great story.

Can't wait to read further stories in this series. I just can't enough of them. Thank you for a great series of stories.

Tammie O says

Unexpected Joy

What a wonderful story of love and sacrifice. Just like all the other Culloden Moor Books this one is a winner .It grabs hold of you and doesn't let go even at the end!

Angelosdaughter says

I Almost Avoided This Novella

...and there's little I can say without revealing Kennedy' s secrets so, I will just say that I loved this cliff-hanger of a story which stays in Scotland, and in a far-off time. I like that. On to my next choice in the series. I don't read the stories in order.

EvilAntie Jan says

Sweet

This is a really sweet but woesome story. A lo e story gone off track and it took 2870 + years to fix a wrong. Kennedy gets it right and so does LL Muir in this story.

Carolyn says

I just love these stories about the Culloden '79. This one has quite a unique twist. Nope! I'm not telling! Loved it! Can't wait for the next one. ;)

Carol Everson says

Unbelievable what these brave souls went through.

As always another great story from the 79 ghosts of Muldoon. The chance to change how it happened is it the way to go or not. Will the reward be worth the challenge. Will Kennedy hold up his end as he did before just asking. The next in story I hope is in the works. Watching for the next book.

Fate & futures

Once again I can tell you I loved this and the continuation of the series. Kennedy's character is fierce and never gives up. Without giving much away I can tell you once you start reading your not going to want to put it down. The ending was completely different from all the others and leaves you wanting more. Well Done!

Linda Anderson says

Best series I have ever read

I have laughed,cried and dreamed along with the characters in each book.I WAS ALWAYS IN A RUSH TO GET TO THE NEXT BOOK AND DID NOT Take the time for a review ,I apologize for it this is the best I have ever read and I am an avid reader!

Samantha says

What ever you do don't read reviews because people will spoil it for you. Just read the book. And I can not wait to see what happens next for these two characters in te book.

Pamela Heckel says

A do over

If you could repeat a moment in time, which moment would it be? Would you do anything differently? Would you change history?
