Little Green Frog Lift a Flap

Ginger Swift

Little Green Frog Lift a Flap Ginger Swift

Follow this little green frog and meet all the animals that live around the pond. The chunky board book has especially thick flaps for baby to grasp and lift. Simple sentences reinforce future language structure. Illustrations include lots of details to hold babys attention.

Megababy says

I love books with flaps, and this one is great because the flaps are nice and thick so I can't accidentally rip them off. It is not a very long book so I usually make mom read it 2-3 times in a row. There were lots of animals in this book, including a few I didn't know before. Now I know about raccoons, and lizards. Lots of them are sleeping in this book, and I tell mom about it every time. At the end, the raccoon wakes up!

Amy says

A very cute, non-fiction board flap book about a frog and other forest animals.

Selby Gunter says

This is my baby's favorite book. We read it every night before bed. She giggles when I flip the flaps open. Great art too.

Jon(athan) Nakapalau says

Loved this book! Reminded me of when we had frogs in my neighborhood.

Kellie O. says

A sweet lift-the flap book.
