## **Final Justice** Fern Michaels , JaQuavis Coleman **If You Want To Win, Get The Sisterhood On Your Side**

The seven women of the Sisterhood—Myra, Annie, Kathryn, Alexis, Yoko, Nikki, and Isabelle—have risked everything in the name of justice, including their own freedom. Their most recent mission promised to reward them with a presidential pardon and a chance to leave their enforced exile. But before they can enjoy their prize, they'll have to tackle a risky new mission in the heart of Sin City.

Myra and Annie's childhood friend, Beatrice, needs a favor. Her estranged daughter, Marble Rose, has been enjoying a stroke of good luck at the casinos lately—the kind of luck that makes enemies of the most powerful people in Vegas. Those people want Marble Rose stopped, permanently. But as the Sisters investigate with the help of their ally and attorney, Lizzie Fox, they discover a web of corruption that will pit them against their most ruthless opponent yet. Armed with Alexis's red bag of tricks, the ladies are about to put a daring plan in action. They've never failed before, but in Vegas, there are no sure bets—and this time, they'll have to wager everything they hold dear...

### **Praise for Fern Michaels and her Sisterhood novels...**

"Delectable...deliver[s] revenge that's creatively swift and sweet, Michaels-style." —*Publishers Weekly* on *Hokus Pokus*

**Fern Michaels** is the *USA Today* and *New York Times* bestselling author of *Up Close and Personal*, *Fool Me Once*, *Picture Perfect*, and dozens of other novels and novellas. There are over seventy million copies of her books in print. Fern Michaels has built and funded several large day-care centers in her hometown, and is a passionate animal lover who has outfitted police dogs across the country with special bulletproof vests. She shares her home in South Carolina with her four dogs and a resident ghost named Mary Margaret.

### **Mike Corgan says**

Great chapter in the Sisterhood series.

---

### **Lyn Soulia smith says**

I like this series. It keeps me wanting more. Thank goodness I have many to go. I love the characters that she has made. Every time a new character is brought in, I get worried about the sisters, lol. Funny how you can get wrapped up in a series.

---

### **Bookish Enchantment says**

Just a bit different to the previous in the Sisterhood series. Not so much violence and more brains not brawn type storyline.  
Highly enjoyable.

---

### **Marisela Fuentes says**

#### **Great book!**

Fern Michael and the vigilantes did not disappoint me in this book. Love this series of books. Taking on Vegas in this series. If you are a fan it's a must read.

---

### **Nancy Prins says**

I usually like Fern Michael's books, but didn't care for this one. There were too many characters that were never developed. The plot was never fully realized and I found my mind wandering numerous times while trying to read.

---

### **Peggy Stockdale says**

Love these sisterhood books!

---

### **Jeanette says**

This is #12 in the series and the Sisterhood is once again taking on a mission to right a wrong. While they

---

wait for their Presidential Pardons and a chance to leave their forced exile they're tackling a new mission in Las Vegas. Myra and Annie's childhood friend Beatrice, needs a favor. Although she's monetarily rich, her relationship with her daughter is dismal at best. However; she's requesting the Sisterhood's help to save her daughter from the clutches of the most powerful people in Las Vegas. Loved this one, especially for the unexpected twists and turns, some good, some not so good. :)

---

## **Heather says**

Sisterhood # 12 Rules of the Game # 5

3.5 stars

Sisterhood vs Las Vegas

So in this novel the Sisterhood aka the Vigilantes have a very intresting mission; help get a woman, Marble Rose, out of jail and take care of the Inner circle of the Babylon Casino. A group of women take on the big bads from Vegas.

A few highlights are:

Fox meets a man she does soon forget and her 'intrigue' tends to be a bit costly for Cricket

Jack gets to drive or rather torment The Sisters in a Hearse.

We meet a guy names Little Fish and discover Annie has forgotten how to flirt...completely

A quick mention of the presidential election going on

And yet again Snafu take place but that doesn't stop Isabelle from catching the eye of a certain guy.

Overall decent book. Dialog gets a bit crazy at times. Story flows alright. Great if you are all about women vigilantes righting a few wrongs. However, I'm always a bit disappointed about the lack of romance. We get little tid bits and teaser but thats it. To me it feels like I'm eating my cake without the frosting. Great action, drama, and excitment and friendships but romance is basically hinted at.

---

## **Kem says**

I have mixed feelings about this one. There are fun parts and a somewhat good ending, but the path to the culprits is not clear. Lizzie has a big part and meets her future husband. Some of the dialogue is hokey. Some parts are just not believable.

---

## **Colleen says**

A bit silly and predictable. Not my favorite Fern Michaels book. I did though enjoy the Las Vegas connection.

---

### **Linda Walters says**

Oh this was a good one. Loved this one. So much so that I blew through it faster than I wanted to. I enjoyed it so much that I didn't want it to be over. I laughed quite a few times while reading this one too. Also, Maggie is really rocking it as the head of "The Post." What's going on with Ted Robinson? Is the changes he is showing for real? Lizzie meets her match? Is it possible that ugly Cosmo Cricket (what a name) can really appreciate her? Can he get her attention? He's rich, smart, powerful but its going to take more than that to go toe to toe with Lizzie. And huge, did I mention that he's compared to the size of a tank? Don't forget the name, " Stu Franklin". I think we just might hear about him again in another story. I still get a big kick out of Smart-mouth Jack and some of his conversations, are so funny. And he sure knows how to aggravate people on purpose when he wants too. The female version of that is smart-mouth Annie. Gutsy Annie and her interactions with "Fish" were downright funny.

As usual one job turns into several with surprises. Really good twist at the end. Everyone wins. Well everyone but the bad guys.

---

### **Nikki says**

All I can say is I have had enough. I question why I have continued along with this series. I thought that was to be the 'final' book in the series. If it is then Ms. Michaels sure left a lot of unfinished business!

Also all through the book I kept thinking here we go again...totally unrealistic. Just once I wanted one of the vigilantes to get caught. I hope I can stick to my word and not read any more of the sisterhood books if there is more. I have had ENOUGH. Are we really suppose to believe this crap? Another few wasted hours of my life that I will never get back.....Am I the only one who feels this way, or are there others out there???

---

### **Melissa says**

There has to be books before this one cause I had no idea what was going on in the beginning and no idea who these vigilantes were. But it's a good book. They're defiantly a tight nip group of people. I thought Cricket and Lizzie thing was awesome! And Annie and little fish, wish I knew what happened to them after.

---

### **Margo Haydu says**

This book and the whole series of the sisterhood Nicky... and as well as there male counterparts.... Jack... I've read them all.if you like adventure, suspense, 'an eye for an eye' type of book... Then these are for you. A vendetta.. Against women by cruel men... Then this is for you...  
I'm waiting for the next installment

---

### **Carol Holcomb says**

Slow start on this one! But by far had the most humor!!
