Diamonds in the Trap Dama Cargle

Diamond, Aqua and Sapphire Dubois grew up having it all and wanting for nothing. Due to their mothers' illegal ties to the underworld, the world and everything in it was pretty much theirs for the taking.

Since she could remember all Diamond ever wanted to be was Dr. Dubois. Her mother had always told her that anything she wanted, she could have, and when Diamond laid eyes on Saint, she wanted him. Although Diamond got her Saint, she was unprepared for the reality of loving a kingpin.

Aqua Dubois walked with a switch and spoke street slang. She was the definition of an around the way girl. Aqua and her boyfriend Brick had that hood love, they fussed, fought, and loved hard. Other females... namely Brick's baby's mother, Kim, were like his kryptonite. He couldn't leave her alone, even after Aqua follows her mother's advice and gives him what she thinks he needs.

Homeless at the age of fifteen, Trap had to man up and fast! He didn't choose the street life; the streets opened up and swallowed him whole. Trap held fast to his dreams of becoming a musician. His hood lifestyle and love for a good beat produced by his best friend and right hand, Country, will be the birth of Trap Lyrical rhymes. One fateful night changes everything, leaving Trap's future uncertain.

Indigo always thought he was a fatherless child, but within 24 hours, the man he thought was a figment of his imagination comes into life, and places him in the heart of the trap. Faced with living in a strange city with family that he doesn't know, Indigo is happy to meet a new friend. Friendship is where it's supposed to begin and end, but the chemistry between them can't be denied... even if she once belonged to his brother.

Murder, mayhem, drugs and success all come together in this gripping tale of what happens when love, the streets, and temptation collide, and they all come to realize they're just "Diamonds in the Trap"

Flawless Diamond

This was a fast pace story, the characters were well developed, Diamond, Sapphire, Aqua are first cousins their mothers are twin sisters, they ride hard for each other, but the fast life that they chose well bring death to their door steps.

I enjoyed this book very much, it did have a few missing words, but the the story was good. Can't wait to start the second book!

Good book!!!

Good book, poor Saint, Diamond was too in love and that tore her up. That was messed up with the moms and Brick getting caught up, can't believe she snitched. Aqua was a hothead and got herself in a world of trouble. Sapphire was just being greedy and got caught up. I hope Trap is ok. Diamond better watch Indy, he wants her in the worst way, lol.

I can't be aqua mom really girl! Diamond, I'm not sure how she's going to feel once she learns about Saint secret & that Trap knew. Nija know Saint was with Diamond all alone they both down bad smh. Indy need to focus on something else!

Surprisingly good

Hey shout out to Tallahassee Florida. It was good reading a book based in your home town. I really enjoyed this book it was a little busy but good. I think Saint and Brick got with Diamond and Aqua because they were naive when it came to men. I couldn't believe Aqua's mom was a rat. I want indigo and Diamond to get together?and that Aqua finds someone to love her the way she needs to be. I can't wait for part two.

This storyline was a little more original than most in this genre which was great. The characters were more laid back and less focused on street life which was nice for a change. There were of course some clichés but I grew attached to these characters and this was definitely a page turner.

Excellent

I enjoyed the first part if the book, the book kept me interested the entire way through some misspelled words but its OK no big deal on to part 2

Drama Filled

I like the story. It was busy but good. In the beginning I was confused with the introductions of all the characters. I wasn't sure how they were connected but it came together somewhere in the middle. I was wondering where Indigo came from. Diamond, Sapphire and Aqua had it easy in the beginning but had to learn to adjust to not having their mothers in their lives. I love Diamond, she's a planner and knows how to save for rainy days but Aqua is spontaneous and just jumps into things without thinking. Although Sapphire got into some trouble, I found her to be smarter than Aqua. Maybe since her arrest, she's grown wiser but I don't think so. I hope Diamond and Trap get together because I can't see her with Indy. Even though Saint's dead, it's not cool doing brothers. As for the parents, I'm wondering if they'll be doing life or what? Yeah this book is full of characters with lots of drama but I'm about to get parts 2 & 3 because so far it's looking to be a good series.
