Jennifer says

hot but too short...

Smutty McBookwhore says

4. this needs to have a higher rating stars.

Alright...I'll say it. The stepdaughter thing is totally weird to me. But, that doesn't mean it isn't real and most likely happening a lot in this lifetime. So come on people, if you don't want to read something like this, then move along. Don't give it a bad rating because you don't like the IDEA of something that happens in real life.

This novella was SO HOT! Then tension in the beginning was crazy. Completely steaming up every part of my body. #stillflushed

I would recommend it and I would read it again. If you are looking for a novella. Look no further and GET ON THIS! (my only complaint:too short)

Bookloverme says

2.5 Stars

I don't read reviews before I start a book and now I don't know if it's a good thing. I know the story is a very short one but I forgot what it's all about.

The story is about Marcus and Nadine.

She's his stepdaughter. Her mother walked out on them five years ago. He said their marriage was a sham. No passion or need. Did they have sex? I want to think they did not do it but no passion or need doesn't exactly means they didn't.

There's no epilogue. He wanted to get her pregnant but the story ended after the first time they had sex. I need an epilogue. I need something like a proposal or if he got her pregnant. It feels incomplete.

SAFETY:

(view spoiler)

Denna says

2.5 stars! Don't get me wrong this book is very hot and it's so short it is literally about them getting it on and that is it. That being said although never really confirmed I'm almost 100% sure he slept with the mom. Which I get it they were married but I can't deal with that! That is just a no no for me.

April Symes says

This is a super quick read and it has a lot of heat, chemistry and heart! His Obsession is by a brand new author, Roxie Brock. Marcus has been raising Nadine, his step daughter, for five years now ever since her mother walked away and just left- left them both. Now Nadine is 18 yrs old , a very beautiful and sensual woman and Marcus finds he wants her as more than just his step daughter as he realized he is in love with his stepdaughter, more than just stepfather/stepdaughter love...its way deeper than that. He wants things from her that he knows he can never have...or can he?

This is a short steamy story told in the stepfather's POV and its definitely a taboo read but very tasteful. The main characters are not related. Only thing I would have liked to really make this a better story would be an epilogue to know how the characters are doing.

My Rating: 4.5 stars *****

"I voluntarily reviewed an Advance Reader Copy of this book in exchange for an honest review***"

Carol [Goodreads Addict] says

His Obsession is the first book in the brand new His Collection series which is made up of six books by six different authors. His Obsession is by a brand new author, Roxie Brock. This is a short, hot, book which was so well written I find it hard to believe it is Roxie's first book.

Marcus has been raising Nadine, his step daughter, for five years now, ever since her mother left them. Nadine is eighteen now and is both Marcus's reason for existing and the torment that haunts him every minute of his days. Nadine is perfect in every way and he wants things from her that he shouldn't want, that he can't want, that he can't have. Finally, the want becomes too strong. He can't fight it anymore. And Nadine utters the one word that is his undoing: "Please."

Oh my gosh, this was a scorcher. You would never know that this is a debut for this author. She is most definitely going to stay on my radar for the future.

Lisa Staples says

The Daddy Porn kink was not a trope I really thought I'd get into, but well done Roxie Brock, opinion changed!! This is an outstanding first offering from this author in that she nails (pun intended) the sizzling passion and the Daddy dominance without it being at all cringeworthy!

She even tackles the stepdaughter/father relationship really well given the short lead up in the story to establish their background!

I received this ARC in return for my honest review and I will undoubtedly be seeking out more from Roxie Brock!

?Tonya? says

2.5 stars

Going in, I knew it was going to be short (30-ish pages) so I was prepared for it to not have a lot of storyline. I had never read this author and I didn't read any reviews so I didn't know what to expect. It was one evening. No word on what happened after- did they stay together? Did she get pregnant? It just ended. The nagging thought in my head was the fact he was married to her mom- there was no explanation to whether he slept with her or if it was a marriage of convenience. I NEEDED that info. The lack of it brought this story way down for me. I could have looked past the lack of epilogue because of the length, but that missing info just wouldn't do.

Crimson Syn says

The force of his desire for her began to overwhelm his self-control...He was raging for her so deeply, he couldn't even speak. He had no words anymore. Only pure desire. He stared at her hard, the stare of the hunter going after prey.

Roxie Brock is new to me author, but she has one hell of a kinky potential. I loved how hot this book was. It was a short insta-read filled with a lot of lust filled dd/lg. Marcus is one hot stepdaddy and when he finally gives in to his taboo feelings, he makes sure his stepdaughter never forgets who she belongs too. Damn! Very hot!

Jennifer Finn says

Honestly if this book wasn't free on Kindle Unlimited I would never have read it because I refuse to pay 99¢ for a 32 page book. Maybe if I absolutely loved the author but I believe this is her first book. To me it seemed even quicker than 32 pages it was like- express feelings, sex, and bam ? it's over. It was genius though for a brand new author to have her book in a series with other well known and beloved authors and I'm sure she'll sell a lot because of it.

Marika says

Well then, what can I say? taboo all the way and scorching for sure!
It's a dirty short story and I enjoyed it haha but I wished for more details about them and their past, also about their "relationship" or whatever you want to call it.

Siobhan says

In all honesty, this is more of a two-point-five star rating than a three star rating. I knew going into this story that it was extremely short, but even for the length I had expected something slightly more from it.

His Obsession had the potential to be an interesting taboo romance. It was well written, it was an intriguing notion, yet it didn't have the necessary substance to sustain my interest. It read more like a preview of a story, a snippet, mere scenes, rather than a complete story. It was okay to pass a bit of time, but some of the essentials were lacking. If I was reading this as a snippet I would go ahead and read the entire book, but as a complete story – there really wasn't enough for it to blow my mind.

Overall, there was potential but it didn't quite live up to my expectations.

Jamie Leigh says

Good read

This was a well written short dirty read. I personally thought it was too short. I would have liked some more details.

Flavs is Mrs David Gandy♥~♥' says

Voluntarily reviewed a copy of this book

Short sweet and totally over the freaking top

My first book by this author and she is new too. The writing was so good and just had you hooked from the first page.

This is a over the top hot possessive tempting and taboo read. So be warned. But if you in the mood for all of the above then here you go

Peggy Lee (Reading Keeps Me Sane) says

His Obsession is a sexy, step-father taboo quickie. It's part of the HIS Collection. Six authors, six stand alone books dedicated to Daddy's everywhere.

Marcus is in love with his stepdaughter, Nadine. He fights his feeling until one night when she pushes him into action.

This is a short steamy story told in the stepfather's POV. It hits hard on Taboo. Marcus raised his stepdaughter after her mother left them when she was thirteen. This shorty may not be for everyone. I enjoyed the it but I would have like a epilogue in Nadine's POV.
