From Reader Review Craving His Best Friend's Ex for online ebook

Karolyn says

I am not sure why i thought this would be good, but i made a mistake.

Bonnie O'Donnell says

this was a good story. Maybe I'm a bit old fashioned, but I was put off by the graphic sex scenes. I really do not need so much detail in the description. A good story can portray the ultimate passion without it. I enjoyed the way things worked out even though there were no surprises. Thank you for sending me the copy that I won on goodreads.

Diane Hernandez says

Ethan is Craving His Best Friend's Ex in this perfect light summer read.

Ethan and Mason are best friends. When they see Crissanne at a college party, Mason, always the impulsive one, approaches her. Mason and Crissanne have a romantic relationship but Ethan is envious and regretful that he didn't approach Crissanne first. Twelve years later, Crissanne knocks on Ethan's door in Cole's Hill Texas. She and Mason, who live together in Los Angeles, have broken up. Crissanne's feelings of friendship for Ethan begin to deepen. Ethan reluctantly reciprocates but worries that Crissanne is only using him to make Mason jealous. When tragedy strikes, will it drive Crissanne and Ethan together or force them apart?

The tug of war between guilt and desire is well defined in Craving His Best Friend's Ex. Both Ethan and Crissanne's conflicting feeling make sense. The story is compelling and the sexual tension is hot. Craving His Best Friend's Ex is a great beach read. 4 stars!

Thanks to the publisher, Harlequin Books, and NetGalley for an advanced copy.

Neva Womack says

Thank you Good reads give away, Katherine Garbera and Harlequin Books for the gift of this book. I enjoyed the story line and only had 2 chapters left this morning. I finished the book, I half-way expected the ending but was still not disappointed with the story. A light read for the summer. I recommend it to people who enjoy romances.

Tonya says

I won a copy of this book in a goodreads giveaway. And while it's not normally a book I would pick up and read I really liked it! The characters were relate-able and the story line, while sometimes predicable, keep my interest the whole time. I could have read this book in one seating, but I had to make myself put it down to

sleep, then picked it up and finished over coffee the next morning.

This book is only only 218 pages long, perfect to take on vacation and read on the beach or on the plane! I believe it is also part of a series, I'll be looking into other books by this author/in this series!

Lynn Brooks says

Forbidden love! With the next book in Katherine Garbera's The Wild Caruthers Bachelors series, we get Ethan's story. He's lusted from afar for years after he moved too slow to make the first move before his friend swooped in and made her his, but when circumstances put Chrissanne within his reach for once, temptation may be too strong. The characters and situation were attention grabbing, and the plot had a bit of intrigue to it as well leaving us wondering what was going to happen for awhile there. Enjoyed it!

When the woman he loves shows up on the doorstep of Ethan Caruthers, he should be thrilled ... if only she wasn't his best friend's girl! When she makes the announcement that she's suddenly single and needed a friendly ear, Ethan takes her in and offers her comfort. He's wanted her since the first moment he saw her all of those years ago ... but you can't get with your best friend's ex ... can you?

Chrissanne Moss can't believe she's wasted so many years of her life on a man that doesn't want forever with her. When she needs a friend, who else would she turn to but Ethan? She has known that he has feelings for her for awhile .. should she admit her attraction as well? When surprising news comes, they are blown away and seek comfort with each other ... but can it last considering their history?

Christina Montminy says

This was a really good book when I actually got the chance to read it...(life kept getting in my way). I enjoyed the characters of Crissanne & Ethan, they were fun, compassionate & very sexy. I like the idea behind this book, the jilted girlfriend & the best friend, especially when one has loved the other for over 12 yrs. With the death of the ex-boyfriend & best friend the field is open for them to explore what might have been all those yrs ago. With dealing with their grief & trying to figure out how they feel about each other, this story becomes an emotional roller coaster ride with a twist. Very good. Definitely recommend.

Katie Hansen says

Interesting storyline with amazing characters that you will absolutely love and will capture your attention as soon as you start reading. I highly recommend that you check this book and author out like I did.

Madison Warner Fairbanks says

Craving a His Best Friend's Ex by Katherine Garbera

An absolute favorite of mine is the Harlequin Desire line. Romance, passion and happily ever after. In this book, the hero and heroine, Ethan and Crissanne, have to deal with survivor's guilt. His best friend and sounding board was killed in an accident. It's her ex and while she knows it was over with Mason, does

she only want Ethan for his family and friendship or it is more? Ethan feels equally guilty because he's always wanted Crissanne as his own. From the very beginning. They each must do some self analysis in taking the next steps in a relationship.

Packed with emotional situations, this romance was touching, heartbreaking and so very lovely, I cried at several scenes. Happily. Family and other included couples in the story told me this is part of a series and I will absolutely be reading those books as well.

A new favorite author for me.

I won this book in a Goodreads Firstreads contest. Thank you to the publisher for providing it.

Sandy Pipp says

This was a short story but to the point. Very steamer in the bed at times. A tearful ending but a good one.

Mary Ortiz says

I loved this book it's a great read for anyone who loves romance. In this story Ethan has wanted to be with Crissanne for more than a decade but she is with his best friend Mason. After Crissanne and Mason break up she shows up at Ethan's home. They start to wonder if they can become more than friends and if their feelings are more than friends. They get the devastating news that Mason's plane has crashed and everyone on board has died. They are dealing with survivors guilt and don't know if what they feel for each other is real. Can their friendship really lead to more and the family Crissanne has always wanted? Thanks to goodreads , the author, and publisher for the chance to read this book.

Ash Luna says

Ravishing, Sultry, and Seductive. Craving His Best Friends Ex is super sexy and puts the romance at a all time high. I ate this book up and felt so hot and bothered thru out and the love story didn't stray far from the sexual tension which made it amazing!

K.J. Harrowick says

First off, I love the premise of this story - aching for a relationship with someone that by all societal standards you can't have. It's one of my favorite romantic tropes.

While the writing was decent, I struggled to connect with this story. This is subjective, but I like really, really broken characters, and these two weren't. They each had a few personal struggles, but nothing that felt really deep or immersive.

I also (again subjective) really struggled with the world-building. i.e. There just wasn't any, so each scene felt very general, not unique to the story.

I made it as far as 60% before I wasn't really enjoying it. This is simply my personal tastes as I need more complexity, mystery and immersion from a story. But for readers who like really simple, sweet romances without a lot of complex issues, you'll probably love this. :)

Carrie says

I won this book from Goodreads Giveaways . Thank you.

Eileen says

Friends since college, Ethan has accepted his loss of dating Crissanne to his friend Mason despite his strong feelings for her in Craving His Best Friend's Ex by Katherine Gabera. Now, twelve years later, Mason has decided to let Crissanne go because he didn't want to get married and have a family yet. With nowhere to go, heartbroken Crissanne seeks comfort and a place to regroup by landing at Ethan's front door. Ethan is happy to help her out but he is not sure their friendship can become more once he lets his true feelings for her come out.

I enjoyed reading this story but struggled with the characters. I struggle with the reasons Crissanne stayed with Mason despite his treatment toward her. Also, she knew Ethan had feelings for her and her for him, more than friends, but wouldn't leave Mason on her own. I did like how much stronger Crissanne became during the story; more confident and independent. Ethan was an enigma as he kept his feelings and emotions in check, afraid to share these and his thoughts with his brothers or Crissanne. The author allowed us, the reader, to see inside Ethan's head but no one within the story. Ms. Gabera is an excellent story teller but fell a bit flat in this one. I do recommend this book to other readers looking for a quick read and enjoy forbidden relationships.

I voluntarily reviewed a complimentary copy of this book.
