Alpha's Mate

Eve Langlais

Alpha's Mate Eve Langlais

Villains aren't supposed to rescue damsels, and pack alphas are known to have complete control of their wolf. But when Fabian saves a certain lady from drowning, everything he knows gets tossed away and only one thing becomes clear: she's his mate?and someone wants to kill her. Hell no. Protecting her, though, is only part of his problem. He also has to convince her she belongs to him. In her words, "Hell no."

When she flees, little does she realize this wolf loves to chase. And when he catches the woman he wants? She'll become the Alpha's Mate.

From Reader Review Alpha's Mate for online ebook

Chelon says

A quick read. I have read several books by this author and so I expect a "feisty" female who is able to give as good as she gets. But there is a fine line between feisty and obnoxiously rude, this is an obnoxiously rude female. I just couldn't stand Viv, should have let her drown then maybe he could have found someone I actually wanted to read about. If you make me despise the main character in the first chapter there will be no redeeming her, had to force myself to finish. Also Fabian had the least alpha, masculine thoughts I have ever read.

I was given an ARC for my honest review.

Beth says

The Alpha's Mate is fast, fun and full of sizzle.

Vivienne is kidnapped by two bumbling idiots and they just might be the death of her until Fabian, the alpha wolf shifter, rescues her from drowning and takes her back to his pack. Jumping from the frying pan into fire, Vivienne ignites Fabian's hunting instincts when she runs from him. To top it off Vivienne can't remember anything. Both Vivienne and Fabian quickly realize that Vivienne is much safer under his watch because there is someone out there that really wants Vivienne dead.

Lots of sexual chemistry but not a lot of developed romance. A shorter read, so it is perfect for those who enjoy easy, entertaining novellas with a heated shifter romance.

I received this ARC copy of **Alpha's Mate** from St. Martin's Press. This is my honest and voluntary review. **Alpha's Mate** is set for publication Jan. 30,2018.

My Rating: 3 stars

Heather says

I'm not usually one for shifter books, but the blurb intrigued me enough to try this one. It was a very quick read, easily finished in one sitting. I thought Viv's reaction to what Fabian's true identity and what she saw

that night was glossed over. I think the author should have spent more time on this part of the book.

Overall not bad, just too short for my preference.

Cassandra says

My Thoughts - 4 out of 5 Unicorns - I really liked it!!!

***I choose what I read and review based on what intrigues me!! Yes, I got a review copy of this book, but no one tells me what to think, feel, or write about any book! I haven't bought this one yet, but I did buy the first two in the series, so I could read those.

The cover is what attracted me to want to read the book!

Well I know I own quite a few of Eve's books (21 to be exact in ebooks and probably some paperbacks too), but this is my first review of one of her books. There is never enough time to read everything I want or even own.

This is the 3rd book in this series, and you can read them out of order because I did. It is for adults only due to the violence and steamy content. It is about 80 pages long and a quick read.

This book was mysterious and action-packed because the leading lady has no idea who she is, so Fabian calls her Vixen. Someone wants to kill her, and Fabian will not allow it. They have a mystery to solve about who she is and bad guys to lure out. This was a great read, and I didn't see some of the curve balls that were thrown. This made it more for me because I love when an author can surprise me. I don't want to give anything away because I don't want to spoil your adventure.

I recommend to shifter fans who want an action packed read especially if you like Eve's work! I'm already reading the next story that comes right after this one!

Sofia Lazaridou says

Alpha's mate is a stand-alone story by Eve Langlais. The story is connected to some other novella's, but you will have no trouble getting into this one. The story begins with our heroine, who has been kidnapped, trying to save herself before the evil people who have taken her have the chance to kill her. That doesn't go very well and she ends up almost drowning, but Fabian saves her and together they try to find out what is going on and who would want to kill our heroine. I am not going to say her name because for most of the book she has amnesia and she is clueless about everything that is going on in her world aka the existence of shifters. Together, she and Fabian try to solve the mystery behind the weird circumstances she found herself in without killing themselves and find their happily ever after.

The funny thing about this story is that I actually read the novella that follows Alpha's mate before I got my hands on this book and I had already met these characters, but I hadn't paid much attention to them. Fabian mostly seemed eccentric and a little weird to me, but after reading this novella everything fell into place. And I not saying this in a bad way. I read them out of order and I was still able to enjoy the story, so my saying that this is a stand-alone novella is true. I can't wait to read more stories in this universe.

Carvanz says

Fabian is never going to settle down or allow a woman to collar him. As the alpha wolf of his pack he's got a reputation to uphold and it's a lot of work being the bad guy. When he rescues Vixen from the river after she was tied up and tossed in to drown, he realizes pretty quickly that she's his mate.

This is a fast, fun, humor filled read that has a little meat on its bones. Not my favorite by this author but still highly enjoyable.

This is an honest review of an advanced copy provided by NetGalley and St. Martin's Press.

Sissy's Romance Book Review says

Alpha's Mate by Eve Langlais is book Three in the Fabian Garoux series. This is the story of Vivienne and Fabian. I haven't yet read the the other books in this series but enjoyed this enough that I want too. This book opens to Vivienne being kidnapped and dumped into a river to die but Fabian happens upon them and saves her from drowning. But Vivienne has amnesia doesn't know who she is...but she does have a personality that is funny. Fabian is funny too trying to fight his feelings that she is his mate. But loses in the end and does all he can to protect her.

Lillian ? Cloud 9 Books ? says

***** 4 Stars *****

Can be read as a standalone

A quick steamy paranormal read.

Vivienne doesn't remember who she is or why dangerous men are trying to kill her. All she knows is that she can trust Fabian Garoux, the sexy alpha who saved her.

This is a fun read with a little bit of humor mixed into it. An enjoyable fast story that doesn't disappoint.

Fly Girl Wickedcoolflight blogger says

I got my hands on another Eve Langlais early release... Well, not quite. This one actually released in an anthology a little while ago and is now being released on it's own.

Fabian is a little older than many of Eve's other heroes, but being an Alpha sometimes takes time to build the reputation that Fabian certainly deserves as the Alpha Wolf. When he happens upon a woman with no memory, he is truly in a quagmire of deep self reflection as his wolf decides she's the one. Fabian doesn't go down without a fight against his wolf nature, but he does go down faster than "Vixen." I don't want to give any spoilers, so we'll just use Fabian's nickname for our heroine.

Vixen on the other hand fights mother nature like she's caught in a leg trap. Oh, and she loves Fido references that get the hackles up on Fabian. Her personality is super evident in how she handles Fabian. She is a take charge, no nonsense kind of heroine and when you discover her full story at the end, it is right on track with how you see her. Since it's a short story, losing her memory allows her to drop her inhibitions and just let nature takes its course in their relationship building.

The ending delves into the next story in the series, which I might add sounds good, funny, and steamy as well. So pick this one up and delve into the Their Furever Mates series for a little romantic crush. I'm giving this a 4 of 5 propellers because I'd have liked it to be a little longer and the ending was a little rushed, although not lacking in details.

All Things Urban Fantasy says

Review courtesy of All Things Urban Fantasy:

Villains aren't supposed to rescue damsels, and pack alphas are known to have complete control of their wolf. But when Fabian saves a certain lady from drowning, everything he knows gets tossed away and only one thing becomes clear: she's his mate?and someone wants to kill her. Hell no. Protecting her, though, is only part of his problem. He also has to convince her she belongs to him. In her words, "Hell no."

When she flees, little does she realize this wolf loves to chase. And when he catches the woman he wants? She'll become the Alpha's Mate.

You've just been thrown from a cliff into a river, your hands and feet are tied and you smashed your head on a rock. You'd be a bit snippy too, even with the nice (and nice-looking) fella who just dove in and saved you. Especially when you realise you don't remember your name.

The mostly-unnamed heroine of this short story may have needed saving when Fabian first found her, but throughout the story she manages to hold her own against assassins, well-meaning butlers and the wolf who has decided she's the One. Some paranormal romance heroines tag along, but even without friends or a name, this one questions his decisions and is instrumental to saving herself multiple times. She doesn't know why she knows how to pick a lock or drive a motorcycle, but she's going to use those skills regardless!

I felt like THE ALPHA'S MATE lacked some of the humour other books by Eve Langlais, which made the short story feel shorter. Still, I enjoyed the small cast of characters and even the cheesy "Happily-Ever-After" epilogue at the end.

If you like your shifter tales fast and sexy, this one is a wild ride.

Marta Cox says

Three and a half

Having read the other short stories in this series I'm over the moon to finally get Fabian's very own story. It starts with a woman who has been kidnapped and her two somewhat bumbling kidnappers who are trying to kill her. No explanations as to why or even indeed who she is as she hits her head and loses her memory.

Now luckily local bad ass and Wolf Alpha Fabian hears the commotion and jumps in the river to save her.

Ok saving damsels in distress might not be the norm for Fabian but when he realises his mystery woman is his Mate there's no way he's letting her go no matter how hard she tries to leave !

Perhaps not as full as laugh out loud moments as other stories by this author but nevertheless I thought the couple suited each other. Our heroine constantly challenged Fabian which led to interesting banter. This pair have chemistry in spades and not a shrinking violet in sight ! Plus I will never look at a tattoo gun the same way again but my lips are sealed. Perhaps the big reveal at the end could have been expanded but nevertheless I enjoyed my afternoon reading this.

This voluntary take is of a copy I requested from NetGalley and my thoughts and comments are honest and I believe fair.

Pamela says

Title: Alpha's Mate - Fabian Garoux Book 3

Author: Eve Langlais

Publisher: St Martin's Press

Date of Publishing: January 30, 2018

This book given to me by NetGalley and St. Martin's Press in exchange for my honest review.

Alpha of the local wolf pack with a small contingent of cat shifters, Fabian jumps into the murky waters to save the tied up woman thrown in by two goons. Saving her is only the beginning. It seems the woman has lost her memory and does not know who is trying to kill her or why. When he gets a good whiff of his beautiful "Vixen" it seems Fabian has found his mate. He is not ready to give up his care free days just yet. Then Vixen takes off and the wolf is ready for the chase. Soon Vixen is sure she is in a nightmare. Men turning into bears and wolves. The world has gone crazy or she has.

Fabian gets carried away and claims Vixen. Determined to find the threat to his mate and remove it permanently. Vivian exerts her independence and shows the reader that not all female mates are meek and mild. With thrills and suspense in abundance from the start to the climactic. Fun quick read with strong well rounded characters and an absorbing plot.

I gave "Alpha's Mate" a 4.5 out of a total of 5 stars.

Maranda says

Dramatic opening with a kidnapped women facing death! Vicious bad guys! Who is this women and why has fate bestowed a hero to the rescue? Quick shifter read that stands alone even though this is a part of a series. Eve Langlais proves her skill at molding alpha characters that have erotic results. "A copy of this book was provided by St.Martin's Press via Netgalley with no requirements for a review. Comments here are my honest opinion."

Heather andrews says

Fabian gets offensive at times, "I do not mope ," he grumbled, shooting her a dark look over his shoulder. "I brood." Fabian is not one for interruptions, "This better be effing important," Fabian snapped as he righted himself, his eyes again emitting that odd golden glow." I loved this book, it had so much humor.

Jo (Mixed Book Bag) says

A short and fun read in the Eve Langlois tradition. Fabian just does not know what to do with the woman he saved and she does know who she is. That does not keep her from letting him know she is not a push over. It was great watching Fabian try to protect her while she tries to do her own thing. Add in the fact that she is his mate and you have almost more fun than you can stand.

I received a free copy of the book in return for an honest review.
