Dear Wife Kimberly Belle

From the bestselling author of *The Marriage Lie* and *Three Days Missing* comes a riveting new novel of suspense about a woman who, in a fight for survival, must decide just how far she'll go to escape the person she once loved

Beth Murphy is on the run...

For nearly a year, Beth has been planning for this day. A day some people might call any other Wednesday, but Beth prefers to see it as her new beginning--one with a new look, new name and new city. Beth has given her plan significant thought, because one small slip and her violent husband will find her.

Sabine Hardison is missing...

A couple hundred miles away, Jeffrey returns home from a work trip to find his wife, Sabine, is missing. Wherever she is, she's taken almost nothing with her. Her abandoned car is the only evidence the police have, and all signs point to foul play.

As the police search for leads, the case becomes more and more convoluted. Sabine's carefully laid plans for her future indicate trouble at home, and a husband who would be better off with her gone. The detective on the case will stop at nothing to find out what happened and bring this missing woman home. Where is Sabine? And who is Beth? The only thing that's certain is that someone is lying and the truth won't stay buried for long.

Wow! I sped through this book like a late-night train!

Kimberly Belle is at her best with her latest. A psychological thriller, mystery, who-dunnit all wrapped up into a delicious and thrilling ride with a killer twist you won't see coming.

Natalie says

This is really a fine read, twists and turns galore. The reader is told the story of the disappearance of an abused woman. The narrator, Beth, tells us her story, her fear and her plans to escape. We also hear the husbands story, denying guilt in her disappearance. Finally, the detective, determined to find the missing wife and connect this to the cruelty of her husband.

The escape plan is ingenious, name changes, new identity struggles. Each part of this makes us more sympathetic to the woman on the run, but this story is anything but the obvious. The author brilliantly foreshadows what the reader will learn, but with incredible subtlety.

I moved quickly through this book and finally figured out what had been laid out in front of me. I was hooked. I totally enjoyed this ride and will recommend this book without giving away any part of this mystery ride.

Great read, timely topic, spousal abuse. Reading groups will find plenty to discuss.

Kimberly Belle is an auto buy author for me and one I recommend to all my reader friends. This is her very best book yet. It was like a roller coaster, the anticipation of having it in your hands so excited to read. Then the twists and turns keep you reading far into the night. I tried, I truly tried to savor it and read slow but honestly I just couldn't. If I wasn't reading, I was thinking about the characters and the story line and couldn't wait to get back to it. I thoroughly recommend this book if you love psychological thrillers that keep you reading way past your bedtime. I received an advanced readers copy from NetGalley and Harlequin Park Row. All opinions are my own.

AMAZING! This is Belle's best book! I found myself flying through it, trying to figure out the twists I knew were coming, and couldn't wait to know. It was so chilling, it made me shiver with goosebumps. And so intriguing I was up way past bedtime. This is a must read for any Belle fan, and a must for any psychological thriller lover. It was done with respect to the subject matter; but still in a way that will give you goosebumps and chills!

I will be highly recommending in chapter chatter pub and making sure that I use in a challenge!
