## Runaway Bobbi Smith

Having assumed another man's identity, a rugged loner discovers he's expecting a mail order bride. What he doesn't know is that the bride-to-be isn't who she claims to be either. Can a marriage based on two lies end in true love?

## From Reader Review Runaway for online ebook

### Lynda says

A western themed story about a Texas Ranger who went beyond his duty to capture a gang of robbers while retaining his identity as a man of character and true to his word. As usual, love came to him at an unlikely time and changed his way of life.

This story setting was not the kind of book I would select to read for myself. It was given to me and with trepidation I thought I would give it a chance. Surprising it reminded me of an old western movie and it had all the western trappings including a bar, a ranch, bad guys, a damsel in distress, greed, kindness, love, and a happy ending. "Runaway" was not the gritty, rough tough western one would expect; although, it did have fighting in a softer form. This book gave me a different perspective of what a western themed story can be rather than the preconceived notion I carried in my mind. As a change of pace, it was a nice read.

### Sharon Sherman says

Interesting story line.

---

### Carrie Felton says

It was cheesy and predictable but it was a cute story. I just love them Rangers :D

---

### SheLove2Read says

CONCEPT of the story was great: heroine running away from evil stepfather, changes her name and poses as mail order bride, marries hunky Texas Ranger who is also posing as someone else in an attempt to catch an outlaw - they fall in love, happily ever after.

Loved the hero. Absolutely adored him. Alpha male, dedicated and honest and didn't take any crap from anyone.

I'm on the fence about the heroine. I can understand her running and changing her name, no problem with that. But she goes from virgin on her wedding night to wanting to have sex multiple times a day, right away. Just seemed kind of odd.

The writing was horrible. Stilted and choppy, almost seemed like a first effort but I know this author has many published works. If this is an indication of her style, will not be reading anything else by her.

### Greeneyes Belle28 says

Really good so far

---

### **Judy says**

Picked this book up at the train depot at the book exchange. Enjoyed reading it while riding for 5 hours. Good western love story.

---

### **Michelle says**

The story line was good but I couldn't get passed the writing. It seemed like Smith was telling the story to a child...

---

### **Mom23greatboys says**

I read this through Kindle Unlimited. I really debated between 4 and 4.5 stars. I loved this story. A women threatened with a forced marriage takes the place of a mail order bride to get out of town fast. Unbeknownst to her, the man who contracted for the bride is an outlaw who is basically using it and the ranch as a cover for hiding more outlaws. Luckily for her, the outlaw is stopped on his way to the ranch and when she gets there she meets the Texas ranger posing as the outlaw. This a well written historical western with wonderful characters and great story telling. The heat level was a 6 (1=Christian, 5= fade to black, 10= erotica). I've been reading Bobbi Smith for years and I love they are now available on kindle.
