Doug says

Another good read by William J. Johnstone.

I love the Preacher series. They are all good reads and worth the effort. Now on to the next one.

Terie Bailey says

The Best So Far

No doubt the best of Johnstone's work that I have read thus far. Multiple characters, plot twists and plenty of action as always. Out of his element, Preacher holds steadfast to his principles and learns a little along the way. Don't miss the authors note at the end; truly profound and refreshing.

Sue says

I had seen this story before but this was much better written.

Eric says

Preacher helps out a couple of youth who are helping the church recover a lost treasure. Of course there are others after that same treasure and Preacher must protect the group from the intruders. Preacher in the end safe the day and helps the Padre see the true meaning of Christian works.

HornFan2 (Mike) says

While it was an excellent read, kind of bummed since the majority of the book was written by the late much beloved William W. Johnstone, and it's the last one in the Preacher series were any of the writing is by him.

Any of his books are excellent, when you get to the ones with J.A. Johnstone seems the continuation of his series by his estate are decent and the newer ones are hit or miss.
