The urgent need for prayer in today's broken world is clear, but busyness still keeps many of us from finding time to pray. So Bill Hybels offers us his practical, time-tested ideas on slowing down to pray. This four-session Bible study based on Hybels's classic book on prayer, *Too Busy Not to Pray*, calls both young and old to make prayer a priority, broadening the vision for what our eternal, powerful God does when his people slow down to pray. Hybels helps you slow down, listen to God, and learn how to respond. As a result, you will grow closer to God and experience the benefits of spending time with him. Designed for use with the video.

This has been my Bible study for January. This has been one of my favorites, mainly because of the discussion engendered by the book. I would recommend this book to anyone who wants to help their prayer life.

Ryan says

This book is great for a small group bible study. Prayer is direct communion with the living God, and this book has great insight into deeper prayer practices and learning to understand that knowing Jesus as our savior is not all he is, he is our friend. He desires to hear from us and what a blessing and invitation that is!

Anna Andersen says

I really liked this authors point of view and he pointed out some things I have not thought of before. This convicted me and now challenges me to really slow down and spend some time with God, but it has to be away from the house... way too many distractions for me!

Ji Mun says

The author gives pretty practical suggestions and examples on why we should pray, and how we should pray more. It was worth reading.

Janet says

A great book for our small group at church - I plan to use many of the ideas to help my own prayer life. I encourage you to read it by yourself or with a small group. There is a DVD and Study Guide that go with it.

Very helpful questions to dive deeper, but some of them I didn't really know what to do with.
