## **Affirmation** Sawyer Bennett

Things are off, and I can't quite put my finger on it. Some things, however, are the same. For example, the sex with Matt is just as nuclear and consistent as it always has been.

Still... I feel like I'm holding onto Matt with my fingertips, like he's on the verge of slipping away and I don't know what to do.

When I started these Legal Affairs, I had no way of knowing the depth of feeling that would become involved. I had no way of knowing this man could shatter my existence.

I don't want to be hurt, so I'm grasping hard and I can only hope that he wants me enough to hang on just as tight.

*\*\*minor spoilers\*\**

***EVERYTHING HAS TO COME TO AN END...***

The *Legal Affairs series* was a total

for me.

In the final installment *Affirmation* Matt has to overcome his "issues" and learn how to trust again.

I have to admit, I was really afraid that ***MATT & MAC*** wouldn't make it. Luckily, *MATT* finally came to his senses and opened up to *MAC*.

***BECAUSE...***

If you're looking for something hot & steamy, an alpha male hero to die for and a very likeable, funny and witty heroine..don't look any further, cause you've found it in this fantastic series!

**Arabella ~?AB?~ says**

4.5 Stars for Matt Fucking Connover, love this series :)

---

**Michelle says**

Mac and Matt haven't had an easy go at their relationship. From a one-night stand, to being employer/employee, to lovers and finally to a relationship... but Matt is slowly closing himself off. Mac can see this and no longer ignore it. She knows she has a choice to make, one that will change her life but also require her to give up Matt. Maybe Mac walking away is just what Matt needs so he can realize what his

failure to let go will cost him.

Bravo Sawyer. A utterly captivating serial series that not only provided two amazingly written main characters but a story line that stayed fresh. The sexual chemistry between these two was executed flawlessly, there was no way to miss the spark that was between these two. Matt's character transformation was done in a way that did not leave you with whiplash, he took his time and although he might have appeared so different by the end of this story, you saw glimpses of this Matt as the story progressed, he just hid it really well. As for Mac, although she wavered with her relationship with Matt, it felt realistic. She may have run off a few times and ran back just as fast - but rather than seeing this as a yo-yo move, it felt natural. She fought her feelings, her attraction but tried to protect her heart even when it was impossible to say no.

A fantastically written serial that delivered entirely. I can't wait to read Matt's POV throughout this affair!

#### **Hot-Serial-Stars!**

So I spent my weekend with serial hot read by Sawyer Bennett. LOL  
Pretty light reading. Not full of drama, short and hot. Hehe

Sooo.. I loved it!

No individual review but 1 for all 6 parts on <https://www.goodreads.com/review/show...>

---

### **Ilze says**

Although I am not a fan of short novellas, these series were great! Of course it helped that I didn't have to wait for each part, but I was able to read this as one long book. Mostly, I liked how each short novella ended on a surprising note - not cliffy but a conclusion with an open ending. Loved the hero and heroine, heroine a bit more though, because this time hero was the stubborn ass in the relationships. He had very understandable reasons but still I didn't like how he continue hurting Mac. Because she was awesome. I liked their connection and secondary characters were very likable too. Definitely a recommend +++

**nicklein says**

Sweet baby Jesus! I was not expecting Legal Affairs to be this good! I just devoured this in one sitting and I still need more. I still need another volume. Can I? Holy cow. I am completely in love with Matt and Mckayla's story. I was so attached to them that I even started plotting their own epic happy ending in my head but guess what? They actually had the most epic happy ending of ever! I just wish the epilogue had an extra 100 pages more. Seriously. I dare you to read this and not fall in love.

**Mo says**

**MATT FUCKING CONNOVER**

This was the conclusion to this great series. Loved all the books so far.

Mac and Matt are still “together”, at least in private. But Mac feels Matt is pulling away from her.

I used to work in Law in my previous job. Love reading stories about lawyers and courtrooms...

Overall, a very enjoyable read.

**4 Summation with a Positive Conclusion Stars**

**\*\*\* Spoiler Free**

**This was the last of a six-part series I was turned onto by wonderful Mo. She directed me to it and I had a great time reading through all of the parts.**

**He was a sexual star...she was at first just curious and then caught in the trance he put her in. Every time they were together...she would get wonky...forget to hold onto the questions she wanted to be**

**answered....the magic dick caused the fuzzies...**

When she tells him she needs more; more than just the physical...he starts to pull away. He is scared to reveal, to allow his heart to feel.

It is the last part, we have experienced it all and are due to see if...

Will he rise and become the man she wants...or will she be strong enough to leave and look back fondly on this time.

Sawyer Bennett gave this series enough to keep me hooked and interested. There was chemistry, dirty talk (always a favorite), real-life complications and enough legalese to make it seem actual...

Oh, we have a gift coming...We get Matt's POV on all of this and fingers crossed, it works.

**Denisa says**

Loved this last part!

I really like Sawyer Bennett's writing, it's damn engaging and she writes absolutely incredible characters. I really enjoyed the ending of this series/book thingie.

If not for the really short books (chapter thingies), I'd have given this book 4.5, maybe more. It was really cute and lovely and the two MCs had great chemistry and a wonderful story. It's worth trying out, even though you have to get over the small, annoying stuff.

**SueBee★bring me an alpha!★ says**

**★★★★★! Legal Affairs, part 6 of 6. Young attorney is served a shocker when she meets her new boss aka member #134 in secret sex club!**

*“I can’t believe I just got cock blocked by you... while I was inside of you.”*

I read **Objection, part 1** in the Legal Affairs serial, then I skipped over to the **box set**

## ♥Sharon♥ says

This is a review of the whole series. ♥

I know some might say this type of story has been written many times. Sexy hot lawyer guy targets a beautiful woman for nothing more than satisfying his sexual needs. And yeah I guess that is what this series is about, but I have to say Sawyer Bennett writes in a way that it didn't feel like it was a repeat of a plot I have read before. There was something different about these books that had me turning the pages like a crazy woman just to find out what happens to Matt and McKayla. There were real life things happening all around them and for me that made a bit different from the others.

When we first meet Matt and McKayla in vol. 1 Objection, I instantly LOVED Matt. He could definitely be an ass but he was also hot as hell! There was no confusing what he was looking for. He didn't mince words. He wanted a woman that would offer him nights of intense sex and nothing more.

McKayla (Mac) was great too. She too knew what she was getting into when she agreed to a date with Matt and she was ready to step out of her comfort zone and give in to one night of incredible sex. McKayla seeks out her inner slut and operates on impulse. :)

From the beginning Matt was in control of how his relationship with Mac was going to go. After their first meeting and night of amazing sex, he was a bit shocked to find that Mac would be working for his law firm. He makes an awful attempt at resisting Mac and eventually gives in to the intense attraction to her. Mac isn't complaining of course and thus begins their tryst.

These two were insatiable. Neither one could get enough of the other on a sexual level. Each and every installment we get some pretty HOT sex scenes. It could be an exchange of looks or mere words spoken that sparks something. Their attraction to each other was intense.

As the series continues we get some conflicts at work and other male interests which leads to some mixed signals, tempers to rise and unexpected emotions to surface.

Then something happens in Mac's life that pulls out a softer side of Matt. A side that Mac always thought was there and it gives her a glimmer of hope that maybe, just maybe their relationship can become more than just sex.

Matt has been married before and things ended horribly. With a bitch of an ex-wife and a friend that betrayed him, he has absolutely no interest in a relationship. But when Mac takes over control in their relationship he is faced with having to make a choice.

A choice is made and things begin to change but as much as Matt wants to have more or give more of himself it just isn't easy for him to do. Mac fears he is slipping away and doesn't know what to do about it.

I think I will leave it at that. Book 6 is the conclusion and where you will find out what will come of these

two. For me it was a perfect ending to an fantastic series.

I will say I loved both of them throughout the entire series. Neither one got on my nerves. Each book was a perfect progression. The other characters in the book added the perfect level of tension and I have to say there were parts were Matt did a little squirming and I loved that too. Add in the bitch of a wife, Mac's bff Macy, and little Gabe and you get an AMAZING series!!

Do yourself a favor and pick this entire series up. Each book is a quick, easy and sexy read. You will love it!!
