Cherringham: A Cosy Crime Series Compilation Matthew Costello , Neil Richards

Jack's a retired ex-cop from New York, seeking the simple life in Cherringham. Sarah's a Web designer who's moved back to the village find herself. But their lives are anything but quiet as the two team up to solve Cherringham's criminal mysteries.

-- This compilation contains episodes 7 - 9: THE BODY IN THE LAKE, SNOWBLIND and PLAYING DEAD. Here Jack and Sarah are called to task when the body of a dignitary turns up in a lake - with all too many suspects involved. A resident of the retirement home falls victim to the elements in one of Cherringham's worst blizzard in years - but was there something sinister at work here? And Cherringham Christmas show rehearsals spin into chaos as someone is out to sabotage the event with deadly repercussions.

-- Cherringham is a serial novel à la Charles Dickens, with a new mystery thriller released each month. Set in the sleepy English village of Cherringham, the detective series brings together an unlikely sleuthing duo: English web designer Sarah and American ex-cop Jack. Thrilling and deadly - but with a spot of tea - it's like Rosamunde Pilcher meets Inspector Barnaby. Each of the self-contained episodes is a quick read for the morning commute, while waiting for the doctor, or when curling up with a hot cuppa.

-- For fans of Agatha Christie's Miss Marple series, Lilian Jackson Braun's The Cat Who series, Caroline Graham's Midsomer Murders, and the American TV series Murder She Wrote, starring Angela Lansbury.

-- Co-authors Neil Richards (based in the UK) and Matthew Costello (based in the US), are known for their script work on major computer games. The Cherringham crime series is their first fictional transatlantic collaboration.

Jeanette says

This could have been a TV movie. It may be my favorite of the series but I'll keep reading. Love the cohesiveness of the characters.

Km says

3.5 stars ... well narrated on Audible; consistent quality of writing between stories (though all quite similar in composition! This isn't a knock on these cozy mysteries ... one gets exactly what they happily expect)

Amina says

Brilliant! It is becoming one of my favorite cozy mysteries! I love the characters, especially Jack and Sarah.

Jamie Reynolds Spellerberg says

Entertaining per usual. The last one didn't hold my interest as much, but still good.

Sally says

These Cherringham stories are short cozy-type mysteries. I listened to them grouped as audiobooks into collections of three stories. The first three really set up the main characters and a few supporting characters, as well as the Cotswolds setting of the town of Cherringham. As in many of this style of mysteries (Miss Marple, Murder She Wrote, etc.) you might begin to wonder how so many murders can take place over such a short time period in one little town, and in that sense they are not realistic. However, views of daily life and activities and types of people do not stretch belief and make for an enjoyable series.
