Arthur Tricks the Tooth Fairy Marc Brown

D.W. is jealous when her big brother Arthur loses a tooth and gets a visit from the Tooth Fairy. Arthur explains that the Tooth Fairy comes only when you lose a tooth and put it under your pillow at night, so D.W. dreams up some hysterical (but unsuccessful) plans to trick her into coming. Finally, Arthur decides to reward D.W.'s efforts by playing Tooth Fairy himself! By matching picture stickers to words in the story, kids reinforce word recognition. With the extra stickers, they can create stories of their own.

Rosa Cline says

DW is jealous that Arthur got money from the tooth fairy. So she decides that she is going to pull one of her teeth and get money. She's not quite old enough yet but she doesn't think so. But with Arthur as a brother and wanting his sister to be happy he helps her out.

Robert Owens says

A cute enough beginning reader book. I am not a huge Arthur fan, but this was all right. Arthur received a dollar from the Tooth Fairy. D.W. was jealous. She she wanted the Tooth Fairy to leave her money, but she was too young. She eventually gets the idea that if she leaves a shark tooth beneath her pillow, the Tooth Fairy will be fooled. Arthur helps out in making D.W. happy.

I would've given it 4 stars, but the title bothers me....it should have been "D.W. Tricks the Tooth Fairy." :)

A great follow up to *The Tooth Book* by Dr. Seuss, this book helped introduce the Tooth Fairy to my little one. Now she's ready to lose her baby teeth, just like D.W!

Courtney says

My children love these little books. They thoroughly enjoy each and every story, as if they are all unique and individual without any cause for similarity among them. Even though sometimes, they might seem tedious and repetitive to me as a parent, I do enjoy being able to read short-stories to my children that are clean and respective.

Rochelle Sondae says

I think this book should be entitled, "D.W. tricks the Tooth Fairy" since it is really Arthur's little sister that accomplishes the ruse. I like the two pages of stickers that come with the book. One page is to be used with this book and the other is to be used to create your own story based on the stickers provided. I had a really hard time finding all 3 hidden tooth fairies. The first two were fairly easy but that last one! I had to go through the book 4 times before I finally found it.

Prose: Modern Fantasy

D.W. is jealous that her older brother is getting money from the tooth fairy. She tries to pull out her own tooth, but she is much too young to be losing teeth. She plots a different way of getting money from the tooth fairy.

Jasmine Bowman says

Arthur loses a tooth, and gets a dollar from the tooth fairy. D.W. then becomes interested in having the tooth fairy visit her, so she buys a shark tooth to put under her pillow, and trick the tooth fairy into giving her a dollar. Arthur takes the tooth while she is sleeping, and leaves her a dollar. The next night he tries to trick the tooth fairy with the shark tooth... will his plan be successful?

For an activity that coincides with this story, I would have students write what they think will happen the night that Arthur is sleeping with the tooth under his pillow. They will answer the following questions: will the tooth fairy visit him? Why or why not?

So good

Lauren Brown says

Arthur Tricks the Tooth Fairy is a misleading title because it is actually his sister who tricks the tooth fairy. It is a good book about the tooth fairy. The ending doesn't sit well with me because D.W. believes that she got away with it, but overall a cute book.
