**Medical Terminology for Health Professions (with Studyware CD-Rom)** Ann B. Ehrlich , Carol L. Schroeder

Use a proven combination of learning principles and exercises to make learning medical terminology easier . Now in its 7th Edition, MEDICAL TERMINOLOGY FOR HEALTH PROFESSIONS simplifies the process of memorizing complex medical terminology by focusing on the important word parts -- the common prefixes, suffixes and root words -- to provide a foundation for learning hundreds of medical terms. Organized by body systems, the chapters begin with an overview of the terminology related to the body's structures and functions, then proceed through diseases and disorders, and finally diagnostic procedures and treatments. This helps students master the necessary language to describe how the human body works, what goes wrong with it, and how we treat it. Every chapter engages learners with the See and Say pronunciation system, interactive exercises, real life medical scenarios and critical thinking exercises. An updated art program includes illustrations that reflect the latest terms and procedures, and multi-cultural /multi-generational photos that accurately portray today's medical world. Built-in multimedia is included with the text on the StudyWare CD-ROM. This resource is packed full of activities that engage student with games, quizzes, animations, and an audio glossary -ultimately helping students study, prepare for exams, and achieve success . Optional workbook and online courseware is also available.

## Medical Terminology for Health Professions (with Studyware CD-Rom) Details

Date : Published March 5th 2012 by Cengage Learning (first published January 1st 1988)

ISBN : 9781111543273

### **April says**

Reading this one for school. It's very interesting actually.

---

### **Marilyn says**

now to study study study to ace my exam 4 days!

---

### **Teresa says**

Great reference on the body and terminology.

---

### **Shawna says**

whew!

---

### **Monica says**

Ann Ehrlich

---

### **Melissa says**

Awesome layout. Easy to find the information you needed.

---

### **Savannah says**

This book is laid out perfectly. I had to squeeze these chapters into a 5 week class, and there's no way I could've gotten it done if this book wasn't so organized. I really liked it!

---

### **Catherine says**

I'm amazed I forgot to mark this one as read! But I loved using it. It wasn't an exciting adventure story, but I

---

definitely did stay up late reading it! And it got me an A+ in the course so I'm happy :) If anyone remembers the date of the last day of the first semester, then I can put that as the date I finished it. . .
