**#1 New York Times bestselling author Sherryl Woods returns to charming Trinity Harbor with this classic story of a love that defies the odds**

A merry-go-round horse and an armed guard in his front yard—along with half the town—is not what Bobby Spencer expects to wake up to. So with his quiet Sunday morning ruined, he isn't feeling very kindly toward the woman responsible.

But Jenna Pennington Kennedy is desperate. She needs to capture Bobby's attention so he'll hire her to plan the town's new riverfront development. It's just the sort of thing that could prove to her father she's a responsible woman, not the reckless kid of old.

The last thing Bobby wants in his life is a sexy single mom with grand ambitions. And Jenna doesn't need any more roller-coaster romances. But in Trinity Harbor, love has a way of defying expectations—ask anyone.

### Patricia says

I must say I am enjoying this series. I love the way Ms Woods weaves her way through the story. She starts out with a very climatic event that catches your attention right off. Then there are some highs and lows for a bit. Mostly misunderstandings amount the characters. Some are funny & some not so funny. Then there is a dramatic event that happens, some more highs & lows, some hints to the ending & then the climatic ending. This story really held my interest.

I love all the characters in this story. I even like the ones that needed a good kick in the seat of their pants. The hero was a little predictable at times but he wasn't afraid of a strong woman to love. The heroine was strong & yet vulnerable at same time. I loved her daughter she was a good kid that liked to push buttons but mom stood her ground. The father of the heroine was a bully. I would have loved to slap him one. The hero's father is quite s character & I love him. There were some surprises that were a little too easy to figure out but it was ok. Some of the hero's reactions to the surprises were a little annoying. I'm glad he was a forgiving person but he was a little too forgiving at first. If someone would have drop this bomb on me & kept it a secret for 10 years I would have been furious! All & all a very good story.

Trinity Harbor, Virginia is a little ton near the mouth of the Potomac with a swath of undeveloped riverside land. The mayor wants to build condos for vacation rentals, but the owner of the land wants to build an old-fashioned boardwalk with sno cones, ice-cream, hot dogs and a carousel. With a few beachwear, souvenir and sporting goods shops, plus a cozy B and B thrown in. The ensuing battle involves nearly everyone from the local minister to the bookstore owner. The woman who gets the contract to build the boardwalk has another agenda as well: convincing the property's owner he wants to keep her too. This was a fun romance with likable characters and just enough complexity to keep me reading.

This was a fun, feel good book. I liked Jenna a lot Through the story she figures out how to stand up for herself and learns to trust her instincts. She is smart and sassy. I liked Bobby as well. When the chips fall, he steps up. In his relationship with Jenna, he supports her when needed. Most importantly he helps her see that she is much stronger than she realizes. The down side to this story for me was that we didn't get to see as much of Bobby's vulnerabilities.

Bobby Spencer's father decides that it is time to turn his attention on Bobby since he had such good luck getting Daisy married.

Jenna is determined to prove herself to her father which means getting the contract for Bobby's boardwalk project. The only problem is she is attracted to him.

## Vickie says

This is the 2nd title in the series and it's about Bobby Spencer, the chef, and Jenna Kennedy who is trying to make a name for herself with a bid for Bobby's boardwalk redevelopment plan. I listened to this and it was a nice listen. Cute story, nice characters, and I look forward to the third book in the series.

Go Cards! L14!!

## Barbi says

I truly enjoyed this book!

I read this book after reading the previous book in the series. It was nice to see that Walker, Tommy and Daisy are apart of this book.

It was neat to read/get to know Bobby better in this book. It was entertaining reading his reaction to Jenna. I enjoyed reading how King yet again inserts himself in the relationships of his children.

One of the things that I love so much about this series is the family dynamics and the love that the Spencer family has for one another. It is the type of family that everyone hopes for because they are there for each other.

New York Times bestselling author Sherryl Woods returns readers to the beloved Southern town of Trinity Harbor with a story of second chances and finding love in unexpected places How could the sensible daughter of Trinity Harbor's self-proclaimed patriarch have taken in the boy caught hot-wiring her car? Whether the boy is a modern-day Huck Finn or not, Trinity Harbor is in an uproar. But for Daisy Spencer, guiding the orphaned ten-year-old is... The characters are developed and are working very well together. I really have enjoyed this book.

When Bobby Spencer finds a carousel horse and an armed guard in his front yard, he's the talk of Trinity

Harbor, Virginia. Urban planner Jenna Pennington Kennedy was desperate to capture Bobby's attention and convince him to offer her the chance to plan the town's new riverfront development. The stubborn and all-too-sexy property owner doesn't want a single mom in his life, but love has a way of defying expectations. Highly Recommend, Great Book!!!

### **Donna Schwartz says**

Glad I stuck with this story. The beginning of the book did not endear me to the main character, Jenna. There were too many negatives to her life and her character. She seemed like too much of an air head and not a very good mother. That changed and I enjoyed her metamorphosis.

### **Laurie Smith says**

This is a cute romance series, the 2nd book in the series deals with bayfront development, and bullying among children.

---

### **Rachel Rogers says**

Better than I expected. The latest Sherryl Woods books I've read haven't really held my interest so this was a nice surprise. Enjoyable, quick read with enough depth to make it interesting.

### **Grace says**
