Since I have always been a Curious George fan, I thought that Curious George Makes Pancakes was a fun read. It tells about a day that Curious George goes to a fundraiser with the man that he stays with. At this fundraiser there is a chef making pancakes. At first, George slips a few blueberries into the man's pancakes. When they become a true hit, George takes over and fixes all of the pancakes. In the end, George being curious makes the fundraiser a huge success and they ask him to come back for the following year. I really enjoyed this book and would recommend the Curious George books to young readers.

Curious George Makes Pancakes is a children's book about an interesting monkey and his owner. Together they go to the annual pancake breakfast fundraiser. The money raised goes to the children's hospital. George makes blueberry pancakes and the people love them. There is a huge line just for pancakes made by a monkey. George takes the man helping him through the rest of the event. George ends up in the dunk tank and makes so much money he receives the honor of presenting the money to the hospital president. George is the main character in this children's book. He is a very curious little monkey, but that sometimes leads to mischief. George doesn't get into trouble on purpose, it just happens. His owner is the man in the yellow hat. They are close with each other and always do everything together. I would recommend this book to children in second grade or below. It is a quick, easy, and understandable read. The book provides simple entertainment and comedy that younger people will enjoy.

This is such a great book. Who doesn't love pancakes! Curious George tried to help out by making pancakes at the Pancake Breakfast in the park. He gets in trouble because monkeys aren't supposed to be cooking. This book shows step by step how to pour the batter and cook pancakes. It would be great for teaching sequencing. In the end the everyone loves Georges blueberry pancakes and the mayor thanks him.

Curious George does it again! His curiosity is a good thing this time though! The story is full of lots of great opportunities for discussions of new vocabulary (such as fundraiser, charity, mayor, etc). Also, it would be a great opener to a fun activity with pancakes! (Ex: You could do a math activity with measuring by making pancakes as a class or the kids could cut out paper pancakes and use them to do math facts!)

We all like the Curious George books. Probably because my little boys remind me of Curious George with all of his inquistiveness and mischief.

We have this book sitting out in the kitchen to make the pancakes that Curious George made in the book. The recipe is on the back.

We found this book at Walmart for \$3.00. :)

Neo has discovered the wonders of read-along audiobooks, permitting someone else to read the story while he follows along and turns the page when the BEEP sound emerges.

Curious George is excited to attend the annual Pancake Breakfast with his friend, the Man with the Yellow Hat. When they arrive, the smell of pancakes leads George off to wander around. George soon finds the grill and an overworked cook, who is flipping pancakes as fast as he can. When left alone, George takes matters into his own hands, making pancakes and adding some interesting toppings. The event is a success, but George cannot always be sure his help is appreciated. Neo liked this story and loves pancakes. He hopes to be able to make some pancakes of his own soon and discover the wonders of creating cooking.

I once worked with a young autistic boy who was couldn't get enough of Curious George. This one kept him in stitches as George, predictably, created quite a headache at the pancake breakfast.
