SMART WOMEN ... BRILLIANT CHOICES

The women of the Sisterhood are fun, smart, sassy, and determined to get their way every time. But most of all, they are the best friends a woman wants by her side in good times and bad. Meeting once again in Myra Rutledge's beautiful Virginia home, they're ready to face a new challenge and right a vicious wrong ...

Alexis Thorn, once a successful securities broker, spent a hellish year behind bars for a crime she never committed. Now she has her freedom, but she's left with haunting memories of being hauled from her office in handcuffs ... of the cell door clanging shut behind her ... of her pleas going unheard. Meanwhile the real criminals --- her former employers, Roland Sullivan and his lover Arden Gillespie --- continue to make millions by conning the innocent, especially preying on the elderly and taking their life savings. Alexis dreams of getting even. The legal system failed her, but the Sisterhood won't. They have a delicious plan that can give Sullivan and Gillespie a taste of their own bitter medicine ...

Carol says

The Sisterhood series by Fern Michaels are very entertaining, quick reads. The characters are likeable, unique women who you envision to be your neighbors. The stories move at a nice pace and although you know that justice will prevail at the end, Michaels always throws in a couple of twists and turns in to keep you engaged.

One is not left with deep philosophical ponderings after reading these books. Instead, they make you feel like you have had a nice "catch up" visit with a friend and they make you smile a "sisterhood" type of smile.

Jeanette says

Much better than the last two!! This mission was about Alexis Thorn, who was once a successful securities broker. She was framed for securities fraud/theft by her boss and his mistress (a fellow employee/partner of the firm), spent a year in jail and lost everything she held dear including her beloved dog, Grady. The legal system failed her but the Sisterhood didn't; I love the way this one was handled!!

Kathy Davie says

Sixth in the Sisterhood vengeance-suspense series set in Washington D.C.

The Story

It's Alexis Thorne's turn for her revenge. A few years back, her bosses, Roland Sullivan and Arden Gillespie, set Alexis up by draining her clients' accounts and making it look as though she had embezzled it. That she embezzled with glee from retirees. Alexis spent a year in jail, lost her license, and, worse, her reputation.

Now, it's her turn to destroy Rolly and Arden's reputation and destroy their lives. Myra's old friend, Anna de Silva, steps up to help out using her money and reputation to sucker the two brokers in.

The Characters

In the meantime, Yoko meets Harry Wong, Jack's friend, at the Asian grocery store and plays him for days and days before finally granting him a date. Ted Robinson and Maggie Spritzer are off again, on again as they try to get the goods on the Pinewood girls until finally they take it too far and pay for it in unexpected ways.

Anna Ryland de Silva, Countess de Silva, is one of Myra and Cornelia Easter's oldest friends. After the death of her family in a boating accident some 15 years ago, Anna holed up in her mountaintop monastery estate in Spain and retreated from the world.

My Take

This is one of my least favorite installments. Yes, I loved that those two got paid back for what they did to Alexis. I feel a little bad for Roland as he still loved his wife and wanted his family but he made the

choices...and continued to make the choices to leave them by the wayside. The part I disliked was that the whole scam was just too simplistic and the punishment just wasn't enough--I know, contradictory!

Why is it that Yoko and the girls all think it's so funny that Harry is so in love that he calls her 37 times in a few days? That she completely ignores him and laughs about it. That she thinks it's mysterious? Just seems mean to me.

I'm hoping I can just get through this series. I love the concept of justice, true justice. It's just so hard to read through such simplistic writing. I'm not going to go off on it...I feel like I've been a bit obsessive... I'm giving it a 3...hmmm...why that much??? I guess I'm trying to compensate for my pissiness...

The Cover

Another garden-worn hand with a great manicure holding a spray of lovely purple orchids against a green to black radial gradation. The title, *Lethal Justice*, seems appropriate. The girls were certainly lethally cruel....snicker... even if a bit juvenile in the punishment. I do love how they use the money they "acquire" at the end of each mission. It's such a lovely thing to do!

Arlene says

The Sisterhood series by Fern Michaels are very entertaining, quick reads. The characters are likeable, unique women who you envision to be your neighbors. The stories move at a nice pace and although you know that justice will prevail at the end, Michaels always throws in a couple of twists and turns in to keep you engaged.

One is not left with deep philosophical ponderings after reading these books. Instead, they make you feel like you have had a nice "catch up" visit with a friend and they make you smile a "sisterhood" type of smile.

Janet says

Fern Michaels has added a new element to the mediocrity of her Sisterhood series. The villain's eyes change color from green to blue and back again. And depending on the page you're reading, "kidnapping" can be spelled with either one or two "p"s. I would love to live in the world of the Sisters. No matter how determined their enemies are, they magically change their minds and agree to live and let live. Everything always works out, and there are no dire consequences for anyone but the bad guys.

Shelley says

Synopsis: Alexis Thorn was a successful broker whose career was on the rise. But that was before she was wrongly imprisoned for fraud. Suddenly her life was destroyed: thrown into prison for a year while the true criminals, Arden Gillespie and Roland Sullivan, spent the profits from the scam on themselves. It is time for the next revenge mission of the Sisterhood a vigilante organization whose aim is to avenge crimes not punished by the legal system.

Newest Characters added to the mix: Heiress Anna Ryland de Silva (another person who's got more money than she knows what to do with.) Reporters Maggie Spritzer and Ted Robinson don't make their job any easier after the pair break into Nikki's office and uncover evidence that could embarrass the Sisterhood. Ted is supposed to be a friend of Jack's.

Shree says

" The women of the Sisterhood are fun, smart, sassy, and determined to get their way every time. But most of all, they are the best friends a woman wants by her side in good times and bad. Meeting once again in Myra Rutledge's beautiful Virginia home, they're ready to face a new challenge and right a vicious wrong ...

Alexis Thorn, once a successful securities broker, spent a hellish year behind bars for a crime she never committed. Now she has her freedom, but she's left with haunting memories of being hauled from her office in handcuffs ... of the cell door clanging shut behind her ... of her pleas going unheard. Meanwhile the real criminals --- her former employers, Roland Sullivan and his lover Arden Gillespie --- continue to make millions by conning the innocent, especially preying on the elderly and taking their life savings. Alexis dreams of getting even. The legal system failed her, but the Sisterhood won't. They have a delicious plan that can give Sullivan and Gillespie a taste of their own bitter medicine .." Reads the official summary. I got cheated by this description.

Thought the story line and plot were good. It lacked the depth. The book failed to put me in the edge as promised. Or may be my expectations were too high.

JoAnna says

Well as always these books are easy light reads, but this one just fell short. I just feel like the antagonist were just about exactly the same as the others in the previous book. A women who is extremely beautiful, has expense taste, and is a total b****. A man who is guilty about what he is doing but going along with it. They both work and sleep together. The ending did turn out to be slightly different. Anyways i still plan on reading #7 in the series in the future!

Carol MacInnis says

Alexis Thorn, one of the chicks in the Sisterhood was in prison for a crime she did not commit. Although she now has her freedom, she is continually haunted with the past where she is taken from her office in handcuffs and thrown in prison where her cries are fallen on deaf ears. No one to help her. No one to listen to her. Except now! The Sisterhood is hot on the heels of Roland Sullivan and Arden Gillespie who were the ones to have Alexis wrongfully convicted and take over from her and is now making millions from Alexis' sweat and tears. Revenge has never tasted sweeter!!!

Sally says

The Sisterhood is back and this time to even up the score with a pair of greedy investment brokers. Myra enlists the help of her dear friend Anna, who also happens to be very wealthy. Two annoying reporters are

getting too close for comfort in figuring out what goes on behind the doors at Pinewood and the Sisterhood has to decide how they will deal with them. What lengths are the Sisters willing to go to in order to protect themselves and each other?

Another delightful read in this series!

Marsha says

A wonderful addition to the sisterhood series where a group of women who have been victims of crime have formed a vigilante group to obtain justice when the law has failed. In this episode the ladies are out to avenge the wrongful conviction of one of their members for embezzlement. Framed by her former business partners, the group uses the perpetrators greed to catch them. Especially delicious is one component of the retribution.

Nancy L. Smiralia says

Excellent! Fun read!

Fern Michaels is outstanding in her portrayal of the Sisterhood. From beginning to end the reader remains captivated wanting more and more. just when the pace becomes accelerated, it reaches its climax, leaving the reader breathless and craving more of the Sisterhood.

Anna Todd says

Lethal Justice by Fern Michaels (copyright 2006) is a work of fiction entailing several women that put their heads together to form a special group called "The Sisterhood." These women are quite serious about taking matters into their own hands and delving out justice. This book has such entertainment value! Not only do these women plot an elaborate scheme to dish out vigilante justice but they have the available means to actually carry it out. Despite the outlandish ideas, plans, and antics of the characters this book has the propensity to perhaps create a diversion for the reader and play upon one's tendency for wishful thinking. Anna Todd

Shawnee Bowlin says

The Sisterhood provided hours of entertainment once again with the story "Lethal Justice". This time they took on the dreams of Alexis and her revenge on two people who ruined her life. There are just enough background facts without boring the reader. The camaraderie between the sisters is admirable. The bond between them and Mira and Charles is endearing.

Fern Michaels is an excellent writer who kept me wanting more of her Sisterhood adventures. I am excited to go on to Yoko's turn in the series.

Karen says

I had never read any of this author's books but grabbed the CD version off the shelf to get a sense of what she is like.

I may have to go back to the beginning to read the entire series. I liked the book, and the characters. I am not sure how I feel about the vigilantism portrayed in the book but it's fun to imagine we could do things like this to get back at the bad guys who get away. Maybe she will write something about all of the people in the Bush Administration who have skated out with a scratch.
