The Stepbrother Bargain Chloe Hawk

Introducing THE STEPBROTHER BARGAIN, book one in a sexy new series from Chloe Hawk...

My deepest, darkest fantasies are about to come true...

I can't stop fantasizing about my cocky older stepbrother, Cage. He's arrogant, demanding, and a total jerk. But that doesn't stop my body from reacting to his broad shoulders, six-pack abs, and chiseled jaw, doesn't stop me from imagining my stepbrother's hands all over me. My obsession with him consumes my thoughts.

When Cage takes off after college, I feel like I can finally breathe.

Until now...

Cage is back in town, flush with cash and power after creating one of the most successful video streaming services in the world. He's even cockier, sexier, and more irresistible than I remember.

I know I should stay away from him. It'll only lead to heartbreak.

But Cage is used to getting what he wants. And what he wants is me...

SERIOUSLY SEXY, COMPLETELY CAPTIVATING AND DELIGHTFULLY ENTERTAINING !!!
Oh! Oh! Oh! Lookie! Lookie! We have a brand spanking new serial from Chloe Hawke and it totally rocks. This is the very first release in The Stepbrother Bargain serial and yes, I said serial which means multiple installments and nail biting cliffhangers, so be forewarned but it's also available under the Kindle Unlimited program and it's perfect for a quick lunchtime read. The story is exciting, romantic and arousing. The dialogue is smart, well written and flows effortlessly. The characters are captivating, engaging and sexy as sin. Hawkes masterfully combines these elements into a deliciously sinful and delightfully entertaining romance. Twenty one year old Grace Sutton had much better things to do than return to Clifton to attend the wedding of her father, Dan Sutton and his ten year live in romantic interest, Renee Croft. Yeah, much better things because anything would be better than this horse and pony show! Besides, she needed to be working to earn some money because she certainly never received help from her family. And she certainly did NOT want to see her handsome, sexy, soon to be stepbrother, Cage Croft who had made it his lie's mission to torment her because she had always been in love with him, since the first moment he and his mother moved into her dad's home. She was only twelve but she fell desperately in love with him and certainly didn't need to be reminded of her unrequited love for the now wealthy, successful online mogul. She would muddle through this somehow. Hmmm.....I bet she will! Cage Croft could not resist the temptation of admiring the sexy blonde at the gas station and was even further tempted by her sexy long legs and luscious behind especially in those shorts she was wearing. He thought he knew everyone around his old stomping ground but he didn't recognize her. She would make quite a delicious distraction so when he saw an opportunity, he seized it. He offered to pay for her gas! May be he could steal home and land her in his bed! But slowly after a scathing look from the beautiful blonde, recognition begins to dawn and Cage suddenly realizes that the hot blonde is his soon to be stepsister. Huh? When did Grace become so hot??? Almost stepsister or not - he still wants her! Oh my! So when family drama ensues and the situation spirals, Grace discovers that she now has nowhere to stay and Cage insists on her staying at the hotel - with him! And there's only one bed in the room! Oh my glory! Buckle up my lovelies because here we go - again! Handsome, sexy, soon to be stepbrother who always gets what he wants-check! Beautiful, sassy, soon to be stepsister who has always been secretly in love with her almost stepbrother and is still a virgin-check! Family drama, self absorbed mother and a totally clueless father -check! Heated attraction, sweet romance and forbidden love-you bet! I can hardly wait for Part Two! Deliciously cute, seriously sexy, completely captivating and delightfully entertaining!

Cage had always had an unhealthy attraction to his step-sister Grace. As soon as he finished high school he left for college. He became a wealthy, independent man. Grace was still stuck at home, a struggling college student.

After their parents decided to tie the knot, their worlds collided again. Both of them in town at the same time. Avery was at a gas station pumping gas and Cage had pulled up to the pump. He was checking out the chick next to him, thinking about how he would love to fuck her. Then she turns around and he discovers its his step-sister Grace. Her credit card doesn't have any money on it, she gets a phone call from her mother saying she is being kicked out of her room so wedding guests can sleep in it, she has no money for a hotel. Cage says she can stay with him.....

I have a feeling shits about to get real crazy and I cant wait to watch the train wreck.
