## From Reader Review Sweet Admiration for online ebook

### Isana says

When I first read this book, I was younger and it was amazing and my ideal yaoi light novel. Now that I've read it a second time, it was still good. The characters were cute and the relationship was nice, but it wasn't really captivating. I felt that everything worked out a little too easily. Maybe I just like drama now, but it was mediocre in that department. If you like fluffy yaoi, I would say read it because it's cute.

---

### Paola says

A sweet, kind of innocent love story. I really enjoyed it and devoured every chapter with expectation, the protagonist was so cute and innocent that it was hard not to like him. What I really liked was the relationship between the protagonists, it flew at its pace and when the time came it was so natural that I did not notice the difference between "before and after", although it really seemed to me that the *seme* was taking advantage of the *uke*, but whatever.

---

### Francesca says

This was a sweet love story. I enjoyed reading it. Katsuya has such an adorable and innocent POV and Shio was a surprisingly decent guy. There were a lot of coincidences in the book when it came to creating and solving problems, but that's fine. I can deal with coincidental problems and their solutions as long as they aren't disruptive or too unbelievable.

As an aside, my copy had a error wherein Katsuya's name was replaced with Kazuki's (Shio's younger brother) and it threw me off momentarily since it was in the middle of a scene.

---

### Nikko says

It was not bad except ther was a bit of incest even though it happened b4 the mcs met up.. Though they were half brothers but still.. But it was a nice read i admit that...

---

### Setsanata says

Hmmm.... yaoi....

~~I have to say, it was very... detailed. It wasn't the best thing I've ever read...~~

Ok. I've started to appreciate the works of 'yaoi' and 'BL' more lately. So, I will give it one more star. It deserves it. I liked the book more than I realized.

## Christine says

It was a little slow-moving at first and ended just when it was getting good (wink, wink), but overall, it was sweet.

## Marina says

\*\* Books 59 - 2017 \*\*

This books to accomplish **Tsundoku Books Challenge 2017**

### 4 of 5 stars!

After for a few days i'm already insane with my 1.389 pages readathon challenge (i'm only finished 4 of 5 books T.T) and also after i have read yaoi mangas Killing Stalking that makes my head dizzy since it full of dark-angst and also abuse. I need some fluffy, sweet and light romance books. I hesitate first when i pick this books but after i finish it wow... Simply i just love it!

The interaction way between Katsuya and Shio, how the progress of their relationship, respect each others, helping each others in kitchen and daily life it really makes me want to smile all day long! Cuteness and Sweetness overload! >\_\_<

I wanna give the higher stars but i have zonk moment when i know (view spoiler) I know it is already the past but yeah it kinda makes me really shock =\_\_=a

I can say this books is kinda too good to be true but yeah I really don't care since it give me some diabetes and it can cheer me up today! :D

## Maverynthia says

Stale like toast

This book honestly is pretty stale. It's an office lover type setting and nothing exciting really happens. That being said this book is a breath of fresh air from formulaic yaoi novels as BOTH the main characters want each other. It's balanced and everything is consensual versus the rape between the MCs that most all the other books have. The only con I have about this book is Takamasa. He's a throw away bratty character that is

meant as the wedge between Katsuya and Shio. He is only mentioned really when the author needs to start that "wedge" process and is easily tossed aside after he's used. Overall it's not a bad book, just the story itself is pretty stale.

---

### **Miruna Lavinia says**

I don't even know why I paid money for this, but okay... I gave it a try. Even though it has a solid structure as a whole, the novel was light and superficial and the characters had no depth in personality. I had a high expectation because the cover and illustrations are so cool. Shio is blank and Katsuya has this cliché personality of a spoiler kid.... just dunno, it was hard to read it, but it's still a light yaoi novel so I guess it's fine for others, just not for me.

---

### **Jessica says**

(For my personal records) - Real novel based on Yaoi GN stuff.

---

### **Banafsheh Esmailzadeh says**

Story was simple, writing was a little typical but otherwise not a bad read :)
