Parasyte, Volume 4

Hitoshi Iwaaki

Parasyte, Volume 4 Hitoshi Iwaaki **SIXTH SENSE**

Shinichi, an ordinary high school student, is the only one who knows that aliens have invaded Earth and are controlling the minds of thousands of unwitting victims. It's a secret too dangerous to share...but too big to cover up. Then Shinichi meets Kana, a brave young girl with a strange gift that may allow her to detect the alien parasites. Has Shinichi at last found an ally to combat these creatures?

From Reader Review Parasyte, Volume 4 for online ebook

Rici says

Ich fand diese Ausgabe etwas lahm, da nicht viel passiert ist und der Hauptcharakter die ganze Zeit nur am zögern ist. Wir bekommen nur Ansätze von dem Verhalten der anderen Parasiten, was nur mehr Fragen aufwirft. Nicht der beste Band der Reihe.

Ehsan seratin says

It is getting pretty viral, everybody knows about monsters but they have no clue what they look like or what. I like the way Izumi's parasyte speaks and thinks. I wished to host it without thinking twice. :)))

I loved this, this one might be my favorite so far

4'5

Subidón que ha pegado la historia! Me había quedado con un mal sabor de boca tras el tercer tomo, pero Iwaaki ha sabido retomar la historia con giros increíbles y varios datos sobre los parásitos y su relación con la Tierra que me han sorprendido gratamente!

Estoy amando este manga cada vez más y más y la edición está a la altura, con muchísimas páginas a color, anotaciones, q&a y entrevista al autor, una auténtica maravilla.

Nanna says

Perkembangannya makin bikin penasaran... dan muncul tren baru, tren kebotakan dini mencabuti rambut!
XDD

Lisa says

This series is super addictive - it's fun and gory but with serious issues to raise about what it is to be human along with environmental issues which fuel the whole series in the first place.

I enjoyed this and will be reading as many as I can in this series.

Sarah says

It's too difficult to review each manga individually because they go so fast and really are kind of like a chapter in the whole of the series. So eventually I'll post a review, maybe a different one for the first and last books and then reference to it here. 5 stars.

Monica says

Un tomo con menos incidentes claves, y algo más de desarrollo a nivel particular. En éste se trata la evolución romántica del protagonista con su compañera de instituto (con los conflictos inevitables que conlleva comenzar por las circunstancias biológicas tan especial de Izumi), y de la resolución (positivamente inesperada y tajante) del triángulo amoroso en discordia, con una compañera sensitiva: Naka. La consecuencia de ello, es la desconfianza hacia el estudiante por parte del colectivo humano de la zona. Buen tomo, aunque enfocado a nivel más personalizado de los quehaceres del protagonista y algo más 'vago' en cuanto a cuantía de contenido importante.

N?rmin says

As I seem to read the 10 volume edition and that's why each volume having few chapters contained, the reviews here spoiler the plot. Ugh...

Anyway, I feel really sorry for Shinji, as he is losing some of his humanity-like not being able to cry, thinking too rationally and being cold sometimes. But I also liked his cool vibe))

I wish some female characters got more recognition. They are mostly just plot devices for the actual story of Shinji's. Murano seems like a clever girl, hope she gets some good part in the story besides being Shinji's girlfriend.

Seno says

[
Manusia sekarang sudah tahu cara bagaimana mengetahui tubuh yang sudah 'dikuasai' parasit dengan cara mencabut sehelai rambut hahaha. Terdengar lucu tapi ternyata terbukti. Tapi itu hanya berlaku untuk parasit yang menguasai tubuh manusia 100%. Untungnya tidak berlaku untuk Shinichi dan Uda yang parasitnya 'ber

Peter Barr says

Parasyte Vol. 4 is a graphic novel about aliens that have come to earth. In most cases, the aliens take over human bodies. In the case of the main character, Shinichi, only his right hand has been taken over by an alien and they communicate. The story itself is simple but it is entertaining and interesting.

Ignacio says

Lejos de enquistarse en una historia de instituto con bicho, Iwaaki progresa en el terreno de la invasión sutil. Ver a otros parásitos organizándose políticamente y al protagonista enfrentado a la revelación de su secreto promete un próximo tomo igual de entretenido que éste.

Ester says

Sencillamente brutal.

Cada vez está mejor la historia y la evolución del personaje de Shinichi es estupenda. Del mismo modo que la maduración de los parásitos en nuestro mundo. Una gran mezcla de gore, horror, suspense y, a la vez, una mezcla de moral y ética importantes y atemporal.

Vittorio Rainone says

Una delle migliori epopee manga attualmente pubblicate, poco da dire. In questo numero gli alieni mostrano una preoccupante evoluzione, organizzandosi fra di loro e puntando ad occupare posizioni di predominio per garantirsi una dispensa di umani sufficientemente fornita. Il volume si apre con un'impressionante scena che vede un alieno sterminare una banda yakuza. E inaspettatamente trova la morte Kana, la ragazza che poteva sentire gli alieni. Ottima scelta, quella di Iwaaki: era praticamente impossibile che un tale potere non le si ritorcesse contro, soprattutto per come si comportava. Ma interessante è anche la dinamica di involuzione di Shin'Ichi, che sta lentamente fondendosi con la freddezza di Destry, ma riesce sempre più a controllare il suo corpo, rendendolo una macchina mortale. Bello!

Luna says

Series Rating: 4 Stars

Firstly a warning, Parasyte is horror – not the fluffy kind.

It's violent and the artwork backs this up.

I personally prefer creepy over violent horror but Parasyte didn't bother me, because it's not just about gore and death – there is plenty of plot. Shin's parasite didn't succeed in taking him over, instead he's trapped in Shin's hand and the two of them develop an odd (and sometimes rather amusing) relationship. Meanwhile, around them the bodies count is going up.

There were some parts of this story that have some serious emotional punch (you'll know the ones I mean when you read Parasyte) and I was impressed by how much the first few volumes in this series got to me. Shin's character slowly begins to change as the story progresses, is it because of what's happening or because of the parasite?

Parasyte has an overall story arc of why they aliens have come, which brings up another set of questions for you to ponder. As does the conclusion to the series.
