## **Aidan** Elizabeth Rose

Aidan MacKeefe guards the true Stone of Destiny, using it as his pillow, keeping Scotland's secret safe that the English have stolen a fake coronation stone. And when he dreams of a Scottish angel and she appears in his life, he is determined to protect her, and believes she is his destiny.

Effie MacDuff needs to help the English find and steal the true Stone of Destiny in order to set her sister free from hanging in a cage. And when a Highlander saves her from being accosted, she realizes her luck, as he is guardian of the stone. But when he starts calling her his dream angel, what starts out as a mission to save her sister, turns into a romance with a MadMan MacKeefe.

One is willing to die to protect Scotland's secret, while the other is willing to betray her country to save someone she loves. But when they both let down their guard, the tables take a turn and beliefs are shattered as desires grow stronger, and someone's destiny is bound to change in Aidan - Book 2 of the MadMan MacKeefe Series. Watch for Ian - Book 3 in Feb/March.

## From Reader Review Aidan for online ebook

### Lauralee Wiltsie says

I really liked Aidan and Effie's story. It must have been hard for Effie to choose between betraying the man that she loved and Scotland or saving her sister. Part of me understood the decision she made and the other part wanted to slap her for not just telling Aidan that her sister was in the hands of the English. I felt he could have come up with a plan to rescue her. I really felt that Effie was very foolish to do what she did. None of it would have ever happened had she not made the decision that she did. I couldn't decide, in the end, who was more foolish Effie for listening to Kyla, Aidan's sister or Aidan for not hearing Effie out before condemning her. I thought it was a very good book and I couldn't stop reading it until I found out what happened. Again, Ms. Rose has written another masterpiece.

---

### Patricia says

Aidan, one of three friends known as the Madmen MacKeefe, falls in love. But when the woman he loves turns to treachery and betrayal, their road to happiness is fraught with trials, intrigue, and dangers.

---

### Cheryl says

This is a fast paced story with plenty of action. Effie is a woman torn between two loyalties, her sister and her country. She is also very attracted to Aidan. Aidan and his fellow cohorts are as strong and brave as usual, nothing is too much for them. At times they do seem like super heroes! Is Aidan's love strong enough for Effie to overcome her betrayal of Scotland? An entertaining read.

---

### Lesley says

Aidan - a madman MacKeefe with a loose tongue and an eye for the lassies, when he set eyes on Effie he is sure that she is the woman of his dreams. Effie is descended from a famous Scotswoman who was kept prisoner in a cage by the English for 4 years and is a heroine in Scotland but what cares Effie about her heritage and being true to her roots, when her sister Coira's life is at stake. A fun read, about impossible choices; with the Stone of Destiny at the heart of the story.

---

### Suzannah says

I think this has been my favorite of the series so far. The story is fast paced, has lots of adventure and heart pounding romance. I enjoyed the Mad men's unusual pets. I thought the pets added humor to the story. I am looking forward to the rest in the series.

## **Barbara "Cookie" Serfaty Williams says**

### **Aidan (MadMan MacKeefe Series Book 2)**

The love story of Aidon and Effie. Effie and her sister are heal by an English lord who the Stone of Destiny. Effie must get the stone or he will kill her sister. Sidon is the guardian of the stone and he sleep on it. Can Effie get stone and save her sister or can Sidon keep it save? Great story.

---

## **Jeanne Johnston says**

I despise the stereotype of musclebound madman Highlanders who speak like simpletons. It's not just the bad attempt at dialect, it's Aiden's inability to keep a very important secret, to be instantaneously in love with an equally stupid girl who's obviously too inquisitive, no one trusts her, and the fact everyone just shrugs at the end and takes her back in the fold.

Stupid storyline, cartoonish villains, and simpleminded characters all around. Even the pet shtick and squirrel up the caber--twice!--were ridiculous.

---

## **Sonya says**

### **Look out for Reid! Lol**

This book holds many breathtaking moments while you wait to see if Effie will truly betray Aidan or if her love for him will keep her from deceiving him. This has become one of my favorite books! Great work Ms Rose!

---

## **Becky says**

An exciting, VERY romantic book. Effie McDuff needs to find the Stone of Destiny to hand over to the English to save her sister. She hates the idea of betraying her country, but her family comes first. Aidan MacKeefe is the protector of the Stone, keeping Scotland's secret from the English. He uses it as a pillow and has a dream of a Scottish angel. When he meets Effie, he feels it is destiny that she is that angel. Effie falls for Aidan and hates to lie and betray him and is afraid to tell him the truth. Many twists and turns in this story that made me read it one day. As much as I enjoy steamy romance, I felt it was over done in this book. Being entangled with each other was all they seemed to think about and do. "A little less is more." That is why I gave it a lower rating. All in all, still a very fun read.

## **Sherry says**

**Wonderful.**

Really enjoyed ready about Aidan and Effie. The story line was great. Looking forward to read about Ian and Kyla!

---

### **Annette says**

MADMAN MACKEEFE- AIDAN : is a quick easy read. It was average except for the humor. I added one star to my rating because I laughed out loud.

---

### **Petula says**

The MacKeefe clan has got the honour of guarding the Stone of Destiny, and keeping the secret of the fact that the one the English took is not the real one. Adian MacKeefe has been using it as a pillow to sleep on, in the hope it will give him prophetic dreams.

His best friends and fellow "mad men " tease him mercilessly when he tells them of the dream he had.

Effie MacDuff and her younger sister have been captured by an English lord because of her family's historic connection with the Stone. He will go to any lengths to find and take control of it to give to the English King. Effie must protect her sister even if that means betraying her heritage.

Lots of laughs and danger in this second book in the series. The relationship between the Mad Men MacKeefe is as strong as brothers. Their unusual pets also give us lots of giggles. Our poor heroine has had a hard life and it just got a whole lot harder.

Great fun. Now I need to read the last in the box set.

---

### **Nicole says**

Elizabeth Rose may have attempted to keep things as authentic as possible but she did so at the expense of her story. *Aidan* was full of puerile conversation and action, and flat, annoying characters. This was a shame as the ideas behind the plot had potential.

---

### **Jeanine says**

#### **The Stone**

Good action, loving book. The English and Scottish at each other again. Those of you that like pets, Sudan has a cute little squirrel. There is also a wildcat as The Great Dane. They all turn into a chasing mess. Nice book.

---

### **Peggy says**

Aidan MacKeefe is the current guardian of the Stone of Destiny (a coronation stone belonging to the Scots and coveted by the English). Aidan sleeps with the stone under his palette as his pillow and dreams of his 'Angel,' the woman he is destined to marry. Effie MacDuff and her sister Coira are being held captive

because they are descended from the woman who defied the English and returned the once stolen stone to the Scots. To gain their freedom, Effie must find and bring the stone to her captors. When Aidan finds Effie at the Glasgow fair, he believes her to be his 'Angel' and is thrilled. Fate can be wicked, though. He is not so happy when she helps The English soldiers knock him out and steal the stone (he ignored that part of the dream). Here is where the true adventure begins. Aidan follows the Effie and the soldiers, but they have quite a head start. Many questions must be answered. Can Aidan find and retrieve the stone? What will become of the sisters? If they somehow live through all of this, can Aidan and Effie find the trust and love they hoped for? You will enjoy finding all the answers.
