## From Reader Review A Sarah Dessen e-book Sampler for online ebook

### Lindsay says

I look forward to reading these books in full. So far, I've only read one of Sarah Dessen's books: *The Moon and More*. I want to expand my knowledge of her books. I can't wait! :)

---

### Cassiday Tamillo says

I'm looking forward to reading the full version of these books, even if they do seem to be different versions of the same story line. The snippets here seem well-written....hopefully they are that way to the end.

---

### Hannah says

I know know that I like Sarah Dessen, but her novels seem like different versions of the same. A misunderstood girl trying to live life but who ends up with a boyfriend and a life that she least expected.

---

### Brina says

I'm really looking forward to finding a new YA author and have heard nothing but great reviews.

---

### Sara Smith says

Free e-books. I usually don't like teen lit, but these were really engaging and almost make me want to find the full-length versions.

---

### Rachel says

It's an e-book sampler, so what else can I say? It gives three chapters for each book, and is free. This is a good tool to use to find out what you want to buy, in terms of Dessen.

---

### Amanda says

A Sarah Dessen e-book Sampler was a free Kindle book I downloaded on November 12, 2012 for the Why Buy the Cow? reading challenge.
