Wolves' Bite Abby Blake

[Siren Ménage Everlasting: Erotic Paranormal Ménage a Trois Romance, M/F/M, werewolves, spanking, HEA]

Ever since her sister left town to join PUP Squad Alpha, Jennifer Hastings has struggled with the feeling of being left behind. Enjoying sexy dreams about Thomas Hagen and Adam Johnson is probably not the healthiest way to deal with it, but at least it's keeping her sane.

Thomas and Adam know Jennifer is their mate, but the life of a PUP squad operative isn't an ideal situation to drag their woman into. As a human, Jennifer is unlikely to feel the same instant attraction that werewolves do, so months ago they both decided not to disturb her happy life. Yet now that they're sharing mating dreams, all bets are off.

When she's abducted, Jennifer fears no one will notice her missing. But two determined werewolves are coming to claim their mate and they're not going to be put off by anything—not the lady's stubbornness or an invincible pixie king.

April says

Super sexy steamy menage!! Lots of hot action in these books. I love the whole paranormal angle. Some of the story gets tricky to follow but it is a great read. Each book gets better!

Brittany says

Yet another great addition! I loved the side story with the pixies.
