The Mystery of Revenge

G.X. Chen

The Mystery of Revenge G.X. Chen

A body was found in the living room of a concert pianist, shot to death. Yi-yun Lin, the deceased, was a foreign student from China. No murder weapon was found on the scene, no sign of forced entry.

It was seemingly a homicide, but who was the killer? All the evidence points to her boyfriend, the concert pianist, but Detective Paul Winderman of the Boston Police Department has his doubts. The victim's ex-husband has vowed revenge on several occasions. Someone from her past might also want her dead.

The tale of the Mystery of Revenge is a melting pot of love, desire, jealousy and greed. Proceed with caution; the facts could be deceiving.

Hwaheron says

This is a book more than just a mystery. The suspense keeps me going and I just can't wait to find out the ending of this mystery. Along the way of reading I can't help appreciating the well-woven plot as well as the beautiful and sentimental narration the writer reveals in her story telling. It is hard to find a clean book with this high level of entertainment. It is a good read!

Beth Tilley says

This book was slow to start and I was a little disappointed with it. I'm used to my mystery novels having more action and suspense. This book was told in a past / present style by many of the characters, which made it a little hard to follow, plus I really don't remember the author stating the time period of the story. I was interested in how the Chinese immigrants came to America and how they made a life for themselves here. Yi-Yun and Fang Chen marry and start a life for themselves. Eventually, Yi-Yun gets bored with home life as Fang is working and studying all the time. This boredom leads her to another man, a struggling selfish concert pianist. The characters were hard to like, especially Yi-Yun, and most seemed one dimensional, selfish and shallow. I must say however, the ending was different and not what I expected.

Shuhui Wu says

My friend brought the novel and told me about it with enraptured expression on his face. I couldn't wait to get my own copy. Thanks to Amazon's fast delivery, I opened the book immediately and almost read it through with no time! The story is really unexpected and wonderful structured! No wonder my friends did not want to tell me the story before I read it - unexpectedly twist at the END! I Expect more books from her. Congratulations, G.X. CHEN!

Tracy says

I received this book through the Goodreads Giveaway.

This book was a very quick read as it is only 160 pages long. It wasn't a bad story, I just felt like it was all over the place. It kept jumping back and forth in time and between characters. Which kind of disrupted the flow of the story, for me at least. The writer did a good job at keeping you wondering who the actual killer was. Usually I can figure out how its going to end half way through, but didn't really expect the ending I got.

Linda Li says

I was lucky enough to get my hands on an early copy of this novel. What an exciting story! The characters are all interesting and unique - I'm glad that the author develops their storylines. And the ending was such a twist! I didn't expect it at all.

Definitely read The Mystery of Revenge! It's a quick and enjoyable read. I loved it!

Tom says

Interesting story! Cannot wait until next one...

David Yeh says

What a fun book! I couldn't put it down! Finished in one setting because I wanted to know whodunit, which was a huge surprise of course.

Dug Young says

A page-turner! Such a plot that I couldn't put it down until the end which is a huge surprise to me.

Smm says

The book has an interesting storyline and the characters are well developed and realistic. The nasty owner of China Dragon reminded me of someone I used to work for. The author did a good job keep me interested and engaged. I'm normally very good at guessing but didn't see it coming - the ending is a good surprise. I enjoy reading the book, therefore recommend it.

Myles says

The ending IS predictable despite the reviews. No characters are particularly likeable and don't relate too well. Mercifully quick read though.

Rhonda Holle says

This review is from: The Mystery of Revenge (Kindle Edition)

To get the ultimate revenge one must be very clever. A young girl from China looking for the American dream is not satisfied, and thinks the grass is greener somewhere else, but she is sadly mistaken. Her friends don't understand, her husband doesn't understand, and Yi-yen understands only too well and now must deal with the shame.

Debora Yale says

A summer beach book, an easy read and extremely entertaining. Love it.
