4 stars for the last one. better than the others even if the push and pull (wish seems to be the pattern so far) was really tiring. the story was more rich and we learn more about their world.
im curious to know more about the other characters and the story but franckly the use of the same pattern (i want you but i can't have you/ betray or not?) is kind of repelling... im not as interested as others PNR i read wich is sad (i have to find one !!!) but maybe the others are better ...

If you like Xcor and his rogue Brothers in BDB by JR Ward, you are going to ♥♥♥♥ Gena Showalter's Lords of the Underworld. Showalter's stories are filled with tells of passion, ancient classical historical references, beautiful scenic places and ACTION! The lords are fierce brawny warriors and they are on a mission to control demons. Write more as I read! I am consuming these books. I am so happy they come in boxed sets! -g

Awesome!

This collection surpassed more than what I expected it to be, could not put it down till I finished it. Even if it was five in the morning. Totally love her work!

Addicting

I loved this trilogy. It has suspense, action and (my favorite) lots and lots of steamy sex. Sure there are times when you just want to choke the characters for being so naive or and stupid, but what's a book without it. Rock on Gena.
